

APPENDIX 2: AN EXAMPLE OF A STUDENT EQUITY PLAN DEEMED “OUTSTANDING” BY THE CHANCELLOR’S REVIEW COMMITTEE

A team of 12 readers was assembled in Sacramento on April 26-28, 1994 to participate in a comprehensive review of plans. The review team included students, campus research and planning officers, chief instructional and student services officers, and members of the Chancellor’s staff. Each plan was evaluated utilizing a review instrument and set of instructions designed to determine the extent to which colleges addressed those elements recommended by the Board for inclusion in their student equity plan (See Appendix I).

The team reviewed 104 plans (three colleges had not submitted a plan) and deemed that

- ▶ Five were “outstanding,”
- ▶ Thirty were “acceptable,”
- ▶ Sixty-nine “need[ed] improvement.”

The five outstanding plans were submitted by Columbia College, Modesto Junior College, College of Marin, Rancho Santiago College, and Riverside College. The Modesto Junior College plan is available in the Senate Office.
