All ASCCC meetings are accessible to those with accommodation needs. A person who needs an accommodation or modification in order to participate in the meeting may make a request by emailing the ASCCC Office at agendaim@asccc.org no less than five business days prior to the meeting. Providing your request at least five business days before the meeting will help ensure the availability of the requested accommodation. This event will utilize automated closed captioning. If you would like to request a live human closed captioner for any of our offerings, please contact us at agendaim@asccc.org at least 10 business days in advance.

Public Comments: Members of the public wishing to comment on an agenda item or another topic not on the agenda will be given the opportunity to comment. Public comment will be invited at the end of the Executive Committee discussion on each agenda item. Persons wishing to make a public comment to the Executive Committee on a subject not on the agenda shall address the Executive Committee during the time listed for public comment. Public comments are limited to 2 minutes per individual and 10 minutes per agenda item. Materials for this meeting are found on the ASCCC Executive Committee Meeting website page.

I. ORDER OF BUSINESS
   A. Roll Call
   B. Approval of the Agenda
   C. Land Acknowledgement
      We begin today by acknowledging that we are holding our gathering on the land of the Tamien and Ohlone (Oh-LOW-nee) Nations who have lived and continue to live here. We recognize the Tamien and Ohlone (Oh-LOW-nee) Nations and their spiritual connection to the ocean and the land as the first stewards and the traditional caretakers of this area we now call San Jose. As we begin, we thank them for their strength, perseverance, and resistance.

      We also wish to acknowledge the other Indigenous Peoples who now call San Jose their home, for their shared struggle to maintain their cultures, languages, worldview, and identities in our diverse City.

   D. Public Comment
This portion of the meeting is reserved for persons desiring to address the Executive Committee on any matter not on the agenda. No action will be taken. Speakers are limited to two minutes.

VI. ADJOURNMENT
ASCCC Community Agreements

We are a collective of diverse educators who honor and celebrate the respective voices and lived experiences of its members in order to engage in authentic abolitionist work. As an Academic Senate for California Community Colleges Board Member, I commit to the operational principles or expectations that implicitly or explicitly govern my actions:

**AUTHENTICITY**

- Speak your discomfort.
- Be honest and genuine.
- Have your actions match your words.

**HONOR AND DEDICATION**

- Share the space/ step up, step back; ensure all voices are heard.
- Be thoughtful, solution-oriented and seek positive outcomes.
- Commit to your roles and responsibilities - be prepared (and be honest if you are not).
- Respect Confidentiality (honor confidential information by not sharing any ASCCC-related matters shared during closed meetings, with other persons or entities who did not attend those meetings).
- Honor the dedication of committee members.
- Think creatively, but don’t act impulsively.

**SELF-AWARENESS, PRESENCE, AND PATIENCE**

- Communicate with respect and humility: recognize personal biases and avoid making assumptions when interacting with others.
- Exercise patience when others challenge your ideas, change their minds, or ask questions.
- Practice grace and gratitude when conflict resolution is needed: be forgiving of yourself and others.

**COLLEGIALITY**

- Honor and appreciate experiences, knowledge, and the diversity of our perspectives.
- Provide and accept feedback with humility and respect.
- Commit to learning from and listening to each other, recognizing that multiple viewpoints increase our awareness and understanding.
- Allow others to speak their truth and listen without prejudice.

Academic Papers Timeline 2023-24

A. Part-time Faculty Committee – Part-time Faculty Equity – R19.01_S2021
2023-2024 PROPOSED ASCCC INSTITUTES AND PLENARY SESSION DATES

Approved December 6, 2019, Executive Committee Meeting

MSC (Aschenbach/Curry) to authorize the office to contract hotels for Fall Plenary Session, Spring Plenary Session, Faculty Leadership Institute, and Curriculum Institute for up to five years in the future, taking into account the area rotation of Plenary Session and to authorize the office to enter into MOUs with partner organizations for institutes dependent on external funding.

MSC (Curry/Aschenbach) to approve the following parameters for selecting event dates: (1) Fall Plenary Session will be held in the first half of November, Spring Plenary Session will be held in April, Faculty Leadership Institute will be held in the first half of June, and Curriculum Institute will be held in the first half of July, and (2) dates are chosen with awareness of holidays, Executive Committee Orientation, and system partner events.

MSC (May/Parker) to reconsider the motion at the December 6-7, 2019, Executive Committee Meeting regarding Faculty Leadership Institute, and allow for all of June to be considered when planning Faculty Leadership Institute.

MSC (Aschenbach/May) to approve a Thursday through Saturday day pattern for Plenary Sessions for the next five academic years.

Resolution 1.05 F2021

Resolved, The Academic Senate for California Community Colleges should make remote attendance an option at all ASCCC-organized events, including plenary sessions.

BACKGROUND

Update Overview

Over the last month the legislative process has been active as bills are discussed, amended, and voted on during Senate hearings, and organizations such as FACCC, The CC League, and the SSSCC engage in advocacy. During this time new bills have also been introduced, a couple of which will have an impact on community colleges:

1. AB 1887: Student Financial Aid Deadline Extension
2. SB 1287: Equity in Higher Education: Prohibition of Harassment

Summary of bills submitted in 2023-’24

- During the first year of this cycle (2023) a total of 3,036 bills were introduced. Of those, nearly 40% (1,196) were passed by the Senate and Assembly and 890 were signed into law by Governor Newsom.
- According to the Chancellor’s Office website, A total of 81 bills pertaining to California Community Colleges were signed during the first year of the legislative cycle.
- This year (2024) marks the second and final year of the Legislative Cycle and as of February 16th (final date to submit bills) a total of 2,204 bills have been introduced. Of those, 330 are related in some degree to community colleges according to the California Legislative Information website.
- In total approximately 5,240 bills have been introduced in this Legislative cycle.
- The bills listed on the ASCCC Legislative Tracker are bills that have direct impact on any segment of the California community colleges. In total I’ve identified 102 of these bills and have divided them into the categories listed below (It’s important to note that many of these bills can fit
under several categories; I’ve decided to organize them around the category I believed they most impacted).

- Of the 102 bills that directly impact California community colleges, 10 have direct impact on academic and professional matters (10+1).

**Legislative Calendar 2024**

- **February 16**  Last day for bills to be introduced
- **April 26**  Last day for policy committees to hear and report to fiscal committees fiscal bills introduced in that house

Assembly Concurrent Resolutions

Resolution No. 147  
Author: Alvarez  
Category: IDEAA

Title: California’s First-Generation College Celebration Day

Status:

Positions: ASCCC: Res. Sub.  
FACCC:  
Chancellor:  
League: Support  
SSCCC:  

Description: This measure would designate November 8, 2024, as “California’s First-Generation College Celebration Day.” The measure would urge all higher education institutions in the state to celebrate California’s First-Generation College Celebration Day, recognize the significant role of first-generation college students in developing the state’s future workforce, celebrate the federal Higher Education Act of 1965, and support first-generation college students with opportunities and equity in completing their desired degree programs.
Assembly Bills

Bill No. 1142  Author: Fong, Low  Category: 10+1
Bill Title: Postsecondary education: Coordinating Commission for Postsecondary Education in California.
Status: 1/22/2024 - Read second time. Ordered to third reading.
Positions: ASCCC: FACCC: Chancellor: League: SCCC:
Description: Existing law establishes the University of California, under the administration of the Regents of the University of California, the California State University, under the administration of the Trustees of the California State University, the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, independent institutions of higher education, and private postsecondary educational institutions as the segments of postsecondary education in this state. This bill would establish the Coordinating Commission for Postsecondary Education in California as the statewide postsecondary education oversight, coordination, and planning entity. The bill would provide that the commission is an independent state agency, and advisory to the Governor, the Legislature, other appropriate government officials, and institutions of postsecondary education. This bill contains other existing laws. (Based on text date 1/3/2024)

Bill No. 2044  Author: Chen  Category: Bachelors degrees
Bill Title: Public postsecondary education: community colleges: statewide baccalaureate degree program.
Status: Feb. 12th: Referred to Com. on Higher Ed.
Positions: ASCCC: FACCC: Chancellor: League: SCCC:
Description: When conducting a review to approve the elimination of an associate degree program, existing law requires the chancellor to evaluate changes to the labor market viability of the associate degree and changes to the minimum education required to maintain program accreditation. This bill would require the chancellor to additionally evaluate whether baccalaureate degree holders are paid more than associate degree holders in the same field when conducting a review to approve the elimination of an associate degree program.

Bill No. 2019  Author: V. Fong  Category: Partnerships/Committees
Bill Title: Early and middle college high schools and programs: College and Career Access Pathways partnerships.

Bill Title: Community College: Faculty: Artificial Intelligence
Existing law requires, the Chancellor of the CCC to ensure that a cc district is provided with 2 timelines in which to apply for a baccalaureate degree (bd) program and receive notice of approval or rejection, as specified, that only 15 bd programs are approved during each application period allowing for a total of 30 bd programs per academic year, and that a min. of 30 working days is taken to validate the submitted information and assess the workforce value of the proposed bd program, as specified. This bill would instead require that a ccc district is provided with one timeline in which to apply for a bd program, with a total of 30 bd programs approved per academic year, and that a minimum of 45 working days is taken to validate the submitted information and assess the workforce value of the proposed bd program. This bill provides that the CSU and the UC have 45 working days (instead of the current 30) after receipt of the proposal to submit written objections with supporting evidence and the chancellor has 45 working days after receipt of written objections to convene with the applicant and the segment or segments that raised an objection to collaborate and establish a written agreement before the program is approved.

This bill would extend the term of eligibility of the California College Promise Grant for an additional 2 academic years for first-time community college students and returning community college students who matriculate into upper division coursework of a community college baccalaureate degree program. The bill also would add to the funding formula, for funding appropriated for the program in excess of the funding needed to waive all student fees, the number of students who matriculate into upper division coursework of a community college baccalaureate degree program.

This bill would require the Chancellor of the California Community Colleges to develop a Baccalaureate Degree in Nursing Pilot Program that authorizes select community college districts to offer a Bachelor of Science in Nursing
The bill would limit the pilot program to 15 community college districts statewide and would require the chancellor to identify eligible community college districts based on specified criteria. The bill would require the Legislative Analyst’s Office to conduct an evaluation of the pilot program to determine the effectiveness of the program and the need to continue or expand the program. The bill would repeal these provisions as of January 1, 2031.

Description: This bill would establish the Cal-Bridge Program as an intersegmental partnership program between the CCCs, CSUs, and UCs with a mission of creating a pathway that promotes the advancement of California’s diverse undergraduate public postsecondary student population majoring in (STEM) disciplines to pursue STEM PhDs and become members of California’s professorate or leaders in California’s technology industry. The bill would specify the goals of the program, including the goal of preparing students to apply to PhD programs in STEM disciplines, particularly University of California STEM PhD programs. The bill would include 3 Cal-Bridge subprograms to provide resources, research opportunities, and financial support to qualifying public postsecondary undergraduate, PhD, and postdoctoral STEM scholars in their pursuit of becoming members of the California’s professorate or leaders in California’s technology industry. The bill would require an executive director to be hired to administer the program, would require the executive director to hire support staff for the program, and would authorize funding appropriated for purposes of the program to be used for specified activities. The bill would apply to the UC only to the extent that the Regents of the UC by appropriate resolution make it applicable. The program would be implemented only upon an appropriation by the Legislature for its purposes.

**Description:** This bill proposes a change in residency classification for tuition purposes at California educational institutions. Currently, students must be classified as residents or nonresidents and pay tuition accordingly. The bill suggests that students belonging to federally recognized Indian tribes with tribal lands across the state borders of California and Arizona, Nevada, or Oregon, and who have a residence in the bordering state, would be entitled to resident classification for tuition purposes. This would likely impact community colleges by potentially increasing the number of students eligible for resident classification and thus exempt from nonresident tuition fees. The bill mandates that priority consideration be given to applicants from historically redlined communities when awarding grants under these programs. This prioritization is intended to address historical inequities and provide greater access to high-quality career technical education programs for communities that have been historically marginalized. The bill underscores a commitment to equity and inclusion within the realm of career technical education, particularly within the community college system.

Bill No. 359  
**Author:** Holden  
**Category:** Partnerships/Committees  
**Bill Title:** College and Career Access Pathways Partnerships  
**Status:**  
**Positions:** ASCCC: FACCC: Chancellor: League: SCCC:  
**Description:** The bill would authorize a community college district to enter into a supplemental CCAP partnership with the governing board of a school district, a county office of education, or the governing body of a charter school within the service area of another community college district if the governing board of the school district, the county office of education, or the governing body of the charter school has a primary CCAP partnership with the primary community college district and the primary community college district has either refused to offer or does not have a course or pathway requested by the governing board of the school district, the county office of education, or the governing body of the charter school.

Bill Title: Community colleges: Baccalaureate Degree in Nursing Pilot Program.
Status: Introduced on January 3, 2024 - 25% progression
Description: This bill would require the Chancellor of the California Community Colleges to develop a Baccalaureate Degree in Nursing Pilot Program that authorizes select community college districts to offer a Bachelor of Science in Nursing degree. The bill would limit the pilot program to 15 community college districts statewide and would require the chancellor to identify eligible community college districts based on specified criteria. The bill would require the Legislative Analyst’s Office to conduct an evaluation of the pilot program to determine the effectiveness of the program and the need to continue or expand the program. The bill would repeal these provisions as of January 1, 2031. (Based on text date 1/3/2024)

Bill Title: California State University: High-Quality Teacher Recruitment and Retention Act.
Status: Feb. 14: Referred to Ed committee
Description: This bill would enact the High-Quality Teacher Recruitment and Retention Act. The bill would require the Chancellor of the California State University to develop, in consultation with the Chancellor of the California Community Colleges, a 5-year pilot program to commence with the 2025-26 school year to recruit high-quality teaching candidates at 3 California State University campuses in partnership with 3 community college campuses. The bill would require the pilot program to meet certain requirements, including, among other requirements, that it establish transfer model curriculum and an associate degree for transfer at a community college campus that can then be completed at a California State University campus that will result in the participating student being awarded a baccalaureate degree and a teaching credential in 4 years.

Bill No. 916  Author: Seyarto  Category: Financial Support
Bill Title: Public postsecondary education: waiver of tuition and fees: veterans: extended education courses.
Status: Feb. 14: Referred to Higher Ed committee
Description: The Donahoe Higher Education Act prohibits the campuses of those segments from charging mandatory systemwide tuition or fees to specified students who apply for a waiver, including a child of any veteran of the United States military who has a service-connected disability, has been killed in service, or has died of a service-connected disability, an undergraduate student who is a recipient of a Medal of Honor, or an undergraduate student who is a child of a recipient of a Medal of Honor and who is no more than 27 years old, if certain requirements are satisfied. This bill would additionally prohibit the campuses of the 3 segments of public postsecondary education from charging tuition or fees for specified students who enroll in an extended education course if certain requirements are satisfied and the extended education course is being used to meet the requirements of undergraduate degree program. To the extent the bill would add additional duties on community college districts, the bill would impose a state-mandated local program. The bill would apply to the campuses of the University of California only to the extent that the regents, by appropriate resolution, make it apply.

Bill No. 959  Author: Menjivar  Category: IDEAA
Bill Title: Public postsecondary education: sexual orientation and gender identity: campus contact.
Status:
Description: The Equity in Higher Education Act establishes the policy of the state to afford all persons regardless of specified characteristics, including gender, gender identity, gender expression, and sexual orientation, equal rights and opportunities in the postsecondary educational institutions of the state. The act requests the Trustees of the California State University, the Regents of the University of California, and the governing board of each community college district to designate an employee at each of their respective campuses as a point of contact for the needs of lesbian, gay, bisexual, and transgender faculty, staff, and students.
This bill would add queer faculty, staff, and students to the list of individuals for whom the designated employee would serve as a point of contact.

Bill No. 971  Author: Portantino  Category: Financial Support
Bill Title: CCs: exemption from nonresident tuition fee: resident of a region impacted by war or regional conflict.
Status: Feb. 14: Referred to Ed committee
Positions:
Description: Existing law authorizes community college districts to admit nonresident students, and requires that nonresident students be charged a nonresident tuition fee unless an exemption applies. Existing law includes among these exemptions any nonresident who is both a citizen and resident of a foreign country if the nonresident has demonstrated a financial need, as specified. This bill would additionally exempt from the nonresident tuition fee a nonresident, low-income student who: (1) is a resident of a region impacted by war or other regional conflict, as specified, (2) registers for lower division courses at a community college, and (3) has indicated that they have sought residency in California in an effort to find relief from identified conflicts in their nation of origin. The bill would, in any academic year, prohibit more than 150 full-time equivalent students at a community college from being exempted from payment of the nonresident tuition fee pursuant to this exemption. The bill would require the governing boards of the community colleges that choose to use this exemption to adopt one uniform policy to determine a student’s residence classification, establish procedures for an appeal and review of the residence classification, and determine whether a student is low income.

Bill Title: Community colleges: academic employees: salary schedules.
Status:
Positions:
Description: Existing law establishes the California Community Colleges under the administration of the Board of Governors of the California Community Colleges. Existing law authorizes the establishment of community college districts under the administration of community college governing boards, and authorizes these districts to provide instruction at community college campuses throughout the state. Existing law requires the governing board of each community college district to adopt and cause to be printed, and make available to each academic employee, a schedule of salaries to be paid. This bill would make nonsubstantive changes to the latter provision.

Bill No. 1183  Author: Hurtado  Category: Nursing
Bill Title: Community colleges: registered nursing programs
Status:
Positions: ASCCC:  FACCC:  Chancellor:  League:  SSCCC:
Description: Existing law authorizes cc registered nursing program, if it determines that the number of applicants to the program exceeds its capacity, to admit students to the program using a multicriteria screening process, a random selection process, or a blended combination of random selection and a multicriteria screening process. Existing law requires that the criteria applied in a multicriteria screening process include consideration of the life experiences or special circumstances of an applicant. Existing law requires the Chancellor of the CCCs to report annually to the Legislature and the Governor on students admitted to cc registered nursing programs through a multicriteria screening process. Existing law repeals these provisions relating to admission to community college nursing programs on January 1, 2025. This bill would add living in a medically underserved area or population, as designated by the federal Health Resources and Services Administration, to the list of life experiences or special circumstances specified for consideration in a multicriteria screening process. The bill would extend operation of these provisions relating to admission to community college nursing programs until January 1, 2030.

Bill Title: Peace officers: educational requirements.
Status:
Positions:
Description: Existing law requires peace officers in this state to meet specified minimum standards, including age and education requirements. Existing law requires the office of the Chancellor of the California Community Colleges to develop a modern policing degree program, with the Commission on Peace Officer Standards and Training and other stakeholders to serve as advisors, as specified, and to submit a report on recommendations to the Legislature outlining a plan to implement the program on or before June 1, 2023. Existing law requires the report to include, among other things, recommendations to include both the modern policing degree program and a bachelor's degree in the discipline of their choosing as minimum education requirements for employment as a peace officer. Existing law requires the commission to adopt the recommended criteria within 2 years of when the office of the Chancellor of the California Community Colleges submits its report to the Legislature. This bill would specify that a bachelor's degree required for employment as a peace officer under these provisions may be obtained after completion of the Peace Officer Standards and Training program.

Bill Title: Pupil instruction: Cambridge Assessment International Education programs
Status:
Positions:
Description: Existing law allocates funds for the A–G Completion Improvement Grant Program, supporting pupil access to A–G course requirements. This bill expands the use of these funds to cover Cambridge Assessment International Education fees. Additionally, it allows the inclusion of Cambridge International AS & A Level examinations in principal evaluations, expands educational counseling programs to include Cambridge International AS & A Level participation encouragement, and recognizes Cambridge International A Level exams for the State Seal of Biliteracy. It also includes Cambridge Assessment International Education courses in the Golden State Pathways Program and allows their use in the California Career Technical Education Incentive Grant Program. It mandates updates on Cambridge Assessment
International Education on the Department of Education’s website and requires support for high schools offering these courses to facilitate communication with relevant academic senates. Lastly, the bill addresses reimbursement for mandated costs and application of funds to minimum funding requirements for school and community college districts. The bill requires the Superintendent of Public Instruction to provide support to high schools offering Cambridge Assessment International Education AS and A level courses to facilitate communication with the Academic Senate for the California Community Colleges. This ensures students receive college credit for successful participation in Cambridge Assessment International Education assessments.

Bill Title: Collegiate athletics: student athlete compensation  
Status: Feb. 15: From Com. with author’s amendments. Read 2nd time and amended. Re-referred to Com. on RLS.  
Positions:  
Description: The bill prohibits California postsecondary institutions and athletic associations from compensating or restricting student-athletes from earning compensation based on their name, image, likeness, or athletic reputation, and from preventing them from obtaining professional representation. It requires entities providing compensation to student-athletes or their families to disclose this information to the institution, which must make it publicly available. Postsecondary institutions providing material support to student-athletes must also disclose the total value of such support. The bill imposes state-mandated local program costs, and if determined to contain mandated costs, reimbursement will be made pursuant to specified statutory provisions.

**Description:** This bill aims to amend Section 654 of the Welfare and Institutions Code regarding the referral and supervision of minors involved in the juvenile justice system. It grants probation officers the authority to refer minors to various services instead of immediately filing a petition to declare them wards of the court. Specifically, the bill allows minors to be referred to programs provided by health agencies, community-based organizations, local educational agencies, and probation departments. Notably, it encourages the participation of parents or guardians in counseling or education programs, including those operated by community colleges or school districts. This provision highlights a potential impact on community colleges as they may play a role in providing educational and counseling services to minors involved in the juvenile justice system, fostering community partnerships and expanding the college's outreach and support efforts.

**SSCCC:**  
**Description:** This bill, titled the Education Flex Account Act of 2024, establishes the Education Flex Account (EFA) Trust, allowing eligible children to establish an EFA or Special Education Flex Account (SEFA) to cover tuition and eligible education expenses. Initially based on parent or guardian income, eligibility restrictions will be removed after four years. The Department of Finance determines annual deposit amounts, with funds transferred from the General Fund to the EFA Trust. Any unused funds return to the state for education. The EFA Trust Board administers the program, with two accounts established for funding and administration. Additionally, the bill requires the inclusion of eligible students not enrolled in public schools in minimum education funding calculations, with costs apportioned between the General Fund and public school districts. For taxable years starting January 1, 2025, distributions from EFAs or SEFAs are excluded from gross income. The bill includes requirements for bills authorizing new tax expenditures. Impact on community colleges includes potential changes in funding allocations as the bill affects the calculation of minimum education funding guarantees. However, direct impacts on community colleges may be limited as the bill primarily focuses on elementary and secondary education and does not directly address community college funding or operations.

BACKGROUND

The Data and Research Committee (DRC) has largely been focused on ASCCC surveys, including ASCCC event surveys. After much discussion and consideration for the many facets of surveys, DRC’s current main goal is simply to increase survey response rates. DRC streamlined the plenary event survey with the focus on goals of plenary, which the ASCCC Executive Committee supported at its October meeting:

Goal of Plenary Session:

Plenary Session provides a venue for

• Submitting, debating, and voting on resolutions around statewide academic and professional matters;
• Educating local senate leaders on statewide academic and professional matters by providing professional development opportunities;
• Sharing information about ASCCC and its work;
• Networking with other faculty and colleague leaders from across the state

Main Survey Questions:

Plenary survey questions were:

• Did the Plenary Session reach its goal of <insert goal above>; one for each of the goals
• Select session topics most helpful or new to the work you do
• Do you have any other comments, questions, concerns, or suggestions for improvement? (soliciting general feedback)
• Other questions included: overall rating of event, whether attended in person/virtual, and marketing questions

The response rate for the 2023 Fall Plenary Session survey was significantly increased (over 70 responses with of order 300 attendees), double that of some recent plenaries. With that success, DRC turned to drafting initial goals for other ASCCC events, focusing on the faculty leadership institute and the curriculum institute. Survey questions will be similar to those of plenary with event name and goals updated, of course. Note that DRC plans to collaborate on the goals with appropriate committees, such as the ASCCC Curriculum Committee, if the idea is supported by the Executive Committee. Initial draft goals for consideration are:

**Goal of Faculty Leadership Institute:**
Faculty Leadership Institute provides a venue for:

• Educating local senate leaders on statewide academic and professional matters by providing professional development opportunities;
• Learning about the resolutions process to prepare for plenaries;
• Training new senate leaders on local senate responsibilities (nuts and bolts; brown act/roles; resolving conflict; union/senate);
• Sharing information about ASCCC and its work; and
• Networking with other faculty leaders from across the state

**Goal of Curriculum Institute:**
Curriculum Institute provides a venue for:

• Educating local leaders on curriculum processes and issues both locally and statewide;
• Advanced planning and brainstorming around addressing legislative changes to curriculum at the local level (practical application/addressing);
• Sharing information about ASCCC and its work;
• Networking with colleagues from across the state

The ASCCC Executive Committee is asked to provide feedback on the new plenary survey and draft goals for other events, and to support updated event surveys focused on goals for other ASCCC events.

BACKGROUND

Resolution SP23 13.05 Considering the Merits and Faults of Artificial Intelligence in the Community College Classroom has one resolve statement. This resolution was assigned to the ASCCC Educational Policies Committee.

Resolved, That the Academic Senate for the California Community Colleges prioritize the development of resources addressing artificial intelligence and its implications on education and academic integrity, develop a framework for local colleges to use in developing academic and professional policies, and present these resources no later than the 2024 Spring Plenary Session or as soon as feasible.

In November the ASCCC EdPol Committee was authorized to consider a resource/support document for AI policy efforts and proposed a “tool kit”. The ASCCC EdPol Committee has been collecting various resources and examples from within the CA Community College System and nationally. In an effort not to duplicate the other ways ASCCC has been responding to this resolution, the committee has revised the concept of a “tool kit” to create more of a living document as a “resource document” focused primarily on “policy creation”, with a proposal to “crowd source” other sample policies as they are developed.

During the Fall 2023 ASCCC Plenary, the chair of ASCCC Educational Policies Committee (Howerton), and the chair of ASCCC Online Education Committee (Guerrero), co-facilitated a breakout session on the influence of AI in our educational spaces. During this session attendees offered several suggestions for desired resources. This input was considered by the ASCCC EdPol committee as we bring forward this proposal and update on our work.
In March of 2024, the ASCCC Executive Committee reviewed and provided feedback on the *Academic Integrity Policies in an AI world Resource Document*. Following this meeting, the ASCCC Educational Policies Committee considered all feedback and is bringing a “second read” of our Resource Document.

The chair of the ASCCC Educational Policies Committee (C. Howerton) will facilitate a General Session during the upcoming Spring 2024 Plenary Event titled “Policies Considerations for AI: Promise, Pitfalls and Practice). The panel for this session will include faculty and CIO representatives. It is hoped to preview this document and resources during the plenary event.

**Action** requested is for the ASCCC Executive Committee to provide initial support to share this resource and allow the ASCCC Educational Policies Committee Chair to work with our Executive Director to schedule an appropriate follow-up webinar or other distribution method to happen in May 2024.

Spring 2024

DRAFT FOR 2nd READ
Purpose for the Resource
During the spring 2023 ASCCC plenary session, resolution 13.05\(^1\) titled, “Considering the Merits and Faults of Artificial Intelligence in the Community College Classroom” was adopted. This resolution held the following resolved statement:

_Resolved, That the Academic Senate for the California Community colleges prioritize the development of resources addressing artificial intelligence and its implications on education and academic integrity, develop a framework for local colleges to use in developing academic and professional policies, and present these resources no later than the 2024 Spring Plenary Session or as soon as feasible._

In response to this direction, the ASCCC further engaged with our system partners including the California Community Colleges Chancellor’s Office (CCCCO) and the Faculty Association of California Community Colleges (FACCC). One example of these collaboration includes the 4-part webinar series on Generative AI in Higher Education during 2023-2024 that showcased various emerging technologies, AI tools, and additional consideration of impact to equity and diversity efforts.

The webinar series included the following presentations:
- Introduction to Generative AI (September 25, 2023)
- Generative AI as a Tool for Teaching and Learning (November 7, 2023)
- Generative AI as a General Productivity Booster (February 27, 2024)
- AI-Enhanced Analytics and Learning Platforms (April 30, 2024)

Recordings from the completed webinars are available on the CCCCO’s Vision Resource Center.

In tandem with these collaborations, other AI related research and examination is being moved by other ASCCC Standing Committees (such as the ASCCC Educational Policies Committee, ASCCC Online Education Committee, and our ASCCC CTE Leadership Committee). ASCCC continues to engage in these conversations and will continue to do so as we all learn together.

Additionally, a new roadmap for California Community Colleges titled “Vision 2030”\(^2\) was introduced by the CCCCO. According to the CCCCO website, “Vision 2030 is a collaborative action plan that provides focus, equity, and direction to our community colleges.” The framework of “Vision 2030” has been shared during multiple events (including the Fall 2023 ASCCC Plenary). One of the “Strategic Directions” of this plan focuses on Artificial Intelligence (AI) and implications for higher education.

To answer the call from the adopted ASCCC resolution, the ASCCC Educational Policies Committee was tasked with exploring and recommending a possible framework and/or guiding principles that faculty and local academic senates could use within their collegial consultation

processes to support any desired revisions to academic and professional policies as they relate to artificial intelligence and academic integrity.

We recognize that the development of AI and its impact on our system is growing exponentially. Even so, we must not lose sight of our mission to serve our students and communities, while attempting to catch “a moving target.” This work can be overwhelming, as the degree and rate of change facing our system may cause various levels of discomfort. We encourage the user of this resource document to adopt a growth mindset and enter this work with cautious optimism.

The influence of AI on academic and professional matters underscores the responsibility and expectation of academic senates to assume responsibility for making recommendations, especially if there is potential impact on curriculum and academic standards. Additionally, under the “10+1”, items of academic and professional matters also specifically indicate “standards and policies” or “policies” while others indicate faculty roles in “processes”. The infusion of AI in our work supporting student success will affect our policies and processes and in turn demands academic senate involvement.

As the use of AI has increased in popularity and holds levels of application curiosity (not only for our students but for faculty and others), a mindful development of explicit allowable uses will need to be communicated with appropriate professional learning to support ethical and efficient uses of various AI tools. The ASCCC is seeing a dramatic increase in faculty interest in AI with proposals for a new discipline recognition for Artificial Intelligence, responding to local industry demands, and many requests for resources.

In preparation for the following resources, the ASCCC offered a breakout session during the Fall 2023 plenary, seeking input from plenary attendees. Participants shared their questions, perceptions, suggestions, and specific policy needs as it relates to artificial intelligence. Next, members of the ASCCC Educational Policies Committee supplemented this feedback with additional broad research and reached out to various local senate presidents, some of our CIO partners, and colleagues to help curate this initial resource.

In summary, this document is (and will continue to be) “a work in progress” due to the transformational nature of artificial intelligence. It is impossible for one document to serve as the answer to all questions around AI. However, as ASCCC continues to partner with our system colleagues, input from local academic senates, and other experts, a breadth of additional resources will continue to emerge in various ways. It is through these collaborations that we can find synergy in this work. We look forward to those continued opportunities to work as a community and, as always, supporting the faculty voice in policy considerations as it relates to student preparation and success.

This resource document will acknowledge some general considerations, offer suggested guiding principles (or philosophy in AI policy creation), sample syllabi language to address academic integrity as relating to AI, some suggested reading for algorithmic justice, and an initial glossary.
**General Considerations**

Some general considerations beyond policy development will include prioritizing the impact on student equity, setting expectations, and ongoing professional learning for faculty and others as it relates to AI. Artificial intelligence has already been used to increase accessibility with features such as text-to-speech, captioning, and keyboard navigation. However, some tools come with a cost. Therefore, be mindful of any paywalls that may limit access, and consider alternatives if using expensive AI tools.

Guiding students in the use of AI may also pose a challenge and require intentional effort. For students to be successful and ethical in the use of AI, expectations need to be clear. We must help students understand the appropriate use, limitations, biases, and effective techniques of using AI efficiently. This may include teaching how to craft sophisticated prompts, outlining potential errors, and the appropriate application. In this partnership with our students, instructor oversight will be necessary to help review for appropriateness and ensure appropriate tone and terminology.³

**Suggested Guiding Principles/Philosophy in AI Policy Creation**

Crafting principles to help guide potential policies for the ethical and effective use of Artificial Intelligence (AI) in the California Community College System is crucial. In brief, policies involving AI should have 1) ethical considerations, 2) be legal and in compliance, 3) widely communicated and transparent, 4) provides accountability and oversight of the use of AI, and 5) support with professional learning, training, and education. Below is a list of synthesized suggested policy elements for faculty, academic senates, and others to guide conversations during the collegial consultation process with our administrative partners. This list is not exhaustive and provided as a prompt to help promote engaged dialogue for various AI applications in higher education.

1. **What are some of the ways to infuse Ethical Considerations within AI policies?**
   - Ensuring alignment with institutional ethical guidance and commitment.
   - Promoting equity, transparency, accountability, accessibility, and inclusivity.
   - Recognizing biases in AI algorithms and decision-making processes.
   - Prioritizing the protection of personal data and privacy rights.
   - Considering the potential impact on underrepresented groups and working to mitigate disparities.
   - Promoting algorithmic justice and combating discrimination.
   - Acknowledge or prioritize the utilization of widely accepted AI tools to prevent exacerbation of equity and access gaps.

2. **What are some of the Legal and Compliance Obligations to consider as an organization?**

³ Some suggestions provided during Vision 2030: Generative AI in Higher Education webinar co-facilitated by CCCCO, ASCCC and FACCC Nov 7, 2023 (May require logging into the CCCCO VRC prior to attempting to open)
• Ensuring compliance with relevant laws and regulations pertaining to AI and data protection.
• Obtaining student consent for data usage and allowing opt-outs.
• Adhering to FERPA regulations and limiting data collection to what is necessary.
• Anonymizing student data used for AI model training when possible.

3. **What can we do to promote Transparency and Communication about AI policies?**
   • Require transparency in the development and deployment of AI systems, making information about the algorithms and data used accessible to relevant stakeholders.
   • Encourage openness in communicating the purposes, outcomes, and potential impacts of AI applications in the academic environment.
   • Promote algorithmic transparency while protecting student privacy and IP.
   • Make AI policies easily accessible to all stakeholders.
   • Provide broad communication when policies are revised or established.

4. **What are some ways to ensure Accountability and Oversight?**
   • Establish clear lines of accountability for AI systems, specifying roles and responsibilities of individuals involved in the development, deployment, and oversight of AI applications.
   • Implement mechanisms for addressing and rectifying unintended consequences or errors in AI systems.
   • Establish a robust governance structure for overseeing the use of AI, including regular evaluations of AI policies, systems' effectiveness, fairness, and impact.
   • Foster collaboration with external experts, ethicists, and stakeholders to conduct independent assessments of AI applications.

5. **What are some Education and Training needs, as well as potential Collaboration?**
   • Implement programs to educate faculty, staff, and students about AI technologies, their applications, and potential implications.
   • Encourage continuous professional development to keep stakeholders informed about the latest advancements and ethical considerations in AI.
   • Enforce strict measures for securing AI-related data, including encryption, access controls, and regular security audits.
   • Implement protocols for reporting and addressing data breaches, ensuring a swift and transparent response.
   • Have clear policies on data access, security safeguards, purpose specification, and data destruction timelines.
   • Encourage collaboration with industry, government, and other educational institutions to share best practices, research findings, and resources related to AI in higher education.
Sample College Academic Integrity Policies that Include AI

Currently, college districts within the California Community College system are at various stages of college and district-wide updates to policies as it relates to the inclusion of artificial intelligence. To support the work of local academic senates in these important conversations, below are a few college-wide policy. We recognize that these examples are from 4-year institutions. It is our hope that this resource document will be revised as more California community colleges and districts policies are updated. Also, we encourage policy developed to utilize growth-minded language, avoid fear-based policies, and be mindful of potential biases and equity concerns that may emerge. The sample of college-level policies are offered as a start to imbed some of the proposed guiding principles into this work.

College Policy Example 1: Stanford University
Guidance adopted February 16, 2023

Honor Code Implications of Generative AI Tools

The Board on Conduct Affairs (BCA) has been asked to address the Honor Code implications of generative AI tools such as ChatGPT, Bard, DALL-E, and Stable Diffusion. These are novel tools, and both students and instructors have been experimenting with their use in academic settings.

While these tools have applications that foster student learning and understanding, these tools can also be used in ways that bypass key learning objectives.

To give sufficient space for instructors to explore uses of generative AI tools in their courses, and to set clear guidelines to students about what uses are and are not consistent with the Stanford Honor Code, the BCA has set forth the following policy guidance regarding generative AI in the context of coursework:

Absent a clear statement from a course instructor, use of or consultation with generative AI shall be treated analogously to assistance from another person. In particular, using generative AI tools to substantially complete an assignment or exam (e.g., by entering exam or assignment questions) is not permitted. Students should acknowledge the use of generative AI (other than incidental use) and default to disclosing such assistance when in doubt.

Individual course instructors are free to set their own policies regulating the use of generative AI tools in their courses, including allowing or disallowing some or all uses of such tools. Course instructors should set such policies in their course syllabi and clearly communicate such policies to students. Students who are unsure of policies regarding generative AI tools are encouraged to ask their instructors for clarification.

The BCA will continue to monitor developments in these tools and their use in academic settings and may update this guidance. Members of the community are encouraged to contact the BCA to provide input, suggestions, and comments on this policy.

NOTE: As part of the BCA’s guidance on clear communication of a course’s generative AI policy, OCS recommends course instructors provide clear advance notice that they may use detection software to review work submitted for use of generative AI. Other helpful information for faculty and course assistants can be found HERE.

College Policy Example 2: Arizona State University

Academic Integrity and Artificial Intelligence/ChatGPT

The use of Artificial Intelligence in courses
The College Dean’s Office encourages academic units and faculty to determine whether student use of generative AI/ChatGPT in their courses is permitted or prohibited and to state this and any parameters in your syllabi, announcements, and assignment instructions. See these resources for recommendations:

- The College Generative AI Principles 2023-2024
- https://provost.asu.edu/generative-ai

Additionally, faculty should include the ASU Academic Integrity policy in their syllabi, including copyright and plagiarism verbiage. The use of Generative AI/ChatGPT falls within ASU’s Academic Integrity policies and processes.

Within their courses and assignments, faculty should emphasize that students must cite any borrowed content sources to comply with all applicable citation guidelines and copyright law and avoid plagiarism. Simply put, if students use generative AI, they should cite it: How to Cite ChatGPT (APA website); ASU Library Guide on Citing Generative AI Models

Students and faculty should also ensure any AI-generated citations are correct, as generative AI tools are notorious for listing nonsensical citations.

Find academic integrity resources here: https://instruction.thecollege.asu.edu/academicintegrity

Sample Classroom Policies/Syllabus Language
Ideally, local classroom policies should align with your college/district policies as it relates to student code of conduct expectations and academic integrity. Some additional considerations for classroom policies could include:

- Citing AI-generated content: require citations for any AI generated text/media, use consistent citation style (MLA, APA, etc.)
- Appropriate versus inappropriate uses: setting clear policies on what type of AI use are permitted, caution against perpetuating harmful biases, caution against AI generated papers or exam responses.

6 Suggestions provided during Vision 2030: Generative AI in Higher Education webinar co-facilitated by CCCCO, ASCCC and FACCC Nov 7, 2023 (will require you to log into the CCCCO VRC prior to attempting to open)
- Impact on learning: ensure AI does not replace deeper learning, use AI as a creativity aid and “thought partner” rather than sole output.

Individual disciplines and instructors may have various allowances for the use of AI in their discipline/class. It is important to communicate clearly with students any classroom specific policies while reiterating that what one instructor may allow is not a guarantee that other disciplines/instructors will allow the use of AI in the same manner.

In preparation for the following examples, the Education Policies Committee reviewed many drafts and adopted sample text provided by California Community College faculty. We received informal examples from rural single-college districts, large multi-college districts, and samples from various regions represented in the California Community College system. In this collection a trend of similar ideas and reliance on some outside-of-California examples were emerging as a resource. With the wide array of examples, the ASCCC Educational Policies Committee searched for the most representative example (that is student centric) that was being supported by a local academic senate review and endorsement.

As a reminder, these sample polices are not directives by ASCCC, but to provide a resource for local faculty and academic senate to engage in constructive conversations around this topic for debate and consideration as applicable in their unique setting.

The range of comfort with the use of generative AI will influence the type of classroom and college-wide policies that are adopted. During the collaborative CCCCO AI webinar series, the following continuum was shared.

![Continuum Image](Image Found: California Community College Chancellor’s Office - Vision Resource Center (November 7, 2023) Vision 2030: Generative AI in Higher Education Webinar 2 of 4: Generative AI as a Tool for Teaching and Learning [PowerPoint Slides])

Using this continuum the following sample syllabus language is organized. As the “conditional” and “restricted” categories have degrees of overlap, we are providing “conditional/restricted” joint examples that could be edited to reflect the degree of allowance.
SYLLABUS EXAMPLE 1: Allowed Statement

Generative artificial intelligence (GenAI) tools like ChatGPT, DALL-E, or GitHub CoPilot, that generate output may be used in this course as you determine appropriate, as long as you do so honestly through proper documentation, citation, and acknowledgement.

To demonstrate your honest use of these tools and your learning process, you must:

- Keep histories of your chats and submit them when requested.
- Cite the content that came from GenAI tools using citations methods endorsed by the library.

NOTE: GenAI is known to fabricate sources, facts, and give false information. It also perpetuates bias. You should also be aware that there are copyright and privacy concerns with these tools. You should exercise caution when using large portions of content from AI sources for these reasons. Also, you are accountable for the content and accuracy of all work you submit in this class, including any supported generative AI.

SYLLABUS EXAMPLE 2: Allowed Statement

While using various digital tools and resources is permitted and encouraged during creative and academic projects, students must properly cite and reference any material generated and/or significantly altered/enhanced by AI and must not present such material as their own original work. There is also an expectation that students acknowledge the ways in which any AI tools have been utilized as part of their creative process. Additionally, some assignments in this course must be completed without the use of AI generated content at any point during the project. If you’re not clear on whether to use or cite AI, please ask me!

Because images or text generated by AI tools such as ChatGPT are not retrievable or searchable, it currently falls into the “personal communication” category for APA citations and MLA’s general AI citation guidelines. Neither of these options seem to fully address concerns expressed by faculty regarding transparency when students have utilized AI applications in their creative process. Therefore, faculty may ask students to submit the full text or images derived from AI tools along with their original drafts and final assignments:

If an authorized AI app was used at any point in the process of completing an assignment, students are required to document their prompt as well as the AI response via printouts or screenshots of AI-generated text and images along with the date on which the results were produced.

SYLLABUS EXAMPLE 3: Conditional/Restrictive Statement

Note: Example 3: Inspired from Ohio State University, Inara Scott) and adopted locally in a CCC

I expect you to generate your own work in this class. When you submit any kind of work (including projects, exams, quizzes, or discussions), you are asserting that you have generated and written the text unless you indicate otherwise by the use of quotation marks and proper attribution for the source. Submitting content that has been generated by someone other than you, or was created or assisted by a computer application or tool, including artificial intelligence...
(AI) tools such as ChatGPT is cheating and constitutes a violation of the Student Conduct Code. You may use simple word processing tools to update spelling and grammar in your assignments, but you may not use AI tools to draft your work, even if you edit, revise, or paraphrase it. There may be opportunities for you to use AI tools in this class. Where they exist, I will clearly specify when and in what capacity it is permissible for you to use these tools.

Example of guidance on individual assignments:

I want to address the new AI-tools that you may be hearing about, such as ChatGPT, and their possible role in this project. I want you to be aware that ChatGPT is based on a large language model—it is basically crowdsourcing information and providing likely answers based on the vast amount of text in its database. While it can provide some helpful information, and may spur your thinking in some areas, it is not a reliable source and cannot provide citations or references to reliable data or evidence. (If you ask it for a citation, be aware that it makes things up and the information it’s giving you is likely garbage!)

So, can I use ChatGPT or other AI tools to help write this paper?

**Things you can do:** ask ChatGPT questions! I personally enjoy chatting with it about topics I’m interested in. For example, "What are some current issues related to sustainability in the airline industry?" When you read what it says, keep in mind that it’s probably at least 60-70% correct, but perhaps not more than that. :-) Given that you’re considering whatever it told you with a big grain of salt, you’ll then need to do some research to find peer reviewed and reliable evidence that might corroborate (or disagree with!) what the AI tool told you. Use those articles to find other articles that consider the same question (review the citation list for other articles to read). Either before or after you ask ChatGPT a question, try a google search with the same sort of query and see what it turns up; also, try a search on the OSU library system. Review, compare, and investigate. Repeat this cycle, keeping in mind that what you’re getting from AI is crowdsourced information, not the reliable product of research and assessment.

**Things you cannot do:** Do not use ChatGPT to draft your paper. Do not use ChatGPT to give you citations. I am saying this both for purposes of coming up with reliable evidence and also from an academic integrity (i.e, cheating) standpoint. If you didn’t write it, don’t put your name on it and claim that you wrote it. Don’t modify a few words here and there and claim you wrote it either. Close the window before you start drafting and put the real evidence and articles you’ve found into your own words. Do your own analysis and critical thinking.

**SYLLABUS EXAMPLE 4: Conditional/Restrictive Statement**

*Note: Example 4: Inspired from Plymouth State University, Pam Harland and adopted locally in CCC*

Within this course, you are welcome to use generative artificial intelligence (AI) models (ChatGPT, DALL-E, GitHub Copilot, and anything after) with acknowledgment. However, you should note that all large language models have a tendency to make up incorrect facts and fake citations, they may perpetuate biases, and image generation models can occasionally come up with offensive products. You will be responsible for any inaccurate, biased, offensive, or otherwise unethical content you submit regardless of whether it originally comes from you or an AI model.
If you use an AI model, its contribution must be cited and discussed:
What was your prompt?
Did you revise the AI model’s original output for your submission?
Did you ask follow-up questions?
What did you learn?

Having said all these disclaimers, the use of AI models is encouraged, as it may make it possible for you to submit assignments and your work in the field with higher quality and in less time.

**SYLLABUS EXAMPLE 5: Conditional/Restrictive Statement**

*Use only with prior permission* Students are allowed to use advanced automated tools (artificial intelligence or machine learning tools such as ChatGPT or Dall-E 2) on assignments in this course if instructor permission is obtained in advance. Unless given permission to use those tools, each student is expected to complete each assignment without substantive assistance from others, including automated tools.

*-or-

*Use only with acknowledgement* Students are allowed to use advanced automated tools (artificial intelligence or machine learning tools such as ChatGPT or Dall-E 2) on assignments in this course if that use is properly documented and credited. For example, text generated using ChatGPT-3 should include a citation such as: “Chat-GPT-3. (YYYY, Month DD of query).” “Text of your query.” Generated using OpenAI. https://chat.openai.com/” Material generated using other tools should follow a similar citation convention.

**SYLLABUS EXAMPLE 6: Banned Level**

Grammar, composition, and/or vocabulary are part of the learning outcomes of this course. Therefore, all assessments (writing assignments, oral compositions, presentations, summaries, etc.) must be your original work. The use of artificial intelligence (AI) tools, such as ChatGPT, is prohibited. The use of AI tools is considered plagiarism in this course, and disciplinary actions fall under the plagiarism guidelines. The instructor may follow up with the student with an oral conversation to assess the learning.

**SYLLABUS EXAMPLE 7: Banned Level**

Students are not allowed to use advanced automated tools (artificial intelligence or machine learning tools such as ChatGPT or Dall-E 2) on assignments in this course. Each student is expected to complete each assignment without substantive assistance from others, including automated tools.
**Additional Syllabus Resources**

In addition to these representative syllabus language examples, the ASCCC Educational Policies Committee also discovered the following repositories for exploration and consideration.

**Additional Resource: Crowd-Sourced Syllabus Example (Eaton)**

Some of our local California Community College academic senates and even one of our multi-college districts distributed the following link to faculty (and others) as well as posted this resource on their website to support local efforts. This “grassroots” repository may provide additional resources for syllabus examples with uploaded samples that have not been vetted.

_Syllabi Policies for AI Generative Tools_7 – Curated by Lance Eaton - This resource is a crowd-sourced public document from other educators who have offered to share their policies. This resource contains discipline-specific examples that can be sorted by course and discipline. Note that not all disciplines are represented, only those from faculty who have volunteered their work. A Spanish version of these policies is included with the resource.

**Additional Resource: Carnegie Mellon University (Ebergly Center)8**

_Examples of possible academic integrity policies that address student use of generative AI tools_ – This repository provides an additional 6 examples representing a range of options that could be adapted or adopted based on student learning objectives and the context of the course.

**Additional Resource: Chapman University (Syllabus Policy on the use Generative AI Tools)9**

_Chapman University’s Artificial Intelligence (AI) Hub_ is another resource with considerations for syllabus policy on the use of AI generative tools, as well as, additional information on bias in AI, classroom engagement with AI, and some explicit guidelines for the use of artificial intelligence in research/scholarship/creative activities.

**Additional Resource: WCET AI Policy Center 10**

_WCET AI Policy Center_ - WCET – the WICHE Cooperative for Educational Technologies is the leader in the practice, policy, & advocacy of digital learning in higher education. This group is a member-driven organization that brings together colleges, universities, higher education organizations, and companies to collectively improve the quality and reach of digital learning programs.

Final Thoughts

Provided in this resource document are suggested guidelines, examples, and considerations to hopefully aid local academic senate in having constructive policy conversations at various levels. Nothing in this document is a requirement or a mandate. As with policies that may impact our students, it is highly encouraged to find ways to bring your students into these conversations as well. Although this is a resource initially intended for our academic integrity policies, much of this framework can be adapted to other policy developments as AI continues to evolve and new applications of AI are considered.

Finally, the ASCCC Educational Policies Committee would like to share our gratitude to the many individuals and groups who shared their local practices and status to help us discover trends, but also illuminate the continued need for resource development as we mature our understanding on these related topics.
Glossary of AI Terminology

1. **Algorithm** — the set of logical rules used to organize and act on a body of data to solve a problem or to accomplish a goal that is usually carried out by a machine. An algorithm is typically modeled, trained on a body of data, and then adjusted as the results are examined. Because algorithms are generally processed by computers and follow logical instructions, people often think of them as neutral or value-free, but the decisions made by humans as they design and tweak an algorithm and the data on which an algorithm is trained can introduce human biases that can be compounded at scale. Humans who interact with an algorithm may also find ways to influence the outcomes, as when a marketer finds ways to push a website up in the results of a search through search engine optimization (SEO).

2. **Algorithmic justice** — the application of principles of social justice and applied ethics to the design, deployment, regulation, and ongoing use of algorithmic systems so that the potential for harm is reduced. Algorithmic justice promotes awareness and sensitivity among coders and the general public about how data collection practices, machine learning, AI, and algorithms may encode and exacerbate inequality and discrimination.

3. **Algorithmic literacy** — a subset of information literacy, algorithmic literacy is a critical awareness of what algorithms are, how they interact with human behavioral data in information systems, and an understanding of the social and ethical issues related to their use.

4. **Artificial intelligence (AI)** — a branch of computer science that develops ways for computers to simulate human-like intelligent behavior, able to interpret and absorb new information for improved problem-solving, and recognize patterns. Examples include training robots, speech recognition, facial recognition, and identifying objects such as traffic signs, trees, and human beings necessary for self-driving cars. AI relies on machine learning capabilities and training data. Humans are involved in creating or collecting sets of training data (e.g., employing low-wage workers abroad to identify objects on computer screens to provide data for autonomous vehicle navigation). Bias may be built into machine learning (e.g., by using criminal justice data sets for risk assessment in predictive policing). Machines can be trained to learn from experience but common sense and recognizing context are difficult, thus limiting the ability of computer programs to perform tasks such as distinguishing hate speech from colloquial humor or sarcasm.

5. **Artificial Intelligence as a Service (AIaaS):** Cloud-based AI services providing higher education institutions with access to AI tools, algorithms, and infrastructure, facilitating the development of AI-driven applications and research projects without significant upfront investments.

6. **Artificial Intelligence Augmentation (AI Augmentation):** The integration of AI technologies to enhance human capabilities in higher education, empowering educators

and researchers with AI-driven tools for personalized learning, data analysis, and administrative decision-making.

7. **Artificial Intelligence Bias Mitigation (AI Bias Mitigation):** Strategies and policies for identifying, mitigating, and preventing biases in AI systems, critical in higher education for ensuring fairness, equity, and diversity in student assessment, admissions, and educational opportunities.

8. **Artificial Intelligence Chipsets (AI Chipsets):** Specialized hardware accelerating AI computations, utilized in higher education for research in AI algorithms, training large-scale models, and deploying AI applications with improved performance and energy efficiency.

9. **Artificial Intelligence Ethics (AI Ethics):** The development and deployment of AI systems in alignment with ethical principles and societal values, crucial in higher education for ensuring fairness, equity, and accountability in student assessment, admissions, and decision-making processes.

10. **Artificial Intelligence Explainability (AI Explainability):** Techniques ensuring transparency and interpretability of AI models, vital in higher education for explaining grading decisions, student feedback, and adaptive learning recommendations to students, instructors, and stakeholders.

11. **Artificial Intelligence Governance (AI Governance):** Policies and regulations governing the development, deployment, and use of AI technologies in higher education, ensuring ethical and responsible AI practices, data security, and compliance with legal requirements.

12. **Artificial Intelligence Safety (AI Safety):** Concerns and measures addressing potential risks and harms associated with AI technologies, guiding higher education institutions in the responsible development and deployment of AI systems to ensure student and staff well-being, data security, and regulatory compliance.

13. **Attention economy** — since our attention is a limited resource and every person only has so much of it, companies (both platforms and people who use the platforms to sell, entertain, or persuade) try to engage and keep people’s attention. This rewards clickbait and influences the design of algorithms and platforms to maximize time spent online.

14. **Bias in AI:** Systematic favoritism or prejudice in AI systems, posing challenges in higher education such as biased admissions algorithms and unfair grading systems, necessitating policies for bias detection, mitigation, and transparency.

15. **Big data** — a set of technological capabilities developed in recent years which, when used in combination, allows for the continuous gathering and processing of large volumes of fine-grained and exhaustive data drawn from multiple sources to be combined and analyzed continuously.

16. **Computer Vision:** An AI discipline enabling computers to interpret and analyze visual information, utilized in higher education for tasks such as facial recognition for campus security, content accessibility, and augmented reality applications.

17. **Data exhaust** — information incidentally generated as people use computers, carry cell phones, or have their behavior captured through surveillance which becomes valuable when acquired, combined, and analyzed in great detail at high velocity.
18. **Deep Learning**: A branch of machine learning involving neural networks with multiple layers, used in higher education for tasks such as personalized learning, predictive analytics, and natural language processing.

19. **Edge AI**: The deployment of AI algorithms on edge devices, enabling real-time processing and inference in higher education applications such as IoT-based campus management, personalized learning tools, and mobile educational apps.

20. **Edge Computing**: Decentralized processing of data near the source of generation, beneficial in higher education for low-latency AI applications, real-time analytics in remote locations, and efficient utilization of computing resources.

21. **Ethical AI**: The development and deployment of AI systems in alignment with ethical principles and societal values, crucial in higher education for ensuring fairness, equity, and accountability in student assessment, admissions, and decision-making processes.

22. **Explainable AI (XAI)**: Techniques and methods ensuring transparency and interpretability of AI models and decisions, essential in higher education for maintaining trust, accountability, and regulatory compliance in academic and administrative AI systems.

23. **Generative Adversarial Networks (GANs)**: AI frameworks where two neural networks compete to generate realistic data, utilized in higher education for creating synthetic datasets, generating educational content, and improving data privacy.

24. **Hyperparameters**: Parameters defining the configuration and behavior of AI models, requiring optimization and tuning in higher education applications for achieving optimal performance, reliability, and scalability.

25. **Machine Learning (ML)**: A subset of AI focusing on algorithms and techniques that enable computers to learn from data and improve their performance over time without being explicitly programmed. Also, the use of algorithms, data sets, and statistical modeling to build models that can recognize patterns to make predictions and interpret new data. The purpose of machine learning is to enable computers to automate analytical model-building so computers can learn from data with little human intervention.

26. **Model Interpretability**: The ability to explain and understand AI models and their decisions, essential in higher education for transparent student assessment, research reproducibility, and accountability in automated decision-making systems.

27. **Model Robustness**: The capability of AI models to maintain high performance and reliability under varying conditions and inputs, critical in higher education for ensuring accurate student assessment, research findings, and administrative decision-making.

28. **Natural Language Processing (NLP)**: The field of AI concerned with enabling computers to understand, interpret, and generate human language, utilized in higher education for automated grading, language learning support, and virtual assistants.

29. **Neural Network**: A computational model inspired by the human brain's structure, employed in higher education for various applications including student performance prediction, adaptive learning systems, and data analysis.

30. **Personalization** — the process of displaying search results or modifying the behavior of an online platform to match an individual’s expressed or presumed preferences, established through creating digital profiles and using that data to predict whether and
how an individual will act on algorithmically selected information. This process drives targeted digital advertising and has been blamed for exacerbating information silos, contributing to political polarization and the flow of disinformation. Ironically, to consider information “personal” implies it is private, but personalization systematically strips its targets of privacy.

31. **Platform** — an ambiguous term that means both software used on personal computers and software deployed online to provide a service, such as web search, video sharing, shopping, or social interaction. Often these systems use proprietary algorithms to mediate the flow of information while enabling third parties to develop apps, advertising, and content, thus becoming digital spaces for the individual performance of identity online, data-driven persuasion (commercial as well as political), and group formation through social interaction. In this report, we use the term to refer to “internet giants” such as Google, YouTube, Instagram, and Facebook and others mentioned by students in our focus group sessions.

32. **Reinforcement Learning**: An AI paradigm where algorithms learn by interacting with an environment and receiving feedback, applicable in higher education for adaptive learning environments and personalized feedback systems.

33. **Semi-Supervised Learning**: A combination of supervised and unsupervised learning techniques, employed in higher education for tasks such as student performance prediction with limited labeled data and large-scale data analysis.

34. **Supervised Learning**: A machine learning approach where models are trained on labeled data, used in higher education for predictive modeling, recommendation systems, and intelligent tutoring systems.

35. **Transfer Learning**: A machine learning technique where models trained on one task are adapted to perform related tasks, valuable in higher education for leveraging pre-trained models in educational content creation, student support systems, and academic research.

36. **Unsupervised Learning**: A machine learning approach where models uncover patterns and structures from unlabeled data, relevant in higher education for clustering similar student cohorts, curriculum optimization, and anomaly detection.

BACKGROUND

The ASCCC 2024 Curriculum Institute will be held July 10-13, 2024 in Pasadena, California. The ASCCC Curriculum Committee would like to submit its second draft of the program. We are submitting an overall skeleton draft as well. This year, we will have a total of 8 breakouts in each breakout session, where 6 will be in person and 2 will be virtual. All General Sessions will be hybrid. Pre-session activities will be in person as well. The committee has provided starter descriptions and have made recommendations for potential presenters. In the attached program, the topics shaded in yellow are the proposed virtual breakout session.

We are requesting the ASCCC Executive Committee to review, provide feedback, and approve this second draft of the 2024 ASCCC Curriculum Institute.

Thanks,

2023-2024 ASCCC Curriculum Committee

2024 Curriculum Institute Program 2nd Draft
2024 Curriculum Institute Skeleton Program
Theme: Curriculum Unmasked: Revitalize, Revamp and Reignite!
Are you ready to embark on a journey of collaboration, innovation, inspiration, and transformation in the realm of California Community College curriculum? Pack your bags and climb aboard! The Academic Senate for California Community Colleges (ASCCC) invites you to attend the 2024 Curriculum Institute – Hybrid Event on July 10-13, 2024 held in beautiful Pasadena, California, at the Pasadena Convention Center!
Get ready for an unforgettable experience where curriculum enthusiasts, faculty, administrators, classified professionals, and students from across the state will gather to unmask:

- Collaborative strategies for implementation of current legislation;
- Innovations in equitable curricular design and pedagogy;
- Realignment of pathways for student success; and
- Solutions you can take back to your local curriculum committees

This event promises to be a whirlwind of IDEAAs, insights, and strategies that will facilitate connection with colleagues, building of valuable professional relationships, and exchange of relevant information with diverse groups of academic professionals and students who are passionate about impactful curricula. Don’t miss this opportunity to REVITALIZE your curriculum strategies, REVAMP your teaching approach, and REIGNITE your passion for community college student success!

BACKGROUND

Faculty Leadership Institute 2024 is being held at the Westin Mirage Golf Resort & Spa in Palm Springs June 20-22, 2024.

At its March meeting, the Executive Committee confirmed that the event will be completely in person, will include collaboration with SSCCC for Thursday afternoon and at least part of Friday morning. The Executive Committee discussed possible general session and breakout topics.

Based on input from the Exec Committee and a review of past 3-day FLI programs, a first draft is presented to Exec for first read and continued input.

The Executive Committee is asked to approve the first draft of the Faculty Leadership Institute program.

BACKGROUND

The creation of a toolkit to promote up-to-date and well-publicized codes of conduct and procedures for dealing with discriminatory disruptions and racelighting is a resource that was assigned to Equity Diversity Action Committee per Resolution F22 13.02: Updating Codes of Conduct to Support Safe and Welcoming Classrooms and Learning Spaces in a Politically Charged Climate: “Resolved, That the Academic Senate for California Community Colleges develop resources beginning in spring of 2023, such as a toolkit or a position paper in order to support the efforts of local academic senates to maintain safe, welcoming classroom environments and learning spaces to promote up-to-date and well-publicized codes of conduct and procedures for dealing with discriminatory disruptions and racelighting.”

The Executive Committee is being asked to review and provide feedback on the toolkit.
ASCCC Executive Committee Agenda Item

Month: April	Year: 2024
SUBJECT: ASCCC Bylaws and Rules Edits
DESIRED OUTCOME: The Executive Committee will review proposed edits and provide recommendations
CATEGORY: Information
REQUESTED BY: Wada/Chow/Reese
STAFF REVIEW: Carrillo

Please note: Staff will complete the grey areas. Staff will review your item and provide additional resources to inform the Executive Committee discussion.

BACKGROUND

The 2022-23 Standards and Practices (S&P) Committee initiated the review of both the ASCCC Bylaws and Rules documents. These preliminary revisions were brought to the Executive Committee in October 2023, and some feedback and questions were received. The 2023-24 S&P Committee took the feedback and questions and further reviewed and revised the Bylaws and Rules documents, which are presented here with strikethrough and underlined text indicating proposed deletions and additions, respectively.

Bylaws

Rules

The bylaws changes are largely intended to clarify language and use consistent terms throughout. Some edits include clarifications of intent and process. Finally, there are edits that update the bylaws to reflect current practices of the ASCCC and the Executive Committee.

The rules changes include wording changes and reorganization that maintain the spirit/intent of the language from the following resolutions passed in Fall 2019:

01.02 (F’19), which changed our voting system to instant runoff voting;

01.05 (F’19), which changed the order of At-Large, North/South, and Area representative elections;

01.06 (F’19), which instituted term limits more broadly on all Executive Committee positions; and

01-07 (F’19), which limited the number of positions a candidate for the Executive Committee could run for in a given year
The COVID-19 pandemic also resulted in a switch to electronic voting, which is currently not codified in our bylaws or rules. The rules document includes an update allowing for electronic voting, thereby eliminating the need for Executive Committee to take special action in advance of each Plenary Session to allow for electronic voting.

Finally, edits similar in nature to the Bylaws revisions, including clarifying language, consistent terminology, and clarifications of process are included.

One area for the Executive Committee to consider is the intent of resolution 01.06 (F’19) which calls for a change in the Rules to put a 3-year term limit on all officers. However, the Article III Section 3 of the Bylaws explicitly puts a 2-year term limit on the office of the President.
ASCCC Executive Committee Agenda Item

Month: April    Year: 2024
SUBJECT: ASCCC Tentative Budget for 24-25
DESIRED OUTCOME: The Executive Committee will discuss the tentative 2024-25 ASCCC budget.
CATEGORY: Discussion
REQUESTED BY: Mica/ Stewart Jr.
STAFF REVIEW: Carrillo

Please note: Staff will complete the grey areas. Staff will review your item and provide additional resources to inform the Executive Committee discussion.

BACKGROUND

The Budget and Finance Committee is responsible for developing and recommending the annual ASCCC operating budget to the Executive Committee for approval. This occurs in two stages. The Budget and Finance Committee meets to prepare a tentative budget to bring to the Executive Committee for approval at a final meeting of the fiscal year, typically late May/early June but can be brought as early as April. Approval of the tentative budget allows the ASCCC to operate during the summer months. The Budget and Finance Committee then meets again in the summer to develop the final annual budget proposal to bring to the Executive Committee for approval at the August meeting.

The Budget and Finance Committee will review the tentative 2024-2025 budget at their upcoming April 15, 2024 meeting. As the Executive Committee reviews the proposed budget, the committee is being asked to keep values-based budgeting in building the budget for the organization. Values-based budgeting is the process of creating a budget that categorizes spending based on the organization’s core values. Inclusion, diversity, equity, anti-racism, and accessibility (IDEAA), was adopted in fall 2022, included in the ASCCC’s Mission and Values statements, and drives the work of the ASCCC. In 2023-24, the ASCCC approved the inclusion of several new line items, dedicated to funding the Faculty Leadership and Empowerment Academy (FELA), review of professional development resources, and hiring of a cultural humility trainer.

The Executive Committee will discuss and provide any feedback or questions on the 2024-25 tentative budget. The Budget Committee will then take the recommendations and present another draft of the budget for approval during the May Executive Committee meeting.

Strategies Learned

- creating and maintaining **DEIA frameworks and equitable approaches**
- collaborating with colleagues to advance DEIA efforts
- transforming the campus environment to be more welcoming and to **create feelings of belonging**
- advocating for DEIA changes and **ideas to move past institutional barriers**
- supporting the **implementation and accessibility of Dual Enrollment programs**
Respondents’ Thoughts Immediately After Event

• possible **next steps for integrating DEIA** into their college’s and district’s culture
• feelings of affirmations and **encouragement to continue work** on DEIA and antiracist efforts
• concerns about combatting and/or navigating resistance
• supports needed to address DEIA issues at their campus
Thoughts Immediately After Event

“I really thought a lot about how impossible it is to truly create a socially just system out of something created to exclude others. I am grateful the cccco team is so on board and am still wondering how we can really make this vision a reality when our very structure is hierarchical and mirrors the oppressive society we operate within. I am still struggling with that. [...] and I am still questioning this.”
Thoughts Immediately After Event

“The DEIA in Action Institute encouraged me to not feel like I did not have to seek validation or approval from other offices in order to move forward with DEI strategies/events for our district. Often times, as DEI practitioners we want to feel that we have everyone's full support and that everyone shares our same vision (especially our district chancellor) but sometimes you just have to present the ideas, get the approval to implement and move forward. Know that we are doing good work and encourage ourselves.”
DEIA & Antiracism Practices

• centering DEIA priorities in planning, designing, and/or decision-making
• incorporating informed practices for continuous improvement and accountability
• organizing and planning of DEIA efforts and trainings to inform and empower participants
• fostering authentic relationships to cultivate safe spaces and build momentum for change
Supports Needed to Advance DEIA

<td>0%</td>
</tr>
</tbody>
</table>

Note: Respondents who selected “More training” described: use of data tools, fostering buy-in and engaging resistance, faculty equity and implementation, stress management, antiracist and student-ready practices, and more training like the Institute.
Supports Needed to Advance DEIA

“1. Strategies for campus participation at all levels 2. Models for implementation of DEIA models and programming 3. Training for expanding the understanding of Anti-racist culture, curriculum, and pedagogies 4. Strategies for engaging the community for collaborative efforts; As a mission of the State Chancellor's office, I would like to see more information, guidance, and best practices for challenging the local political climates that convolute campus efforts towards equity and inclusion.”
EdInsights’ Observation

- Breakout sessions offered on day 1, with only one topic offering both morning and afternoon sessions. There was **limited sitting/standing space in some breakout sessions and the Institute was sold out**, with some participants commenting about having difficulty with either booking their rooms.
- Methods and **styles in which information was communicated varied by topic and presenter(s)**. **Structured interactive opportunities varied** depending on the breakout topic and/or presenter.
- A small portion of the attendees were students and there were **limited opportunities to learn directly from student voices**. There was **little notice or mention of accessibility options** for participants with disabilities and/or special accommodations.
Respondent Recommendations

- improve logistics to expand opportunities for attendees
- provide more concrete actions and/or strategies throughout the event
- include more of the diverse community college population within presentations and programming
- increase engagement opportunities
Respondent Recommendations

“It was good to see the State Chancellor's office and BOG members. I was also thinking leaders from the colleges would be there. There are very strong advocates that are just as inspiring (or more so being in the field). Francisco Rodriguez, Keith Curry, Tammeil Gilkerson, Ed Bush, Cynthia Olivo, Angelica Garcia are well known practitioners.”
Possible Recommendations

● recruiting different folx to present programs and initiatives on their campus
● including walkthroughs with clear, actionable, process-oriented strategies
● engaging participants in different spaces
  ○ structured and unstructured opportunities (e.g., showcase, intentional mixer to talk to folx within/across roles, cross-college, etc.)
Thank you!

DEIA Institute Planning Team Meeting #1

March 19, 2024 via Zoom
Agenda

1. Welcome/Introductions
2. Community Agreements
3. DEIA Institute Participatory Engagement
4. 2023 DEIA In Action Institute Assessment Results
5. Save the Date
6. Next Steps
Meet the Chancellor’s Office Team
Supporting the DEIA Institute Planning

• Dr. Abdimalik Buul, Visiting Executive
• Ebony Jeffries, Dean
• Marrin Thuston, Specialist
• Dr. Siria Martinez, Assistant Vice Chancellor
We want to get to know you….

Name,
College/District,
Organization you represent,
one thing that is giving you joy right now
DEIA Planning Team Community Agreements

1. We are convening organizations to co-design an annual event that prioritizes the advancement of DEIA and anti-racist strategies and behaviors that support student success.

2. We will design an event from the statewide role to support local leadership with implementation.

3. We will engage in respectful behaviors even when identifying friction points and sharing ideas.

Meeting Summary

1. Call To Order & Approve October 17 Minutes (Karen) – The meeting was called to order at 2:04pm. CJ shared a Foundation “15 for 15” zoom background for the group to use as desired. The directors approved the October 17 meeting summary as submitted by consensus.

2. Fall Plenary Debrief (Karen)
   a. Game Night—Thank you Robert C., his son Elias for organizing & emceeing Game Night! – Photos from the event will be shared with directors via e-mail. Thanks all! Directors shared reflection on the event and how the “vibe” for the event was fun, collective, community building, and overall, well received.
      i. The need for receipt for donation. What would be a threshold and what challenges if we were wanting to open up for cash donations.
      ii. In the future we may want to consider including a “sign up” for teams to compete for the game night, where there is interest for competitive teams.
   b. 15 For 15 T-shirts—Thank you Robert S’ sister Chauncine! – The shirts were AMAZING and helped identify the foundation directors during the Game Night event.
   c. 15 for 15 Campaign – off to a good start! - $1900 donated during the Fall Plenary
   d. QR Codes on Badges -
e. Plenary Tabling & swag – For the Spring Plenary we need to schedule a rotation of directors to staff our table.

f. Sponsorships – R. Stewart asked if there is an opportunity to recruit college districts for sponsorship? As a goal for spring, we could solicit sponsorship. Karen will bring some materials on foundation sponsorships to our next directors’ meeting for further discussion. Krystinne shared some history and expectation for what is appropriate for sponsorship and how to list these sponsors. Follow up with ASCCC Exec maybe need to discuss. Mitra also shared the consideration for a possible sliding scale based on the size of the college. **Action: Karen will submit an agenda item for a future (January) ASCCC Exec Agenda.**

g. Swag—any special swag for 15 for 15 for Spring? & Spring Drawing for a free ASCCC event registration (Plenary or Institute)? Start brainstorming Spring Plenary Foundation event ideas

3. Giving Tuesday (today!!) & December Marketing Push for 15 for 15 (Krystinne) – e-mail from the office for the donations from the Giving Tuesday for the innovation scholarships. Krystinne shared why we have the innovation scholarship as a direct beneficiary of the Giving Tuesday funds that are raised. The partnership with other organizations has a different relationship with ASCCC and how we may support with our foundation scholarship out of our foundation general funding. We will have a separate December marketing push for the “15 for 15” with a drive to increase our “ongoing” donations.
   a. Opportunity to outreach to CCCCIOs, CCCCSSOs, and College Presidents to grow monthly sustainers (Karen) - Karen will develop a communication to accompany the marketing push using a previous draft letter that will be shared with directors prior to sending.
      i. Robert S. reminded the directors about CCLC as a possible connection to help push our campaign.
      ii. Also, we should consider sending this communication to all local senate presidents to forward the fundraising request to their local administration.
      iii. There is a desire to create a more targeted communication to personalize the “ask” with some support quotations/testimony from faculty who have benefited from the foundation scholarships.
   iv. **Next Step: Karen will send directors the draft communication for input and to help disseminate to the field.**

4. Foundation Website Theme Mockups (Krystinne) – The directors reviewed a few various draft mockups provided by Mica. The primary focus for this first review is the format of the page. Other elements are also adjustable after we agree on the layout. The format is the first decision we need to agree upon. **Next Steps: Directors are asked to review the 10 mockups and provide feedback during our next meeting.** Thank you to Katie for her help in drafting these for our consideration.

5. Updated Report on Foundation Scholarships Funding (Krystinne) – The directors reviewed the last 9 years “Statement of Activities” for the foundation. Krystinne provided
an overview of some of our revenue streams and our typical scholarship expenses. There will be clarification on where “area competition” funds are noted in the spreadsheet for prior closed years, and a separate spreadsheet will be shared with directors for the historical funds raised during previous “area competitions” as an information item.

6. Discuss Approving Scholarships for A2MEND, APAHE & Colegas (Karen) – currently offer about $6K for A2MEND annually. The question is if we want to also extend and seek similar partnerships with the other two organizations in the “coalition” including APACHE & Colegas. Historically, we have approved 2-5 scholarships to A2MEND. **Motion: The foundation to provide full scholarships for all three organization events. Up to $6K for each for a total of $18K annually (Stewart/Howerton) M/S/C**

7. Updating Foundation Official Name to “Academic Senate Foundation for California Community Colleges” (ASFCCC) (Krystinne & Karen) – This item was tabled until our next meeting.

8. Next Meeting Date & Time
   a. Draft rubric for scholarships for Plenary & other approved event scholarships
   b. Next Meeting January 23, 2024 2pm-3pm

9. Karen’s ASFCCC Google Folder (Strategic plans, Fundraising Plans, Scholarship Recipients Tracking, Solicitation letter draft, etc) : - This item was tabled until our next meeting.

**Meeting Summary**

1. **Call To Order & Approve November 28 Meeting Notes** (Karen) – President Chow called our meeting to order at 2:04pm. The board approved the Nov. 28, 2023 meeting summary by consensus.

2. **Foundation Website Theme Mockups** (Krystinne) – Several website designs for the foundation mockups were shared with the directors. R. Stewart Jr. shared support for faculty images on the site. There was consensus on including Slide 8’s faculty images (with removal of the blue shading over left part of the images) onto Slide 4’s format with the top banner, and using the donate button and make sure the ASFCCC logo includes color. K. Mica will work with Katie in the ASCCC office to offer an updated mockup.

3. **Marketing Push for College/District Sponsorships** (Karen) – President Chow shared with the directors a draft solicitation for sustaining and onetime donors. The letter highlights some of the activities of the foundation and the benefits of scholarships. There is a proposed level of sponsorships for consideration.

   Discussion: R. Stewart Jr. – feedback on “average cost” and “sustaining annual” for college/district (organizational) as well as individual opportunities. Suggestion to have two targeted letters based on the purpose of “ask”. The directors discussed various opportunities for larger “district sponsorships” as well as a need for options for “one
“smallest options for smaller and rural districts who may be unable to commit to an “ongoing” donation.

K. Mica – Question if we are interested to expand our ask beyond our system. If we do expand to corporate sponsorship we should communicate with the full ASCCC Board for endorsement.

President Chow – Initiated a discussion on what could be the “package” for donation. (e.g. tabling for more than one ASCCC events for larger donation)

In summary, the board brainstormed some additional solicitation suggestions and opportunities beyond past efforts.

Next Step – finalize the individual solicitation letter and levels, and develop the final corporate sponsor letter. K. Mica will work with Katie to develop a mockup of the letter that would be like what would be sent.

a. Opportunity to outreach to CCCCIOs, CCCCSSOs, College Presidents, Partner Organizations to grow donors & monthly sustainers
   i. Outreach to college presidents and chancellors directly and ask them share with their administrative teams, as well as, a blast to local academic senate presidents to help encourage sponsoring opportunity for our foundation with copy of letter and contact.

b. Draft Solicitation & Sponsorship form

4. Draft Rubric for ASCCC Event Scholarships. (Karen)
   a. Should we consider limiting number of times &/or within a certain timeframe that a faculty applicant can get the award? President Chow shared a draft ASFCCC Event Scholarship Award Rubric. Currently there is no set cap on how many times an individual can apply consecutive cycles and successful awarding. Also, there is not a “report back” from those who have received scholarships. In discussion it was clear that more marketing for the innovation scholarship is needed. There was concern expressed that it has seemed that one individual has applied multiple years and have been awarded. The Board may want to consider some constraints. No major feedback given to the draft rubric shared.
   b. Karen will share the rubric for considered adoption via e-mail.

5. Updating Foundation Official Name to “Academic Senate Foundation for California Community Colleges” (ASFCCC) (Krystinne & Karen) – Not discussed during this meeting.

6. Next Meeting Date & Time – Karen will send out a doodle poll to set our March Directors’ meeting.

7. Adjourn: Meeting adjourned at 3:08pm

EdPol Charge: The Educational Policies Committee studies educational issues of concern to the Academic Senate and is the standing committee that recommends educational policies to the Executive Committee. The Committee provides a forum for high-level discussion and development of Academic Senate Policy, including its effect on faculty and students. The discussions include the viewpoint of students, CIOs and union representatives. The Educational Policies Committee researches issues as required, and writes background and/or position papers where appropriate. The Committee may pass general recommendations to other Senate committees, or work with them on more detailed implementation or technical issues. New or revised educational policies of the Academic Senate pass through the Educational Policies Committee. These may include policies to be implemented either locally or at the state level, suggested positions on proposed policies or changes in existing policies, and responses to assignments given by the President or Executive Committee.

Meeting/ AI Policy Resource Work Session Summary

1) Call to Order and Roll Call (*in attendance) Meeting started at 4:03pm

| Erik Reese – 2nd Chair | Joseph Ferrerosa | Chantal Lamourelle |
| Tamara Cheshire | Taneisha Hellen |

2) Check-in, “shout-outs”, Kudos & Connections. - Members in attendance shared their “glow” and “grow” as well as other general check-in.

3) Procedural - The chair reminded members about our process and resource/tracking documents.
   a. Reminder about our Community Agreements
   b. Adoption of Agenda
   c. Process of Minutes and committee review expectations
   d. Ed Pol Committee Website
   e. Shared Committee Folder

4) Standing Committee Meeting Dates (4pm -5:30pm) via ZOOM - The list of upcoming meetings was shared as a reminder.
   a. Fall 2023: 9/18, 10/16, 11/13, 12/11

5) AI Classroom and Academic Integrity Resources – Desired Outcome from our meeting - to funnel and focus these ideas into a single resource document that we will work on as a group during this session. Goal- Should be brief, and not directive but to help initiate local conversations. Instead of a “tool kit”, this will be a policy
development “resource document”.

a. **ASCCC President’s Update (February 2024)**
   - Additionally, the ASCCC Educational Policy Committee is working in response to Resolution 13.05 SP23, which called for the ASCCC to “prioritize the development of resources addressing artificial intelligence and its implications on education and academic integrity, develop a framework for local colleges to use in developing academic and professional policies, and present these resources no later than the 2024 Spring Plenary Session or as soon as feasible.” Initial information and resources are coming soon.

b. Will submit as a 1st read for the March ASCCC Executive Meeting

c. **Focus will be on “policy” framing and sample classroom/college policies**

d. Recognize AI in Vision 2030
   - **Guiding Principles in AI Policy Creation**
     1. Philosophy and Sample Syllabus Language, Academic Integrity and AI (Arizona State)
   - **Sample Classroom Polices** (thanks to WHCC)
   - **Sample Classroom Policy 2**
   - **Sample College/District Academic Integrity Policies** (Carnegie Mellon University)
     1. CMU Policy on Academic Integrity
     2. Ohio State University- Academic Integrity
   - **AI considerations for Teaching and Learning** (Ohio State University)
     1. (with examples of generative AI applications)
     2. Benefits and Limitations
     3. Strategies and Examples including connection to learning outcomes

e. Highlight all the other ways ASCCC has partnered and shared resources being developed in other areas.

f. Focus in the framework the equity considerations. (possible readings) and protecting students’ data.
   - January ASCCC Rostrum Article on Artificial Intelligence, Generative AI, and Ethics: An Educational Perspective (Tuan Nguyen, Heather Sisneros, and Karen Chow).

g. Anything missing?

h. **Question:** Mechanism for sharing sample polices for colleagues (google form recommendation) and storing them? This may form a recommendation to ASCCC Exec.

**ITEM DISCUSSION:** The chair shared the ASCCC President’s update statement on the AI resources that we are working on as a committee. The committee reviewed the outline for the AI resource document and the proposed resources for the content (many are linked here in the agenda). Some organizational recommendations were made. The chair explained the multiple ways ASCCC is currently working on AI efforts, as for our committee and the assigned resolution we are focusing on a “framework” for potential AI policy development as it relates to academic integrity. It is the hope of the committee that there is a strong theme of equity considerations in the document, as well as specific examples without being overwhelmed with information overload. The chair will finalize the draft and share again with all committee members for another opportunity to provide feedback prior to submitting this draft for a “first read” to the ASCCC Executive Committee. The chair shared that he submitted a formal agenda item request for this topic and expects it to be discussed at the March meeting. Feedback from the ASCCC executive committee on this document will be shared with the EdPol committee during our March meeting.

6) **Rostrum Topics & Drafts (next submission due to ED March 3rd)** - The committee discussed the status on the various Rostrum drafts that have been considered by the committee.
   a. **Referred Resolution on Academic Freedom** (Reese)
   b. 3rd Party Software/Resources : Data Privacy and faculty role (Knudson)
   c. Eminence (Howerton)
7) Announcements - the chair shared the following list of ASCCC events with the committee. Additionally, the committee discussed the upcoming spring plenary and if any members were currently planning on attending. It is likely there will be a session on AI during the plenary.

Relations with Local Senates Committee Charge: The Relations with Local Senates (RwLS) Committee serves to augment the work of the Executive Committee. The committee is interested in cultivating and maintaining a climate where equity and mutual respect are both intrinsic and explicit by valuing individuals and groups from all backgrounds, demographics, and experiences. Its overall purpose is to provide an opportunity to share local and state challenges, exemplary practices, and other information with the Executive Committee. In order to accomplish its overall mission, the RwLS members are conversant with and promote pertinent statutes and strategies for effective and inclusive academic senates. The RwLS will assess the needs of local leaders in order to provide resources needed to participate effectively in governance at the local level.

6) Assigned Resolutions Tracking Document
   a. Committee Brainstorm Tracking Document
      - Every month ASCCC provides an update by college within area for local senate visits
      - The goal is to connect with each college every 3 years
In conversations with exec, we want to understand our role with local senate visit
President and exec director receive the request and then assign different people
Our committee has not been involved in this
Some colleges have not have visits
We might want to do reach outs from this committee - marketing opportunity - we can make recommendations on how we connect with local senates
Some colleges receive many visits - maybe more issues and need more support
1. We might remind them that we have a coaching model, not just one time support but ongoing
How are local senates using ASCCC resources and support?
How do we see this committee support the local senate visits
We can ask to have an in person meetings at different colleges to make physical connections with other colleges
When they ask for a visit, they will tell us what they want to learn about. It could be combination of topics
1. There is a pre-meeting with that college to clarify needs and purpose
2. Other time they want ASCCC to be part of their events and professional development
Next step:
1. A lot of senates do not know about this program.
2. If senator knew they might be requesting the visits
3. The AS president is the one that request the visit - might be a gatekeeper
4. We can work more on this as we are moving forward with the liaison work
b. Local Senates Handbook Revision/Update
c. 2022-2023 RwLS End of Year Report
d. Possible projects for the committee

7) Update about Local Senate Visit – February 2024 List of recent (within the last 3 years) visits

8) Follow up discussion on committee recommendation on “meet and greet” at Plenary.

9) Draft Rostrum Article Discussion (next submission is March 1, 2024)
a. Lara/Slabbinck - We appreciate the work, the content is great and it is within ASCCC purview
   ● Email it to our exec director by the due date
   ● Look at publication guidelines before submitting
   ● Different ways to submit:
     1. By faculty member independently
     2. A couple of people from the committee on behalf of the committee. Add committee affiliation
     3. On behalf of the entire committee
b. Update on liaison work

10) Liaison Support Recommendations – Update on next formal recommendation with communication protocol, email template, and connection with ASCCC Standing Committees
   a. ASCCC Agenda Item Request for March 2024 ASCCC Executive Meeting
   b. Meeting with ASCCC Executive Director on 2/15 (Howerton & Zeledón-Pérez)
   c. Outline of liaison handbook (based on SP22 03.01 Resolution)
      ● Met with exec director last week
      ● Want to make sure we have email template communication for consistency from the committee to liaisons
      ● In November we proposed a couple of action items, we were given a go ahead. This is an update
        1. Task 1- Crosswalk with recommendation from us, history, develop or not,
2. Task 2 - We were authorized to develop communication protocols (email templates), at least one for each academic term
   a. We cannot directly email a listserv
   b. We need to recruit more diverse voices in our application pool
   c. We have a resource place and we will add all this into our livebinder
   d. Templates and frequency for consistent communication from our committee
3. Task 3 - Handbook to make connections. Have not started on this
4. Task 4 - Each ASCCC standing committee update their statement to include their liaison information. Outside partners versus ASCCC partners - need to make a distinction on which one is connected with our work.
   ● It came to our attention that we have a number of liaisons, one did not come from a resolution.
   1. We connected liaisons with committees officially
   2. No good group that connects with guided pathways. Not created with resolutions. It was not sustainable as they are not part of our structure
   3. OER liaison is unique because there is a grant and they can pay liaisons. They have to participate proactively and not just send communication out.
   4. Clean up the list of liaisons first
      a. develop a process how they all come onboard
   5. Recommendation to sunset the guided pathways liaisons
11) Announcements

RESOLUTIONS COMMITTEE
2024-03-05
TIME 9:00am-10:30am
ZOOM INFORMATION

The Resolutions Committee charge is to provide accurate and timely documents of the resolutions that eventually are adopted at the Senate Sessions. The process begins with Senate Committees that submit resolutions to the Executive Committee, which in turn adopts resolutions for submission to Area meetings where more resolutions may be written. A resolution document is in the packet at the Session and additional resolutions are developed there and printed at the Session. A final document for Plenary Session deliberation is prepared including resolutions and amendments.

VII. Assigned resolutions

a. None—only referred resolutions unresolved
VIII. Current Projects

a. Spring 2024 resolutions timeline
   i. Mar 8 (F): Draft pre-plenary resolutions packet reviewed by Executive Committee at Mar meeting
   ii. Mar 15 (F): Pre-plenary resolutions packet sent to the field (1 week before area meetings)
   iii. Mar 22 (F): Area meeting resolutions due from contacts/area reps within 24 hours of each area meeting (almost 4 weeks before plenary this time)
   iv. Apr 4 (R): Plenary Resolutions packet sent to the field (2 weeks before first day of plenary)
   v. Apr 15 (M): Delegate certification/release forms due to ASCCC via events@asccc.org (Mon before plenary)
   vi. Apr 18 (R) 1:45pm: New resolutions and amendments due (Thu of Plenary)
      1. 5:30pm-6:00pm mandatory contact session
   vii. Apr 19 (F) 1:00pm: Amendments and urgent resolutions due (Fri of Plenary)
      1. 5:00pm-5:30pm mandatory contact session

b. Spring 2024 resolutions submission process
   i. Static resolutions webpage
   ii. Webform facilitated by office team—draft resolution submission webform
   iii. Updated draft submission template (v2) for upload as part of webform
      1. What would be most helpful to guide resolution/amendment writers?
         a. Reviewed the ASCCC Resolutions Webpage. The static page is now established. Adopted and Referred resolutions are now separated.
         b. There continue to be details to be finalized. Erik will be working with Krystinne later this week on finalizing the webform and webpage.
         c. The resolution submission sheet is now available with minor edits forthcoming.
         d. Will require word doc as part of the submission. Erik noted that there will still be a need to upload things to a single file on the back end.
         e. Resolution submissions will request alignment to ASCCC Strategic Direction and require alignment to ASCCC purview.
         f. A template has been created and will be available on the webform and the static webpage to support those who are new to writing resolutions or desire a template.

b. Pilot resolution categories—updated pilot resolution categories (v3)
   i. Idea supported by the ASCCC Executive Committee at the Feb meeting
   ii. Provided additional input
   iii. How to assess new categories?
      a. Committee Proposed categories were adopted and supported by the Executive Committee. There was a lot of input, which Erik, the president, and executive director integrated.
      b. Erik shared the changes made based on feedback.
      c. The updated document is linked to the agenda.
      d. A discussion was held regarding the functional purpose and feature of the categories as this was asked by the Executive Committee. The Resolutions Committee identified the ability to support alignment to purview, alignment to
strategic directives of the ASCCC, and identifying and tracking trends by the number of resolutions submitted per category. Trends can provide direction for the ASCCC Executive Committee on trends across the system.

d. Resolutions packet for pre-plenary area meetings
   i. Proposed resolutions for consideration by ASCCC Executive Committee Mar 8-9

e. Area meetings preparation—Mar 22 10am-3pm (times tentative)
   i. Resolutions packet checklist
   ii. Resolutions debate and voting checklist
   iii. Resolutions overview presentation
       1. More focus on submission process
   iv. Area meeting duties
       1. Area meeting resolution tracking form
       2. How best to facilitate resolution submission via the webform?

   ● If executive committees or standing committee chairs submit between now and Area meeting, the contact would then change to the author, their committee, and then the area meeting.
   ● The Area Resolution Tracking sheet and workload list was briefly reviewed. Will discuss this and review again at our next committee meeting prior to plenary.
   ● Erik is modifying the presentation on Resolutions to address some of the common concerns and challenges, a focus will be on the Resolutions Submission Process
   ● Erik and Robert are working with the Area Reps to provide details and reminders of the new process for Resolution Submissions.

f. T-shirts
   i. Ordered, arrived, and partially distributed

g. Resolutions handbook update—editable draft for comment
   i. Streamline—What are the essentials?
   ii. Rough outline—include the basics only with additional information in appendices
       1. Resolutions: what and why
       2. Writing guide: how
       3. Debate and voting: how
   iii. Timeline—Dec through Feb & May-June?
   iv. Resolutions Standard Operating Procedures Google doc

IX. Future Projects
a. Proposed resolutions
b. Rostrum ideas
   ● Erik shared the list of current proposed resolutions.
   ● There are currently 10 resolutions.
   ● The committee reviewed the currently proposed resolutions to confirm whether purview or category exists, all were confirmed

EdPol Charge: The Educational Policies Committee studies educational issues of concern to the Academic Senate and is the standing committee that recommends educational policies to the Executive Committee. The Committee provides a forum for high-level discussion and development of Academic Senate Policy, including its effect on faculty and students. The discussions include the viewpoint of students, CIOs and union representatives. The Educational Policies Committee researches issues as required, and writes background and/or position papers where appropriate. The Committee may pass general recommendations to other Senate committees, or work with them on more detailed implementation or technical issues. New or revised educational policies of the Academic Senate pass through the Educational Policies Committee. These may include policies to be implemented either locally or at the state level, suggested positions on proposed policies or changes in existing policies, and responses to assignments given by the President or Executive Committee.

5) Academic Integrity Policies in the Age of Artificial Intelligence (AI) Resource Document-DRAFT
   a. Howerton and Reese shared the first read draft with ASCCC on 3/9/2024, and will provide the
committee with feedback to revise the draft for a potential 2nd read for the April Meeting.

b. Agenda item to ASCCC is due by April 1

c. Additional Resource: Regulations Hitting AI Usage in EdTech – Thank you Kandace!

**Discussion:** Chair and second chair provided an overview and summary of the feedback received from the Executive Committee on the initial draft of the AI resource document.

First part of document is a broad framework before specific examples later in the document. Will add to the introductory framework of the document.

Reviewed the intent of the resolution: **13.05 S23 Considering the Merits and Faults of Artificial Intelligence in the Community College Classroom**

Resolved, That the Academic Senate for the California Community Colleges prioritize the development of resources addressing artificial intelligence and its implications on education and academic integrity, develop a framework for local colleges to use in developing academic and professional policies, and present these resources no later than the 2024 Spring Plenary Session or as soon as feasible.

- This resource will help provide starting points for policy development at individual districts and colleges.
- Hope to capture current trends and resources as a starting point as folks seem eager for something they can start with on their own colleges and districts.
- Additional details will be added with input from the field (crowdsourced). Thinking through and working on a way to operationalize this process and discussing it with the President and Executive Director.
- An idea to create a subcommittee/workgroup dedicated to this resource for a while, to help keep up on this quickly changing field. A consideration for the end-of-year report. The goal is to keep this resource relevant and updated as needed for sustainable use.
- Discussed a variety of aspects, including formatting of sections (include all text versus links to external sources), and possible future formats that are more scalable.
- Another book reference was shared: Active Learning with AI: A Practical Guide
- Final thoughts will include ideas around algorithmic justice, biases inherent in AI, and more.
- Suggested guidelines/philosophy: How should we organize these categories? Prioritized? Alphabetized?
- Perhaps condense the areas around similar themes.
- Ethics of the institution "ethos of the institution" and underneath that category could be: transparency, accountability, privacy protection
- Maybe order 4 overarching categories/themes with this initial list represented, rather than the laundry list would be an improvement.
- Include caveats around it being an ever-evolving field and this is simply a starting point, emphasizing it is a work in progress.

6) Spring 2024 Plenary – General Session

**Fifth General Session – Friday 1:15pm -2:15pm**

**Title:** Policy Considerations for AI: Promise, Pitfalls and Practice.

**Presenters:**
Christopher Howerton, ASCCC At-Large Representative
Fabiola Torres, Glendale Community College, ASCCC Online Education Committee.
XXX(CIO or other)?

**Description:** Conversations around the use of generative artificial intelligence (AI) are expansive and impacting our system at all levels. These conversations include many expressed concerns around appropriate use, algorithmic justice, and integrity, yet there are also examples of instructional opportunity and potential for efficiencies. The wide range of perspectives around AI does not supersede the Academic Senate's role in facilitating these important conversations and guiding policy development as they impact academic and professional matters.

Chair reviewed an upcoming general session at plenary around AI, with the plan to pull ideas and thoughts from the resource document produced by EdPol.

Comments and suggestions are welcome!
7) Announcements - the chair shared the following upcoming events and webinars with the committee members.

DATA AND RESEARCH COMMITTEE
2024-03-27
TIME 1:00pm-2:30pm

The charge of the Data and Research Committee (DRC) is to assist local academic senates in using data effectively to evaluate educational programs and services to improve teaching, learning, and student success. The DRC will work with ASCCC Standing Committees, task forces, and other workgroups to establish and improve data-driven processes to advance inclusion, diversity, equity, anti-racism, and accessibility (IDEAA) in areas of academic and professional matters. The DRC may also conduct data analyses to assess the effectiveness of statewide issues and initiatives in areas of academic and professional matters.

i. ASCCC Strategic Plan
   1. ASCCC Strategic Plan Directions 2023-2026
   2. ASCCC Annual Work Plan 2023-2024 (for strategic plan)
ii. RP Group Common Survey Design Missteps
   b. ASCCC demographic data collection for plenary and other events
   i. ASCCC past demographic survey (Committee request about marketing questions was taken to the leadership team. Last meeting discussed different ways to include demographics questions, perhaps as a separate survey. New demographic survey, what information is wanted, discussion on how the information is used. Support for collecting demographic information but how should it be collected? Discussed how to implement the survey. Katie explains the key reasons for having the surveys, and makes sure that we have data for organization goals [diversity and inclusion goal tied to ASCCC mission]. Jeffery, suggests, collects data between plenary sessions, particularly after the general sessions. Future idea for demographic survey questions: provide text boxes for folks to reply (e.g., for race/ethnicity) and then use artificial intelligence to filter the results.)
   ii. What is useful information?
   iii. Implementation
      1. Discussed perhaps a short demographic survey provided before and at the start of plenary (available throughout plenary)
      2. With new event survey at end of plenary
   c. ASCCC event surveys—streamlining event surveys beyond plenary
      i. Draft goals for other events: Faculty Leadership Institute, Curriculum Institute, ... (Committee discussed draft goals for FLI and CI and provided comments, suggestions, and edits.)
      ii. What would be helpful to know to improve ASCCC events?
      iii. How to systematically analyze survey results?
      iv. Do we want to consider short (1-2 question) session surveys?
         1. What did you appreciate about the session? Suggestions?
      v. Reference: recent Plenary survey responses from the new, streamlined survey
   d. ASCCC committee surveys
      i. Executive and standing/other committee self-evaluations (Possibly create committee surveys. Currently do not really do self-evaluations for individual committees. Jeffery, create a simple template for committees to use. As an aside, request to make sure people are aware of what is going on with the liaisons.)
      ii. How can we meaningfully assess committee work and the experience of committee members?
   e. ASCCC Local Senate Survey (What would we need from local senates? How do we use it? Survey may not reach all senators at the local level; ASCCC interfaces with senate presidents, in general. Current survey continues to need work and direction.)
      i. What do we want to know? How to align with ASCCC strategic plan?
      ii. Who fills out survey? (senate presidents, senate members, all faculty?)
   f. 2024 Spring Plenary presentations
      i. Title: Radicalized Possibilities in Data Informed Decision Making
      ii. Presenters: Erica, Ginni, Carlos, Erik

   i. Collaborate with the RP Group?
   ii. Data literacy workshop series in collaboration with RP Group
      1. Wireframe notes generated by 2022-2023 DRC & RP Group
h. Resolutions ideas for plenary
   i. In case folks are developing data-focused resolutions (Reviewed a draft resolution presented by June Yang related to AB1705 that is focused on math. Suggested creating different parallel resolutions for English and ESL if want to explore those areas as well, rather than include everything in a single resolution. Discussion around the effects of AB705 and AB1705 legislation upon students and provided suggestions to improve the clarity and focus of the proposed resolution.)

RESOLUTIONS COMMITTEE
2024-04-02
TIME 9:00am-10:30am

The Resolutions Committee charge is to provide accurate and timely documents of the resolutions that eventually are adopted at the Senate Sessions. The process begins with Senate Committees that submit resolutions to the Executive Committee, which in turn adopts resolutions for submission to Area meetings where more resolutions may be written. A resolution document is in the packet at the Session and additional resolutions are developed there and printed at the Session. A final document for Plenary Session deliberation is prepared including resolutions and amendments.

b. Rostrum ideas

X. Other Topics / Future Agenda Items
a. Your brilliant ideas here!
b. Area meeting debrief

Contentious conversations in areas D and C around a few resolutions.
Area D conversation revolved around academic freedom and events in Palestine.
Some references and ideas related to these conversations:
   ● https://asccc.org/resolutions/hate-crimes
   ● https://legiscan.com/CA/text/SB1287/id/2964675
   ● Perhaps guide folks to support this bill or something along these lines
Area C conversation around a resolution in support of a bill asking for an audit related to sexual harassment at all CCCs, CSUs, and UCs.
Also discussed “filtering” of resolutions to remain in our purview, like the first round of resolutions that are reviewed by the Executive Committee before dissemination to the field.
In addition, what action can ASCCC take? Feasibility. Part of conversation is about what we can actually do; tangible components. How to include feasibility as part of the submission process?
Should there be a final review? Perhaps through the ASCCC Executive Committee or another mechanism.
Overall the area meetings went smoothly, with all resolutions submitted via the webform before folks left.
Suggestions to provide a link to strategic directions as part of the strategic direction alignment question, which will provide a bit more background to people filling out the webform for resolution/amendment submission.
Support for the new categories for the ASCCC purview.

i. ASCCC Live Binder Link: https://www.livebinders.com/b/2557634

ii. Flight and Travel Request: https://www.asccc.org/content/flight-and-travel-request

iii. Assigned Task  
     ASCCC 2023-2026 four strategic directions:  

Members discussed potential deeper dive on looking at data coaching for faculty. Supporting faculty in how to analyze and apply data. How can we present data in a coherent way that allows faculty access and realize the story that the data tells. How can we support more intentional professional development that leads to action and follow up. Providing more support could also prevent misuse of data, or weaponization of data against our IDEAA goals.

Chair Parker will include this item as a future agenda item.

- Embracing Organizational Change
- Engaging Proactively in Partnerships and Advocacy to Advance Faculty Voice and Student Success
- Developing Innovative Activities to Empower Faculty and Uplift Underrepresented Voices
- Advancing Faculty Engagement in Data Literacy
Faculty Empowerment and Leadership Academy

FELA will focus on the development of faculty from historically underrepresented groups in higher education. The academy will provide opportunities to connect with leaders from across the state, to empower faculty to seek leadership roles, and to provide regular contact with mentors. All activities in this leadership development program are designed to ensure participants are ready to meet the challenges of engaging in transformative leadership and equity-minded approaches to working with diverse student populations.

PROGRAM MISSION

Chair Parker reviewed the FELA mentors and mentees.

May 2, 2024 – Hyflex? Need Presenter(s), Title and Marketing Blurb
A Win Win webinar with student panel to discuss students on hiring committees.

Hyflex definitions and guidance is being worked on; perhaps this would be good to present to the field in the Spring. Michael will reach out to an Art instructor who does Hyflex really well to see if she is willing to share and/or present at a webinar. Will look at May dates when connected with potential presenter.

**Proposed Area:** Decreasing racial inequities in transfer is a key strategy for increasing race and income equality. The RP Group’s *African American Transfer Tipping Point* (AATTP) project seeks to identify the factors contributing to African American/Black students’ likelihood of transferring. The first phases of this work identified four core student experiences that significantly impact the transfer journeys of African American/Black community college students: (1) timely passing of transfer-level English and math, (2) academic counseling, (3) participation in Umoja, and (4) not being put on academic probation.

Description: Academic and Professional Matters: Implementing Dual Enrollment with Intentionality (panel) (*Claire Coyne, Jerome Hunt, Kellie Nadler, Mark Osea, & LaTonya Parker*)

Assembly Bill number 288, (Holden) Public schools: College and Career Access Pathways partnerships was signed into law on October 8, 2015. Join this general session to discuss the most recent information on how high school students and students attending a noncredit or adult education high school or equivalency program can enroll in classes at their local community college. This includes students attending community schools, continuation high schools, juvenile court schools, or adult education programs. Equip yourself with other information such as intentional dual enrollment strategies to help under resourced students who struggle academically or who are at risk of dropping out and rethinking policies that govern dual enrollment, and establish a policy framework under which school districts and community college districts could create dual enrollment partnerships as one strategy to provide critical support for underachieving students, those from groups underrepresented in postsecondary education, those who are seeking advanced studies while in high school, and those seeking a career technical education credential or certificate.

The African American Transfer Tipping Point: Exploring the transfer journeys of over 7,000 African American/Black community college students

Katie Brohawn, RP Group Director of Research, Evaluation, and Development
Darla Cooper, RP Group Executive Director
Alyssa Nguyen, MA, RP Group Senior Director of Research and Evaluation
LaTonya Parker, ASCCC Secretary

Description: Decreasing racial inequities in transfer is a key strategy for increasing race and income equality. The RP Group’s *African American Transfer Tipping Point* (AATTP) project seeks to identify the factors contributing to African American/Black students' likelihood of transferring. The first phases of this work identified four core student experiences that significantly impact the transfer journeys of African American/Black community college students: (1) timely passing of transfer-level English and math, (2) academic counseling, (3) participation in Umoja, and (4) not being put on academic probation.

Building from this research, and with a focus on elevating student voice, in this presentation, we will share findings from the most recent phase of the work, which leveraged data from a statewide survey of over 7,000 transfer-intending African American/Black students to lift up the experiences and perspectives of African American/Black students about how these four key experiences impacted their transfer success. Discussion will center around actionable strategies for leveraging these findings to drive change.

Thursday, November 16, 2023
1:45 p.m. to 2:45 p.m.  **First Breakout Sessions**

(Online) Dual Enrollment Follow-Up (*Claire Coyne, Jerome Hunt, LaTonya Parker, & Iolani Sodhy - Gereben*)

Description: This session is a follow-up to the general session on Academic and Professional Matters: Implementing Dual Enrollment with Intentionality. If you have questions, information, or innovative ideas following that general session, then this session is for you! Join us for an interactive and lively
discussion to take a deeper dive into AB 288 legislation. What can faculty do to stay engaged in the authorization of specified high school pupils to enroll in up to 15 units per term? How can faculty build partnership programs that ensure specified conditions are satisfied? How can faculty create conditions that would authorize a community college district to exempt special part-time and full-time students taking up to a maximum of 15 units per term from specified fee requirements? These questions and more will be discussed at this session.

A community college district board may offer, subject to the approval of the Board of Governors of the California Community Colleges, and in accordance with rules and regulations to be adopted by the Board of Governors, courses under a flexible calendar.

Adopted April 3, 1

CALIFORNIA EDUCATION CODE, STAFF DEVELOPMENT FUND
This article details the staff development fund. While the flexible calendar program is not specifically addressed in this article, flexible calendar activities are part of a staff development program. Consequently, this fund can be used to support faculty development activities administered under a flexible calendar program.
funds to community colleges for supporting locally developed and implemented faculty and staff development programs.

SECTION 87151. ALLOCATION OF FUNDS; AFFIDAVIT REQUIREMENTS
The Board of Governors of the California Community Colleges shall annually allocate funds appropriated for the purposes of this article to each community college district whose chief executive officer has submitted to the Chancellor an affidavit which includes:
(a) A statement that each campus within the district has an advisory committee, composed of administrators, faculty, and staff representatives, which has assisted in the assessment of the faculty and staff development needs and in the design of the plan to meet those needs.
(b) A campus human development resources plan has been completed for the current and subsequent fiscal years.
(c) A report of the actual expenditures for faculty and staff development for the preceding year.

SECTION 87152. INITIAL ALLOCATION
(a) The initial allocation to each district, from funds appropriated by the Legislature therefore, shall be an amount equivalent to one-half of one percent of the fiscal year revenues, as defined by Section 84700, received by the district, for the 1987-88 fiscal year.
(b) In subsequent fiscal years, no district shall receive an allocation greater than 2 percent of its fiscal year revenues, as defined in Section 84700, for the prior fiscal year.

Section 87153. Authorized Uses of Funds
The authorized uses of funds allocated under this article shall include all of the following:
(a) Improvement of teaching.
(b) Maintenance of current academic and technical knowledge and skills.
(c) In-service training for vocational education and employment preparation programs.
(d) Retraining to meet changing institutional needs.
(e) Intersegmental exchange programs.
(f) Development of innovations in instructional and administrative techniques and program effectiveness.
(g) Computer and technological proficiency programs.
(h) Courses and training implementing affirmative action and upward mobility programs.
(i) Other activities determined to be related to educational and professional development pursuant to criteria established by the Board of Governors of the California Community Colleges, including, but not necessarily limited to, programs designed to develop self-esteem.

SECTION 87154. OPERATION OF ARTICLE
This article shall be operative during any fiscal year only if funds are provided therefore in the annual Budget Act for that fiscal year or other legislation.

II. Approval of January 16, 2024 Minutes – approved by consensus by committee. Kudos to committee member Sigrid on an accepted article on CPL in the upcoming ASCCC Rostrum. Other announcements provided included a discussion on the draft Spring Plenary program and that there are 2 CTE focused breakouts scheduled.

III. ASCCC and Regional Consortium Planning Update – Lynn shared an updated from our recent Inland Empire regional collaboration. Overall, it went well. CPL presentation was a highlight for many who attended. Alana shared that there were many CTE liaisons and various other roles in attendance. There were 60 registered for the event only 30 attended.

a. North Far North (March 27, 2024) in Sacramento – planning is happening now. Current interest in CPL and Dual Enrollment.

b. New date for San Diego Imperial (May 17, 2024) – This regional was initially planned in March but needed to be rescheduled to May. Stephanie will initiate an initial reach-out soon to start planning.

c. Central Mother Lode update- transition in leadership for the consortium. Planning is difficult currently. This collaboration may need to be aligned with one of their events or postpone a regional event in fall 2024.

Question emerged on our follow up communication protocols to thank attendees for participation and share resources. Stephanie will follow up with ASCCC staff to see if this is possible and link some of the major resources that were shared. (Attendees only?)

IV. Webinar Planning/Support/Debrief

a. Work Experience (February 2024) – Thanks to the presenters, was a lively discussion and very informative. We did receive feedback that it was very useful and enlightening. Of
specific note was how noncredit can connection with work experience. Alex shared that he is working on some follow up activities with work experience that can support students in nontraditional apprenticeships.

b. Gender and CTE Fields (March 7, 2024) – Nicole provided an update on the status of the presentation and plan for open discussion with example of strategies.

c. CTE MQ, Equivalency and Eminence (April 10 2024) – Stephanie updated the committee on the recent approval by ASCCC Exec for this additional webinar. We will be collaborating with the chair from the ASCCC Standards and Practices committee. A planning meeting will come. Amar expressed willingness to collaborate on this event.

Recording from these webinars will be made available after the event.

V. Planning for Addendum to CTE Minimum Qualifications Handbook - There is a lot of information that is still very useful and applicable. The goal is just to “update as needed” to bring it to currency.

a. Areas Identified for Updating: p. 30 – GE Equivalency Worksheet – other areas needing to be updated 1) changes remove of competencies; 2) add Ethnic Studies and expand what is currently included; 3) number of units; 4) realignment of areas; 5) check for consistency in narratives; 6) update equivalency examples.

Other suggestions that emerged in our group conversation included: Maybe expand apprenticeship section? And add something about Credit for Prior Learning? Minimum Qualifications for CTE faculty as related to CPL for students?

b. Logistics for Updates – Next meeting will be a working session specifically focusing on bringing in a variety of examples specifically how ethnic studies might be seen in CTE discipline (March); update apprenticeship section (April); Synthesize draft and finalize CPL section (May) with a goal of submitting to ASCCC Executive Committee in June as a review.

c. Assignments of areas to work on – The chair asked the committee to continue to fully review the handbook and collect examples. Stephanie will work on updating the draft grid in alignment with Title 5 for committee review in March. Alex will help take a first pass at the apprenticeship section. Stephanie will create a shared document to support our draft work.

VI. Future Meetings – The chair will send a poll to set our next meeting.

VII. Upcoming Events – the chair shared the following upcoming events.

II. Approval of November 20, 2023 Minutes – Committee adopted this set of minutes by consensus.

III. ASCCC and Regional Consortium Planning Update – The chair provided an update on the planned upcoming collaboration events. See dates below under agenda VIII. Two events needed to be rescheduled in response to some consortium leadership has changed and other conflicts.

a. Inland Empire (February 9, 2024) – A CPL highlight during this event will be led by Sigrid on and Lynn will help facilitate on behalf of ASCCC.

IV. Webinar Planning/Support/Debrief – There has been a series of Webinars

a. CBE (December 7, 2023) – had 60+ attendees. The recording of the webinar will be shared soon to attendees and on our website.

b. Work Experience (February 7, 2024) – Alex from the CTEL Committee will help with this presentation along with some members from the ASCCC noncredit committee.

c. Gender and CTE Fields (March 7, 2024)

d. **(NEW SUGGESTION)** – April 2024 around the use CTE MQ handbook/ toolkit? (Stephanie will reach out to Eric Wada from Standards and Practices to see if there is a need for collaboration) – This added webinar will need to be submitted to ASCCC for approval of the webinar as well as an opportunity to seek input on additional tools needed by practitioners.

V. **ADDED**: ASCCC Spring 2024 Plenary Discussion – The chair shared that we are collecting ideas on possible CTE BO sessions and any needed CTE focused Resolutions suggestions.
a. L. Shaw suggested a focus on a presentation on how to bring in CTE faculty engagement in governance.

b. A. Abbott suggested equivalencies, MQs, “eminence” in CTE and how are there guidelines on how they are implemented.

c. A. Jones suggested a focus on various funding that impacts CTE, bradding CTE funding with General funds to be creative to support students.

d. S. Williams – suggested a topic on CPL

e. Question arose on how many CTE faculty are local senate presidents. Stephanie will investigate.

f. Resolutions are due from committees mid-February.
   i. Link between MQ and equivalencies and advocating for training for local committee trainings on CTE MQs, etc.

VI. Rostrum Brainstorming – The chair updated on the recent Feb submissions.
   a. March 2024
      i. MQs and Equivalency for CTE
      ii. Gender and CTE
      iii. “eminence” - C. Howerton will do some preliminary research on this topic will impact across all disciplines not just isolated to CTE.

VII. Planning for Addendum to CTE Minimum Qualifications Handbook – The chair shared update on feedback from ASCCC on supporting our committee focusing on support areas from the handbook versus a full revision. Topics for consideration include CPL and equivalencies, Ethnic Studies-new requirements, bachelor’s degrees, and training committees. The chair request for all committee members to review the handbook that was shared prior to this meeting, and as a committee we will discuss further our committee’s next step on this project. Once topics have been identified, we will “divide-and-conquer” to draft updates.

VIII. Future Meetings – The Chair will send out a poll to set our next meeting, and reminder about work on the handbook addendum.

IX. Upcoming Events – In addition to the following regional events, there is an ASCCC Plenary scheduled in April in San Jose. Alana shared her availability to support some of the events that are scheduled (specifically the LA or San Diego events)

The Curriculum Committee is charged to make recommendations to the Executive Committee on issues related to the development, review, implementation, and assessment of all aspects of curriculum both at the college and state level. The committee distributes information through institutes and other forms of professional development, the website, and listservs, as well as senate publications. Under the direction of the president, the chair and/or members of the Curriculum Committee provide technical assistance to local college curriculum committees, academic senates, and the faculty in general. Note: Resolution 15.03 S94 charged the Senate with appointing a library science member and noted past recommendations to the Senate to appoint a counselor, articulation officer, vocational education and basic skills faculty. Membership of this committee includes a Chief Instructional Officer (CIO) appointed by the California Community Colleges Chief Instructional Officers organization.

B. Spring 2024 Regionals Discussion: South (Debrief) – February 24, 2024 Santa Ana College in Santa Ana, CA; Central Valley March 1, 2024 at College of the Sequoias in Visalia, CA; North – March 2, 2024 DeAnza College in Cupertino, CA
1. Debrief South from February 24, 2024 - Committee debriefed the Spring Regional at Santa Ana College to see if anything needed to be focused on for the upcoming Central Valley and North Regionals. It was discussed that we need to make sure there is bottled water at the next two, and also request wayfinding signs to help folks find the event on campus.

2. Non-committee presenters: We will be joined by Stephanie Curry, Eric Wada and Erik Reese and Karen Chow; Sharon Sampson (South), Nili Kirschner (North), Dr. Sarah Harris (Central Valley) and Mark Edward Osea (North) have also joined presentations: The committee discussed that for the last two regionals, we would be joined by members of 5C and Eric Wada and Stephanie Curry.

X. Spring 2024 Plenary Session – April 18-20, 2024; San Jose, CA: Committee members were reminded that Spring Plenary is coming up and that committee members are welcome to participate in several ways. They can join breakout sessions and help present, or even contribute to the upcoming resolutions packet for the Area meetings.

A. Breakout Participation? ASCCC Spring 2024 Plenary Session Draft
B. Presenters?
C. Resolutions?

XI. ASCCC 2024 Curriculum Institute Planning - The Committee spent the majority of its time discussing and working on the 1st draft of the Curriculum Institute. The major discussion was continuing to discuss the 1st draft that will be on the agenda for approval at the ASCCC Executive Committee meeting on March 8-9, 2024. We discussed that the draft would continue to evolve and that the Executive Committee would be making recommendations and will ultimately have the final word on the institute. Once the ASCCC Executive Committee approves the first draft, the committee will have to meet its next deadline of April 1, 2024 to submit a 2nd Draft of the program for the ASCCC April 17, 2024 meeting. We also discussed topics which committee members felt they could contribute to in the way of presentations. We discussed also that the committee is expected to serve as “hosts” for the event as the staffing from ASCCC will be minimal compared to the other events, although the Curriculum Institute is the largest event. The committee reviewed the google sheet and continued to make recommendations on which topics should be presented in the first draft of the program, and were advised to continue to visit the google sheet and make suggestions until the March ASCCC meeting. The committee understands that because we do not have an all day meeting scheduled, that most of the work will be done through suggestions, and the Chair of the committee working directly and updating the draft as necessary. The committee reviewed Travel Arrangements and were encouraged to make their arrangements for reimbursement as soon as possible if necessary, as not everyone will have to fly. If driving, reimbursement will obviously occur after the institute.

A. Curriculum Checklist – Review Checklist
B. Update on ASCCC 2024 Curriculum Institute – 2nd Draft Due by April 1st which is the agenda item deadline for the April 2024 ASCCC Executive Committee meeting. Proposed presenters and proposed topics/descriptions due also.
C. ASCCC 2024 Curriculum Institute First Draft 2.21.2024
D. **ASCCC 2024 Curriculum Institute Skeleton Table of Contents 2.21.2024**

E. Travel Arrangements: Committee members will need to make travel arrangements and be reimbursed, except for Hotel Room which will be booked by ASCCC staff. If there are any hardships, please let Chair know so that it can be communicated to ASCCC Executive Director on a case by case basis and be resolved. Committee members are expected to attend in person to assist with the event and to present (if desired). Flights seem to be sufficient for those coming from the North to and from Burbank Airport.

F. **Theme - Done**

G. Programming – Committee will determine “recommended” topics (to be completed with the 2nd draft), suggest presenters and draft session descriptions (some of this will be completed outside of the monthly meeting via the chair and subcommittee work). We will recommend topics and session description and presenters to the ASCCC Executive Committee (who has the final say, as well as identified session leads will have an opportunity to change the title and description of the session to align with their presentation and with the theme of the institute and mission of the ASCCC). **Sample of a Working Draft of the CI**

Spring 2024 ASCCC Curriculum Regionals - The committee engaged in a final debrief of the Fall Regionals and then opened discussion on the upcoming spring regional meetings at Santa Ana College, College of Sequoias, and DeAnza College. Robert encouraged committee members to attend whichever regional meeting(s) they could, with travel expenses being reimbursed, as long as they are in some way assisting with the regional. The final preparations for an upcoming program were discussed, with adjustments made to the chancellor's office's session, with Dean Erin Larson representing the CCCCO rather than Vice-Chancellor John Stanskas. The program was designed to have a check-in and breakfast from 9 to 10, followed by four general sessions. The chancellor's office's focus for this curriculum regional will be on credit for prior learning and the Baccalaureate Degree Program. Robert also discussed the organization of upcoming committee work, assigning Iolani and Erin to lead the creation of a presentation for the CPL/BDP session. Julie will take the lead on the CalGETC session. Manuel will take the lead on the IDEAA Strategies for Curriculum and Robert will take the lead in organizing the MQ/Equivalency/Cross-listing session. Robert emphasized to the members who are participating in the upcoming spring regionals the need for attendees to make their own travel and accommodation arrangements and follow the ASCCC Travel and Reimbursement policy and use the form. The committee finalized the Spring Curriculum Regional and are ready to implement.

X. Spring 2024 Plenary Session – April 18-20, 2024; San Jose, CA - Robert announced that the planning for the Spring 2024 Plenary has begun. The ASCCC Executive Committee will review a first draft of the plenary program and work out a theme. Once Robert gets the assigned sessions, the committee will discuss the potential for our committee member to
join Plenary presentations. Robert will discuss this with the committee at the February 2024 meeting. Robert reminded the committee that committee members can submit resolutions concerning curricular matters to be submitted for consideration by the Executive Committee at their March 2024 meeting.

A. Breakout Suggestions?
B. Presenters?
C. Resolutions?

XI. ASCCC 2024 Curriculum Institute Planning - The committee engaged in discussion about the 2024 Curriculum Institute. Specifically on which general topics should be carried over from previous years, including pre-pandemic, which Billie Jo suggested there may be areas that we moved away from due to the pandemic that may need to be revisited. The committee also finalized the recommended timing scheme for the institute, and discussed what the committee wanted to see in the Pre-sessions. The committee felt it was important to make sure that the pre-sessions for new/newer/aspiring was truly that, and designed for those with little to no experience with curriculum in the various areas. The committee also felt that since we have the logistical room, that we should also design a pre-session event for those with experience. Robert reminded the committee that he would be working offline to finalize a first draft based on feedback from the committee, the Fall Regional events, feedback from the field, and feedback from the executive committee as it comes in. A first draft and agenda item request is due on February 21, 2024 and it is the responsibility of the chair to make sure that deadline is met. Robert emphasized to the committee that when the committee meets in February 2024, we will discuss temporary titles for the sessions, as well as begin making suggestions for who we want to recommend as leads/presenters. Robert also reminded committee members that the Curriculum Institute is put on by this committee and thus the committee members are all expected to attend in person and participate fully in various aspects of the event. Because it is in July, the support structure is a little different than other ASCCC events, in that the committee assumes much of the “hosting” responsibilities as well as some of the logistics. Committee members are expected to participate in the presentations as well.

Robert reminded the committee of the checklist for the institute and reminded them that we have a deadline on April 1, 2024 to submit a more complete draft for a second reading, then on May 21, we have to submit a final draft, and finally on April 10, we have to submit a final program. We will discuss next steps at our February 27, 2024 meeting. Robert reminded the committee to make sure they are making their travel arrangement now, and it was clarified that committee members will not have to do anything about the hotel, as they will be part of the rooming list along with Executive Committee members. However, airfare should be scheduled and a reimbursement form filled out after the event. If you are driving, reimbursed mileage will be done after the event. Robert also stressed the importance of letting him know if there will be a hardship to take care of airfare (for reimbursement), so that he can communicate with the ASCCC leadership to ask for a waiver of that policy. Registration will also be taken care of by the ASCCC office staff along with the hotel accommodations.

B. Update on ASCCC 2024 Curriculum Institute – Draft Outline Due by February 21st which is the agenda item deadline for the March 2024 ASCCC Executive Committee meeting.
C. **ASCCC Curriculum Institute Draft Outline Sample** – Committee will complete its first draft outline

D. Travel Arrangements: Committee members will need to make travel arrangements and be reimbursed, except for Hotel Room which will be booked by ASCCC staff. If there are any hardships, please let Chair know so that it can be communicated to ASCCC Executive Director on a case by case basis and be resolved. Committee members are expected to attend in person to assist with the event and to present (if desired). Flights seem to be sufficient for those coming from the North to and from Burbank Airport

E. Theme - Done

F. Programming – Committee will determine topics (to be completed with the draft), suggest presenters and draft session descriptions (some of this will be completed outside of the monthly meeting via the chair and subcommittee work). **Sample of a Working Draft of the CI**

G. Special Touches? Committee will finalize the pre-conference format

Curriculum Committee Meeting
Monday, November 13, 2023
1:00 p.m.—3:00 p.m.

The Curriculum Committee is charged to make recommendations to the Executive Committee on issues related to the development, review, implementation, and assessment of all aspects of curriculum both at the college and state level. The committee distributes information through institutes and other forms of professional development, the website, and listservs, as well as senate publications. Under the direction of the president, the chair and/or members of the Curriculum Committee provide technical assistance to local college curriculum committees, academic senates, and the faculty in general. Note: Resolution 15.03 S94 charged the Senate with appointing a library science member and noted past recommendations to the Senate to appoint a counselor, articulation officer, vocational education and basic skills faculty. Membership of this committee includes a Chief Instructional Officer (CIO) appointed by the California Community Colleges Chief Instructional Officers organization.

VIII. Fall 2023 and Spring 2024 ASCCC Curriculum Regionals
A. ASCCC Specifications for Regional Meetings
B. Fall 2023 Regionals are Underway: South – Oct 21, 2023 at Orange Coast College; North Oct 28, 2023 at Woodland Community College; Central Valley – Nov 4, 2023 at Bakersfield College
   Iolani and Julie joined presentations; Meredith, Julie and Jamar signed up to assist at the regional(s) they are attending. The committee debriefed the first of the Fall 2023 regionals. The regional at Orange Coast College went well and was well attended. The committee will send thank you cards to Senate Present Lee Gordon and the Orange Coast College Academic Senate and CIO Michelle Grimes-Hillman for being fantastic hosts for the South regional. Cards will also be sent out to all presenters as well.
   C. Spring 2024 Regionals Discussion (Continue Planning): South – February 24, 2024 TBA; Central Valley March 1, 2024 at College of the Sequoias (needs to be finalized); North – March 2, 2024 DeAnza College (needs to be finalized)
   The Spring curriculum regionals are being planned currently. Locations are being finalized by the ASCCC staff. North and Central Valley events are awaiting finalization from the colleges stated above. The ASCCC staff is still working out the college location for the south regional.
D. Fall 2023 Plenary Session – November 16-18, 2023; Costa Mesa, CA
   Committee members who have signed up to present at the Fall 2023 Plenary should be hearing from session leaders regarding the creation of the presentations. There was a question about whether any part of the expenses will be covered for committee members who are presenting. Robert said he didn’t think so, but would confirm.
E. Theme: “Journey to Vision 2030: Faculty Perspectives”
F. Committee Participation: Iolani, Nick and Meredith joined presentations

IX. 2023-2024 Curriculum Committee Goals and Priorities
A. ASCCC Strategic Plan Website; consider the ASCCC 2023-2026 Strategic Plan Directions
B. Align all work to areas in the strategic plan directions
C. Curriculum Committee Work Plan (Goals & Priorities)
1. ASCCC Fall 2023 and Spring 2024 Curriculum Regionals
2. ASCCC Fall 2023 and Spring 2024 Pre-Recorded Curriculum Regionals Follow Up Webinars; we need to submit an agenda item by October 29, 2023
3. ASCCC Fall 2023 and Spring 2024 Plenary Sessions (Breakouts; General Sessions; Resolutions)
4. ASCCC 2024 Curriculum Institute Planning and Implementation
5. Rostrum Article Ideas and workgroups – Rostrum Deadlines October 1, 2023; January 14, 2024; March 3, 2024; ASCCC Publication Guidelines

Committee discussed the 6 goals and priorities above. The committee discussed the importance of aligning the goals and priorities with the strategic goals and plan of the ASCCC. Robert informed the committee that if the committee wishes to still do a “virtual option” of the curriculum regionals, that he needed to put in an agenda item by October 29, 2023 to get approval from the executive committee. The committee decided it was still what they wanted to do.

The Fall and Spring Plenaries will have the same theme or similar themes. Committee members will have the same opportunity to participate in the Spring 2024 Plenary. Committee should begin thinking of curricular sessions we may want to see at the Spring Plenary.

The committee will talk more today about the Curriculum Institute later in section X of the agenda. Please continue to work on ideas for Rostrums and Resolutions.

D. Review Charge for any possible updates in regards to IDEAA
   Committee should still throughout the year reflect on the charge of the committee and provide any feedback on whether the current charge does enough to champion the tenets of IDEAA.

E. Review any outstanding Resolutions that need to be addressed by the committee

F. Review and potential update of the ASCCC Professional Development College Curriculum Course found at: ASCCC-OERI Professional Development College
   We may not get around to this because we have so much to do. However, we can review the course and make recommendations on the design, content, and assessments of the course.

X. ASCCC 2024 Curriculum Institute Planning
   A. Curriculum Institute Checklist
   B. Overview of the ASCCC 2024 Curriculum Institute (Example in Google Folder)
   C. Theme - Done
   D. Programming
   E. Special Touches?
      The Committee went through the Curriculum Institute Checklist line by line, noting the deadline dates along the way. The committee understands the importance of staying on top of the checklist and working backwards from deadlines to inform our work going forward. Our meetings moving forward will be focused on putting together the program. The committee spoke about being ok with trying new things at the CI this year. There was a request from the field to have some working sessions where attendees can get their hands dirty in an experiential manner. The committee thought about how to add to the pre-sessions in an intentional way in order to reach “True” bonafide folks who really do not know anything about curriculum.

XI. Announcements
   A. Check for upcoming events at ASCCC Calendar of Events
Fall 2023 Area Meetings – October 27, 2023
Fall 2023 Plenary Session – November 16-18, 2023; Costa Mesa, CA (hybrid)

B. Application for Statewide Service

Please spread the word, it is never too late to sign up for Statewide Service.

XII. Closing Comments
   A. In Progress Review
   B. Any other final comments or suggestions?
      Robert congratulated the committee on their hard work on the curriculum regionals, and looks forward to continued collaboration.

   J. Modality

The committee discussed possible locations for Fall and Spring regionals. The group decided to send a few colleges for each area to the planning groups with ASCCC to narrow down the best location due to their experience in planning events and knowing the logistics of individual colleges when it comes to accessibility and likelihood of availability.

The committee created a mock agenda and narrowed down a list of important topics to present at the regionals. Including: CO updates, AB 1111, AB 928, Dual Enrollment & DEI

Mocked up agenda found in Google share folders

Equity Diversity Action Committee
December 8, 2023, 2:00-4:00 PM
Zoom Meeting

Committee Charge: The Equity and Diversity Action Committee (EDAC) responds to resolutions from sessions that deal with the issues of equity, diversity, and inclusion in hiring, equal opportunity, and cultural diversity in the curriculum. EDAC recommends strategies that promote student equity and student success, including effective teaching and student learning styles and fostering a campus climate conducive to faculty diversity and student achievement. The committee provides overall guidance to colleges and recommendations to the Executive Committee with regard to the inquiry, design, and implementation of Guided Pathways frameworks and engages in broad, and inclusive discussion and inquiry about the diversity, action and inclusion integral in the Guided Pathways approach, framework and evidence. The Committee advises the Executive Committee on guidelines, laws and regulations relating to equal opportunity and cultural diversity and promotes the integration of equity and diversity issues in appropriate ASCCC activities. Revised spring 2021

Community Agreements:

1. **Show up**, or choose to be present.
2. **Pay attention** to what has heart and meaning.
3. **Tell the truth** without blame or judgment.
4. **Don't be attached to the results**: stay open to the outcome, not attached to it.

Breakouts
   In-person breakout accessibility issue--need microphones and live closed-captioning (portable microphone that can connect to bluetooth speaker)

Encouraging inclusion, accessibility, participation in Academic Senate (ASCCC scholarships & opportunities) from/for LGBTQ+ and persons with disabilities (including these groups in who ASCCC is targeting)

Sign-in Sheet for in-person breakout sessions-- suggestion/capture in survey of attendees

Power of seeing the faces of ASCCC event attendees and presenters--ASCCC & ASCCC Foundation websites

EDAC Resolution Passed, yay! -- Final version

V. Committee Work In Progress:

A. January 19 Webinar on Professional Development -- DESCRIPTION needed-- “IDEAA Centered Professional Development For Faculty”

   Janue had suggested Katie Palacios (instructional designer and Mesa Ongoing Support Team program at San Diego Mesa) to present.

   Maybe also the 2023 Regina Stanback Stroud recipient--- reach out to her to participate. Should we invite PD Faculty Coordinators to present? Possibilities? Heather Eubanks (Sierra College) who attended our Plenary sessions and discussed work she’s doing; also does Janue have any colleagues in mind?

B. Rostrum Articles for January 14 submission:
   Rostrum Articles Deadlines:

   2) Nurturing Emerging Faculty Leaders Through FELA (Emily)
   3) “Strategies for Challenges To Inclusive Leadership” (Writeup of Fall Plenary Session Feedback-- Karen, Kimberley, Maria, Cherise?)

C. Melissa’s work on Code of Conduct Draft

D. Proposals due for APAHE on Monday December 11, and for A2MEND January 12
**Update:** ASCCC Foundation has approved up to $6000 in scholarships for each conference for faculty to apply to attend A2MEND, APAHE, and Colegas

Post-Meeting Update from API Caucus meeting on Monday 12/11 that Karen attended-- API Caucus Chair Pablo Martin & member Michael Takeda (former API Caucus chair) were interested in submitting a proposal to have a workshop to discuss the work of the ASCCC API Caucus and how they participate in the Resolutions process. So, that was submitted as a proposal on 12/11 after the group brainstormed together.

**E. IDEAA Regionals in March??** One in South (Edgar’s College--Feb 23 or March 1), one in North? OR Proposal for CCCCO Pathways To Equity conference April 8-9 in Anaheim, CA? Proposals due Jan 15

Edgar is looking into potential end of February/early March Friday/Saturday to host an IDEAA Regional at LA Valley College

Members in attendance unanimously agreed that a Proposal from EDAC to present at CCCCO Pathways to Equality Conference would be good--Karen to check in with Cheryl and Krystinne about this.

**VI. Committee Work Completed:**

**Fall Plenary Breakouts were successful and well-attended! Thank you to presenters!**

6. Action items
   a. FACCC Partnership for Spring Part-time faculty symposium
      i. Guest Jake Traugott (Chair of the FACCC Part-time Committee)
ii. Jake shared what FACCC is. It is an organization that focuses on advocacy and policy to support faculty. They work directly with legislation.

iii. They would like to partner with ASCCC for their Part-time Faculty Symposium. It will happen late May or early June in Zoom. There will be a panel discussion (they will invite the chair of our committee), and break out sessions. They would like to have some of us participating in the break out sessions. More details will be shared at their January meeting. Maria-Jose was invited to attend in representation of this committee.

iv. Their theme will be around the One tier system (based on the Vancouver model). The prior president of the FACCC is writing a paper that talks about the One tier system moving away from the moral argument to a data driven one as this will make more of an impact for legislators. The article will be shared with us later on.

v. I shared that I am also attending the CFT Part-time faculty committee in an effort to learn and align our efforts in support and advocacy for Part-time faculty.

b. Part-Time Faculty: Equity, Rights, and Roles in Governance Paper. To be presented for a vote at the Spring Plenary. We will be working on it to improve.

i. Survey results were shared after our last meeting.

ii. We will devote our January meeting to edit this paper to be presented to the ASCCC final feedback. The goal is to have this paper finalized to be presented and voted on at the Spring Plenary.

c. Update on resolution Add a Designated At-Large Part-Time Representative to the Executive Committee

i. I talked about this resolution with the ASCCC President as I was going to bring all our concerns and questions to them. She expressed that this resolution will be assigned to the Elevating Faculty Voices taskforce that is being formed. Once they have their membership, they will be working on providing answers and a plan to make this happen.

d. Review Part-time resolution passed by consent at Fall 23 Plenary

i. Supporting Equal Rights for Part-time Faculty

1. Resolves will be added as recommendations to the paper

e. 2022-2023 Part-time Faculty Committee End of Year Report

i. Priorities to work on this semester

1. We are already working on most of the recommendations from last year’s committee
2. After, we are done with the paper, we will focus on creating a strong survey and recommend we use one a semester to gather longitudinal data.

7. ASCCC Events
   a. Fall Plenary Debrief 2023
      i. Addressing Part-Time Faculty Inequities in Academic and Professional Matters
         1. Institutional and systemic marginalization of part-time faculty in the California Community College is deep and ingrained in our process and policies. Even though part-time faculty play an essential role in supporting the educational goals of over 1.8 million students and fulfilling the promise and mission of California Community Colleges, they experience inequitable treatment in the workplace across the full range of academic and professional matters. In this session, we will address part-time faculty inequities in Academic and Professional Matters.
         2. This session was well attended by Part-time and full-time faculty. It was interactive and many stories were shared. For example, the delegate for voting from Miracosta College was one of their part-time representatives at their senate.
         3. Many of the recommendations shared by faculty and by our presentation will be added to the paper.

8. Next meeting Monday January 22 from 11 to 12:30pm (workshop to work on the paper)
Committee Charge: The Equity and Diversity Action Committee (EDAC) responds to resolutions from sessions that deal with the issues of equity, diversity, and inclusion in hiring, equal opportunity, and cultural diversity in the curriculum. EDAC recommends strategies that promote student equity and student success, including effective teaching and student learning styles and fostering a campus climate conducive to faculty diversity and student achievement. Discussed feedback from Exec. Melissa: while the feedback about faculty responsibilities for creating safe classrooms/learning environments is beautiful and positive, this toolkit was specifically addressing the part of the Resolved to develop resources “to promote up-to-date and well-publicized codes of conduct and procedures for dealing with discriminatory disruptions and racelighting.” We will aim to bring back an updated “Institutional Support For Faculty Maintaining Safe Classrooms”

b. Part-Time Faculty: Equity, Rights, and Roles in Governance Paper Update

i. The paper was shared as a first read at the ASCCC February Executive meeting. Members of this committee have consistently provided feedback and edits. Members of the ASCCC exec team also provided feedback.

ii. The paper will be presented as a second read in the exec meeting in March. Once approved by this body, then a resolution will be presented at the Spring Plenary so the delegates can vote to approve this paper. Feedback from FACCC Part-time committee member, shared with permission

iii. The resolution to adopt this paper was sent to the ASCCCC Resolution team to be voted at Spring Plenary

c. Update on resolution Add a Designated At-Large Part-Time Representative to the Executive Committee

i. Discussed the intent to add language to the bylaws to formalize the process to add a designated Add a Designated At-Large Part-Time Representative to the Executive Committee
ii. Shared about the complications about compensating part-time faculty for the work with ASCCC as compensation depends also at the local level.

1. Could part-time have a stipend? The general voice is that colleges are not supportive of this idea as they already have full-timers who are supposed/required to do this as part of their teaching obligation.
2. Do stipends have to come from the senates? Paid for time in the meeting or for all the extra work.
3. Does compensation have to be dependent on unions?
4. How are part-time senators compensated at the senate.

d. Review Part-time resolution passed by consent at Fall 23 Plenary

i. Supporting Equal Rights for Part-time Faculty

1. Resolves added as recommendations to the paper
2. Some colleges working on Part-time faculty to be part of their executive team
3. Maria-Jose will find out how SD City College compensates their Part-time officer
4. It is important to take into consideration the repercussions of change of leadership therefore following the recommendation closely is imperative

e. 2022-2023 Part-time Faculty Committee End of Year Report

i. Priorities for this semester

1. Review data from Part Time Survey to help plan ASCCC Part Time Events

2. Support bylaws changes to address the resolution on Part Time Exec Member IN PROGRESS

3. Continue partnership with FACCC and professional development opportunities IN PROGRESS

4. Use Data to write additional resources for Part Time faculty including Rostrum, Toolkits, resolutions and presenting at conferences

5. Plan for ongoing surveying of Part-Time Faculty, Longitudinal Data and outreach to districts not participate in this survey (Data planning)

6. Plan smaller/targeted survey to address questions from survey/paper

7. Find a way to get qualitative data from part-time faculty
8. Work with ASCCC office to create annual data questions for longitudinal

7. ASCCC Events
   a. FACCC Part-time faculty symposium May 10th, 2-5pm
   b. Spring Plenary 2024 Apr 18 2024, 8am - Sat, Apr 20 2024, 5pm—

Krystinne Mica, Executive Director, ASCCC
Miguel Rother, C-ID Program Manager, ASCCC
Megan Trader, C-ID Program Coordinator, ASCCC

I. Introductions and Announcements
Chair May welcomed committee members and introductions were made.

II. Approval of the Agenda
The December 13, 2023 agenda was approved by consensus.

III. Approval of the November 8, 2023 Meeting Minutes
The November 8th ICC Meeting minutes were approved by consensus with the following revisions:

- Item VII, first paragraph. The word “was” is missing at the end of the second line (between “discussed” and “updating”)
- Item VII, first paragraph. Clarify the “Chancellor’s Office” in the third sentence is the CCC Chancellor’s Office.
- Item VIII, second paragraph (top line on page 3). “stem” should be all-caps.

IV. Updates
1. C-ID Advisory Committee
Davison gave a quick update on the C-ID Advisory Committee. The C-ID website survey had been sent out to the academic senate presidents, curriculum chairs in the community colleges, and the articulation officers Listserv. If more feedback is needed by the original survey completion deadline, Stamm from the tech center indicated they would be willing to extend the deadline to collect more feedback. The Ethnic Studies Faculty Discipline Review Groups (FDRGs) will continue to be convened in Spring 2024, with a goal to publish the CCCC0 templates on September 1st, 2024. Other news included that a member of the AO Subgroup, Kara Maas, stepped down and will need to be replaced, and that the Communication Studies FDRG will be convened to discuss changes that will need to occur with the implementation of Cal-GETC.

2. Model Curriculum Workgroup (MCW)
Roberson gave an update on the MCW. The MCW had been discussing the inclusion of baccalaureate degree programs. Other items included the impending C-ID website update and what information regarding the MCW should be displayed and where it should be housed.

3. Transfer Alignment Project Workgroup (TAP WG) – GM
May gave an update on the progress of the TAP WG, which has been working to convene STEM discipline FDRGs to look at the TMCs and ensure that CCC students are well prepared as they transfer to four-year university while fulfilling TMC requirements. Six FDRGs and partial FDRGs have met. Jim Chalfant (serving on the TAP, retired UC faculty member), has been looking at UC major requirements by campus and putting together spreadsheets. The outcome and suggested next steps, pulled as a minimum partial FDRGs to start the conversation. One recommendation going forward is that draft ADTs should be created to show the actual number of units that would need to be included. There has also been consideration for Area 5 in the Cal-GETC that, for some STEM majors, permits students to take a science course in each of two different disciplines instead of one in physical sciences and one biological sciences. Mica also announced that the ASCCCC has hired Holly Deme as Project Manager for
the Transfer Alignment Project (TAP). Other updates, by discipline, are included in the Report to ICC on TAP Work.

V. TMC Development for Discipline Selection
May presented the final document to the group. Barsky suggested considering the “regional diversity” criterium as a future agenda item for reconsideration.

VI. FDRG Processes
In light of AB 928 recommendations, in regard to fully staffing FDRG for upcoming five-year reviews and the TAP, May requested the group to consider and provide recommendations of what revisions and updates to the FDRG processes might be helpful to move forward with sufficient faculty recruitment. Regular intercollege meetings, inviting faculty from all three segments, were suggested to work on C-ID and TMC updates, in order to better encourage dialogue and intersegmental engagement. Financial compensation for FDRG involvement was also considered. May requested the group members consider various suggestions and ideas to bring forward to a future ICC meeting for consideration.

VI. ICC Traveling Roadshow
The group discussed the possibility of the ICC Traveling Roadshow to share the processes of TMC and ADT development. A suggestion was made to disband the FDRGs and convene discipline faculty from all three segments to review/develop TMC and curriculum requirements, vet TMCs and criteria developed/revised during these meetings, and then finalizing materials through the ICC. May suggested developing these ideas more fully and then bringing the information to the next ICC meeting.

XI. Future Agenda Items
1. ICC Handbook – GM
2. Reconsidering processes for TMC development and modification – GM
   Context: Processes, roles, and composition of FDRGs and DIGs

Staff Present:
Holly Deme, TAP Program Manager, ASCCC
Krystinne Mica, Executive Director, ASCCC
Miguel Rother, C-ID Program Manager, ASCCC
Megan Trader, C-ID Program Coordinator, ASCCC

I. Introductions and Announcements
Chair May welcomed committee members and introductions were made.
II. Approval of the Agenda
The January 24, 2024 agenda was approved by consensus.

III. Approval of the December 13, 2023 Meeting Minutes
The December 13th ICC Meeting minutes were approved by consensus with minor grammatical revisions.

IV. Reports
1. C-ID Advisory Committee
Davison gave a brief update regarding the C-ID Advisory Committee, which has not convened yet in 2024. The C-ID Advisory Committee has been having discussions regarding the C-ID website, which has been undergoing updates from the CCC tech center. A survey was sent out again in early 2024 via the CIAC email list to gather more responses regarding how the website can be improved and better serve California community colleges. It was reported that the C-ID Advisory Committee has also been having discussions about compensation for FDRG members and Course Reviewers for C-ID: how much to compensate faculty reviewers as well as how to fund the compensation.

2. Model Curriculum Workgroup (MCW)
Roberson gave a brief update regarding the work of the MCW. The MCW has been reexamining existing MCs to update the templates for consistency while making no changes to content. The group was also given a reminder that the Ethnic Studies Core Competencies were completed by the group and are now housed on the C-ID website. The MCW has been envisioning processes and policies, as well as where and how to house information regarding the work of the reconstituted MCW. The group has been discussing a survey which would be sent to the field to determine California community college needs and usage of MCs how to align the efforts of the MCW while making information provided by the MCW online convenient for CCCs. The group has also been continuing to consider how the future repository for MCs would best serve students. The MCW is considering baccalaureate degree programs, as there have been a number of emerging programs and noncredit programs.

3. Transfer Alignment Project Workgroup (TAP WG)
May announced that the TAP WG received funding and brought on Deme as the new TAP Program Manager. Deme, who had previously been the Program Director at ASSIST for ten years, was returning to work for the ASCCC again in this new role. Deme is now organizing and synthesizing all TAP information, including Google docs, minutes, a work plan, progress reports, etc. The TAP WG met on January 9th and discussed work that took place in the fall that presented in a report provided to ICC on December 13th. TAP WG is also working on designing a brand for TAP and creating a website to house information regarding the Transfer Alignment Project. TAP is currently looking at processes for how to bring in collaboration among CSU, UC, and community college faculty, in addition to including any faculty that may want to help with this project from independent institutions. The group is bringing in faculty from these segments to
identify where transfer pathways align and to explain when pathways don’t align, the benefits to students of having separate pathways.

V. Information/Discussion
1. Cal-GETC Implementation
Request: Identify how ICC actions can assist and not hinder the Cal-GETC implementation, then develop plan to minimize impacting.

California community college articulation officers have requested that the ICC evaluate the possibility of placing a pause on new or changed versions of TMCs for the September cycle while they continue to revise all ADT degrees to accommodate Cal-GETC requirements. The request to have a discussion to see if there’s an opportunity to place a hold on processing new or changed versions of TMCs would be to give some relief at the college level while articulation officers are trying to revise their other ADTs. After some discussion, the group agreed that while unable to put a moratorium on other ADT revisions and new ADTs, the ASCCC will continue to be available to help support this effort and any CCC staff and faculty should feel free to voice concerns and communicate if they need assistance.

VI. Discussion/Action
1. TMC Cal-GETC Conversions
Request: Provide a timeline for the release of remaining TMC Cal-GETC conversions.

Quinn presented this request for a timeline of the release of all remaining TMC Cal-GETC conversions. Quinn’s request originated from a concern regarding the Elementary Teacher Education (ETE) ADT, because it was not included in the list of TMC templates in Cal-GETC format on the Chancellor’s Office website. Davison clarified that STEM degrees and other high unit degrees were being prioritized as well as degrees with legislative or regulatory mandates. All other disciplines would be convened when possible. Rother noted the ETE FDRG is engaged and would likely have completed their revisions by the end of the semester. May stated that all TMC Cal-GETC conversions can only be guaranteed to be completed as soon as possible due staffing capacity.

2. Reconsidering processes for TMC Development and Modification
Context: Processes, roles, and composition of FDRGs and DIGs
May proposed discussing the processes to be more transparent, and the possibility of making available a list of FDRG members for each discipline, which might also help with recruitment efforts. Because of recommendations coming from the AB 928 committee on transparency on who’s doing the work, the C-ID Leadership group has engaged in discussion about how to share such a list of current FDRG members and what considerations to make if a faculty volunteer declined to share their participation on the website. Rother and Mica noted there is an internal list that already exists that can be shared with the CSUCO.
However, a larger conversation around public facing information would need to take place before posting that information on the website.

XI. Future Agenda Items
1. ICC Handbook – GM
Sanchez is working on a short segment regarding the CSUCO to add to the ICC Handbook.

2. ICC traveling roadshow – GM
Sanchez, Mica, and May will be considering possibilities for a traveling roadshow to discuss at the next ICC meeting.

XII. Adjournment
Intersegmental Curriculum Council (ICC)
November 8, 2023
Via Zoom

In Attendance:
Voting Members
David Barsky, Mathematics faculty, CSU San Marcos

Miguel Rother, C-ID Program Manager, ASCCC
Megan Trader, C-ID Program Coordinator, ASCCC

I. Introductions and Announcements
Chair May welcomed committee members and introductions were made.
II. Approval of the Agenda
The November 8, 2023 agenda was approved with the following revisions:
- Correct the committee title
- Incorporate reorganization of committee members listed and clarification of the roles of each member

III. Approval of the October 4, 2023 Meeting Minutes
The October 4th ICC Meeting minutes were approved by consensus.

IV. TMC Development for Discipline Selection - Update
An update on discipline selection for future TMC development was given. A subcommittee has been formed (Sanchez, Young, Kutil, Hamilton, Arambula, and Davison) and is currently working to define the requirements for discipline selection.

V. Updates
1. C-ID Advisory Committee
   - Davison gave an update regarding the Discipline Input Group (DIG) sessions that were convened via Zoom to discuss the development of TMCs for Music Industry Studies, Women & Gender Studies, and Cybersecurity. The Music Industry Studies and Women & Gender Studies disciplines will be moving forward with the creation of TMCs, while Cybersecurity will not be moving forward at this time.
   - C-ID staff is also working to recruit faculty volunteers to fill out as many incomplete FDRGs as possible, so that work toward TMC creation or revision will not be stalled. Davison mentioned there is discussion toward possibly convening future DIGs and FDRG meetings in person.
   - The new Public Health TMC will have the “2.0” removed from the title.

2. Model Curriculum Workgroup (MCW) Committee
   - Roberson gave an update regarding the MCW Committee, which met on October 30th. The committee reviewed their charter responsibilities and membership to include these clarifications in the ICC handbook. The group will also review information about the MCW Committee that is currently housed on the C-ID webpage. The C-ID site is undergoing changes, so any proposed revisions will be taking the site update into account.
   - The group also discussed coordinating with the regional consortia to ascertain whether their respective scopes of work overlap. The group also discussed sharing information about the MCW at future events, such as Curriculum Regionals or future Plenary Sessions or hosting special events for this purpose.

3. Transfer Alignment Project Workgroup
May presented gave a brief update regarding the TAPW meeting that took place Monday the 6th to discuss high unit STEM pathways. There were no items from TAPW attendees for further discussion at the ICC meeting.

VI. TMC Request Updates
Rother and Davison gave updates regarding incoming TMC requests from the field. There was one TMC request for Japanese, one for Elementary Teacher Education with a Special Education focus, and one for Counseling. Previous to the fall semester there had also been one for Architecture. Because of the student-centered funding formula there have been more colleges interested in creating CSU transferrable TMCs for fields that don’t already have one created in C-ID. However, because of the finite resources of time and work on behalf of C-ID staff, there may be a limit to how many TMCs that can be created or explored per semester.

VII. ICC Priorities for 2023-24
May presented a draft document outlining the previously established purpose and responsibilities for the ICC (formerly ICW). One priority the group discussed updating TMCs for compliance with Cal-GETC. The Chancellor’s Office has also begun to discuss updating the ADT submission form, so they are requesting that the TMCs are updated for Cal-GETC compliance as soon as possible. A uniform TMC template is also in the process of being created to minimize confusion and ensure that all pertinent information is included when articulation officers submit for C-ID alignment.

Another priority is updating the C-ID/ICC/ADT handbook, which was approved two years ago to put everything together. The title needs the “ICW” to be revised to “ICC”, and a section for the MCW needs to be added. The listing for “C-ID Projects Director” also needs to be changed to “Intersegmental Projects Director”. Sanchez volunteered to contribute a segment regarding how ADTs are implemented at CSUs.

VIII. TMC Review & Recommendation for Modifications for 7 STEM Pathways in Response to AB 928: Update
At the September 13th, 2023 ICW Committee meeting, the ICC (formerly “ICW”) members discussed the possibility of making a request for STEM pathways FDRGs. Since that time, the AB 928 committee met and indicated that more information needs to be gathered to determine how to create TMCs for the seven (7) STEM disciplines to best prepare students for transfer to both CSU and UC. It was decided that this information would be best gathered by convening the FDRGs for these disciplines. The first step would be to provide relevant data to justify the modification/creation of seven (7) STEM TMCs/ISM/UCTPs for Engineering, Biology, Computer Science, Environmental Science, Mathematics, Chemistry, and Physics. The ICW members agreed by consensus to call for the FDRGs in these disciplines to convene and begin this work.
May presented the document from the Transfer Alignment Project that would be sent to the FDRGs and shared with the AB 928 Committee. The document indicates the TAP Workgroup would be recommending modifications to the TMCs of high unit stem majors, as well as the ISMC for Engineering. The AB 928 committee is considering up to an additional six (6) units for the ADT for both the CSU and UC, in which the proposal for one or two Cal-GETC courses to be completed after transfer to CSU or UC would accomplish this, while still meeting certain requirements from the four year institutions. The TAP Workgroup, ICC, and the AB 928 Committee will be reporting their progress by December 13th.

The ICC will be providing a draft pathway for the FDRGs in these disciplines to consider. They would need to modify, vet and make recommendations for an updated TMC but if they are unable to update the TMC within the given parameters, they would need to provide reasons why this cannot be done. Each FDRG needs to include CCC, UC and CSU faculty to make sure the TMCs would be fulfilling the requirements of the agreements and meeting the needs of the students transferring to the four-year institutions. Each FDRG will work with the ICC, the C-ID Advisory Committee as well as C-ID staff to determine the venue for student voice. Once these proposed modifications are established (or it is decided that no modifications will be made), the revised TMCs will be submitted to the ICC for approval.

IX. TMC Updates and 2.0 Designation
If non-substantive changes are made to the TMC, there would be no need for a “2.0” version. However, if changes are made to the TMC which results in the CSU no longer accepting the previous ADT, a “2.0” designation would then be made.

X. TMC Development for Discipline Selection: Workgroup Recommendations
Hamilton, Arambula, Young, Kutil and Davison convened to discuss and reevaluate the current selection criteria for TMC Development. The group agreed that updating the selection criteria might be necessary for a variety of reasons: the interest of increasing the number of TMCs, the increase of CCCs interested in creating TMCs due to the student-centered funding formula, and to ensure that TMCs which have been created as a result of legal mandates or regulation are still meeting certain basic criteria.

A TMC would be considered for development if all the following are met:

- Interest by faculty and students inter-segmentally;
- A minimum of four CSUs with similar programs that are current or in development that demonstrate some element of consistency in the lower division preparation for the major across the CSU campuses;
- Regional diversity of CSU and CCC campuses offering the degree;
- A minimum of 100 students transferring to the CSU annually in the major OR evidence of significant growth of transfer numbers over the preceding three years;
A limit of five (5) new TMCs each academic year unless mandated by law or regulation;
The inclusion of students in the process of creating TMCs should be required;
The included caveat that if there is evidence of significant growth of transfer numbers in the preceding three years, that would be grounds to consider the TMC.

Action: Approval with proposed changes/revisions incorporated from discussion (Davison, Roberson, MSC).

XI. TMC Review and Modification in Response to Cal-GETC
May presented three packets for consideration:
https://drive.google.com/drive/folders/1U2m8H9YOwj7TA9cjqFXBJVJ-OcOegJ-i
i. Group 1 are those TMCs (ISMCs, UCTPs) that have non-substantive changes, no discipline implications. For compliance, this group is presented to ICC as an information item.
ii. Group 2 are those TMCs that have minimal change, but we do not believe they really impact the discipline. This group is presented to ICC for discussion and approval of minimal and clarifying changes.
iii. Group 3 are those TMCs with substantive changes that need to be reviewed by the FDRGs. This group is presented to ICC to be sent to FDRGs for consideration.

Revisions were made to the Social Justice Studies TMC, and the group proposed moving this discipline to Group 3.

The ICC will craft a memo that will be sent out around the same time as the memo from the Chancellor’s Office regarding these proposed changes.

Action: Approval with proposed changes/revisions incorporated from discussion (Barsky, Eveland, MSC).

XI. Future Agenda Items
1. ICC Traveling Road Show
2. Update ICC Handbook

XII. Adjournment
Committee Charge: The Equity and Diversity Action Committee (EDAC) responds to resolutions from sessions that deal with the issues of equity, diversity, and inclusion in hiring, equal opportunity, and cultural diversity in the curriculum. EDAC recommends strategies that promote student equity and student success, including effective teaching and student learning styles and fostering a campus climate conducive to faculty diversity and student achievement. The committee provides overall guidance to colleges and recommendations to the Executive Committee with regard to the inquiry, design, and implementation of Guided Pathways frameworks and engages in broad, and inclusive discussion and inquiry about the diversity, action and inclusion integral in the Guided Pathways approach, framework and evidence. The Committee advises the Executive Committee on guidelines, laws and regulations relating to equal opportunity and cultural diversity and promotes the integration of equity and diversity issues in appropriate ASCCC activities. IV. **January 19 Webinar on Professional Development De-Brief**

Karen and Kimberley reported that 79 registered for this webinar, about 39 attended/participated. Presentations by Katie Palacios (SD Mesa MOST program) and Mitra Sapienza (CCSF Community of Practice on Instructor-Level Disaggregated Data) were informative and generated robust discussion. Enthusiasm generated for additional webinars/presentations on Equity Centered Faculty PD programs/activities.

V. **Committee Work In Progress:**

A. **Melissa & Karen’s work on Code of Conduct Draft**

   Melissa presented the PPT she has put together:

   Discussion generated the following ideas for further updates:
   --Start PPT with link to Resolution and the assignment of EDAC to produce the toolkit/resource (2nd Resolved)
   --Use “Purpose of Toolkit” (Slide 7) as the structure for the rest of the Toolkit/PPT, items #1-5
   --Add in resources for:
     --Trauma informed cultures of care strategies/approaches for how not to re-traumatize targets of racelighting or other
     --How to create Community Agreements for classes/meetings and sample Community Agreements (including ASCCC’s Community Agreement--Karen can drop in slide/PDF)
   --under #5: Suggest that Academic Senate to ask what happens to Maxient reports after they are filed by faculty, and how previously filed Maxient reports are used in campus response to a complaint of violation of Code of Conduct?
   --A guidance to add: If needed, update college/district Board Policy & Administrative Procedure to state that refusal to use/acknowledge preferred gender identity is a Title IX violation
   --add a resource on “When is a Code of Conduct not a violation of freedom of speech?” (Karen added a new slide 7 on this--generated by ChatGPT)

Meeting Notes

Subject: LGBTQ+ Advisory Committee Meeting

Date: February 23, 2024

Time: 9:00–10:30 a.m.

Location: Via Zoom: https://foundationccc-org.zoom.us/j/89705952056

SCHEDULE

Welcome

Emilie Mitchell

LGBTQ+ Summit 2024

- Upcoming moderator training will be held during the April 12 advisory committee meeting.

- Moderator spots are still available. Interested members can sign up by adding their information to this sheet.

- Luis inquired about the possibility of a pre-survey for summit registrants noting this would give attendees the opportunity to discuss what they hope to gain from the event as well as let them know we care about their experience.

- **ACTION ITEM:** Luis and Emilie to work together on pre-survey questions.

- The team announced the Day 2 keynote speaker, Tre’vell Anderson. Bio: https://www.trevellanderson.com/

- Keynote announcements will be made in the next couple of weeks.

- Luis raised the possibility of summit awards for LGBTQ+ faculty/staff members as a form of recognition and encouragement for their ongoing work

Registration Numbers

- Registration is currently at 917 and the Chancellor’s Office has increased the maximum capacity to 1,500.

California Virtual Campus: Next Steps

- The draft curriculum was reviewed, noting no feedback received, and the next steps include sending it to the Chancellor’s office for review and outreach to the field.

- ACTION ITEM: FoundationCCC to send CVC outline to CCCCO.

- The team also discussed potential strategies for funding and implementing professional development workshops. They considered seeking content creators from a broad pool of participants and the potential for these workshops to contribute to community building.

LGBTQ+ Directory Findings

- The team discussed feedback from the directory survey, noting that information is still missing from Merritt College and LA Southwest College.

- The directory findings included:
  - The need for more resources on implementing all-gender restrooms.
  - Increase in campus clubs
  - Challenge of securing a dedicated space for a pride center.

- They also discussed the affirmed name policy legislation and their ongoing work on dual enrollment.

- The team discussed the need for additional data on dedicated staff roles and the
possibility of tracking user activity on the directory information site.

iii. Assigned Task

**ASCCC 2023-2026 four strategic directions:**

- Embracing Organizational Change
- Engaging Proactively in Partnerships and Advocacy to Advance Faculty Voice and Student Success
- Developing Innovative Activities to Empower Faculty and Uplift Underrepresented Voices
- Advancing Faculty Engagement in Data Literacy
Faculty Empowerment and Leadership Academy

Faculty Empowerment and Leadership Academy | ASCCC

FELA will focus on the development of faculty from historically underrepresented groups in higher education. The academy will provide opportunities to connect with leaders from across the state, to empower faculty to seek leadership roles, and to provide regular contact with mentors. All activities in this leadership development program are designed to ensure participants are ready to meet the challenges of engaging in transformative leadership and equity-minded approaches to working with diverse student populations.

PROGRAM MISSION

Discussion: FELA: 2023-2024 ASCCC Faculty Empowerment Leadership Academy (FELA) 2nd Convening Time: March 29, 2024, 11:00 AM Pacific Time (US and Canada)
Convening Theme/Discussion Leadership and Wellness-Proposed speakers, committee members involvement

Chair Parker highlighted the date change for FELA next convening and solicited interest in committee member participation in the session. One member shared that Soon-Ah Fadness has served as a mentor in other local capacities and may be a good resource for FELA. Convening focus could be about mental wellness in leadership. Could focus on how faculty can access their district resources and highlight this rostrum: https://www.asccc.org/content/self-care-age-collective-trauma

Proposed Area: Decreasing racial inequities in transfer is a key strategy for increasing race and income equality. The RP Group’s African American Transfer Tipping Point (AATTP) project seeks to identify the factors contributing to African American/Black students' likelihood of transferring. The first phases of this work identified four core student experiences that significantly impact the transfer journeys of African American/Black community college students: (1) timely passing of transfer-level English and math, (2) academic counseling, (3) participation in Umoja, and (4) not being put on academic probation.

RE: Career Ladders Project upcoming conference February 20-23, 2024, in Long Beach, California at The Westin Long Beach during a breakout session Dual Enrollment Implementation: Equitable and Intentional Transitions to College for High School Students Session Time: Wednesday, February 21st from 10:15am to 11:15am

Panelist Kellie Nadler, Rising Scholars Regional Coordinator, CCCCCO Educational Services and Support
Panelist Dora Elena Escobar, M.S., M.F.T Associate Professor of Counseling Assessment Facilitator Santiago Canyon College
Panelist Amberly Chamberlain, Academic Senate Vice President of Culture & Engagement, Santa Ana College: Faculty Professional Development Coordinator, Chair & Assistant Professor of Theatre Arts
Facilitator LaTonya Parker, Academic Senate for California Community Colleges Secretary

Session Description: Join this session to discuss best practices for implementing equitable and intentional transitioning from high school to college through effective dual enrollment programing that affect students attending community schools, continuation high schools, juvenile court schools, adult education programs and traditional high schools. Leave this session feeling equipped with valuable information necessary to take the next steps at your institution.

Thursday, November 16, 2023
10:25 a.m. to 11:25 a.m. Second General Session

Description: Academic and Professional Matters: Implementing Dual Enrollment with Intentionality (panel) (Claire Coyne, Jerome Hunt, Kellie Nadler, Mark Osea, & LaTonya Parker)

Assembly Bill number 288, (Holden) Public schools: College and Career Access Pathways partnerships was signed into law on October 8, 2015. Join this general session to discuss the most recent information on how high school students and students attending a noncredit or adult education high school or equivalency program can enroll in classes at their local community college. This includes students attending community schools, continuation high schools, juvenile court schools, or adult education programs. Equip yourself with other information such as intentional dual enrollment strategies to help under resourced students who struggle academically or who are at risk of dropping out and rethinking policies that govern dual enrollment, and establish a policy framework under which school districts and community college districts could create dual enrollment partnerships as one strategy to provide critical support for underachieving students, those from groups underrepresented in postsecondary education, those who are seeking advanced studies while in high school, and those seeking a career technical education credential or certificate.

The African American Transfer Tipping Point: Exploring the transfer journeys of over 7,000 African American/Black community college students

Katie Brohawn, RP Group Director of Research, Evaluation, and Development
Darla Cooper, RP Group Executive Director
Alyssa Nguyen, MA, RP Group Senior Director of Research and Evaluation
LaTonya Parker, ASCCC Secretary

Description: Decreasing racial inequities in transfer is a key strategy for increasing race and income equality. The RP Group’s African American Transfer Tipping Point (AATTP) project seeks to identify the factors contributing to African American/Black students' likelihood of transferring. The first phases of this work identified four core student experiences that significantly impact the transfer journeys of African American/Black community college students: (1) timely passing of transfer-level English and math, (2) academic counseling, (3) participation in Umoja, and (4) not being put on academic probation.

Building from this research, and with a focus on elevating student voice, in this presentation, we will share findings from the most recent phase of the work, which leveraged data from a statewide survey of over 7,000 transfer-intending African American/Black students to lift up the experiences and perspectives of African American/Black students about how these four key experiences impacted their transfer success. Discussion will center around actionable strategies for leveraging these findings to drive change.

Thursday, November 16, 2023
1:45 p.m. to 2:45 p.m.  First Breakout Sessions
(Online) Dual Enrollment Follow-Up (Claire Coyne, Jerome Hunt, LaTonya Parker, & Iolani Sodhy - Gereben)

Description: This session is a follow-up to the general session on Academic and Professional Matters: Implementing Dual Enrollment with Intentionality. If you have questions, information, or innovative ideas following that general session, then this session is for you! Join us for an interactive and lively discussion to take a deeper dive into AB 288 legislation. What can faculty do to stay engaged in the authorization of specified high school pupils to enroll in up to 15 units per term? How can faculty build partnership programs that ensure specified conditions are satisfied? How can faculty create conditions that would authorize a community college district to exempt special part-time and full-time students taking up to a maximum of 15 units per term from specified fee requirements? These questions and more will be discussed at this session.

   Dr. Stiemke solicited participants from the committee. Farrah Nakatani and Joshua Scott volunteered. Wendy Holmes expressed interest but was uncertain about funding.

VI. Resolutions
   Maryanne Galindo equity centered resolution. Equity - reframe the hiring student workers based on enrollment of 6 or 12 Units as similar for 6 or 12 Standard Hours because it’s still rigorous academic work (eg. ESLNC/GED); include which sources can fund noncredit students workers to avoid the singular lens of FAFSA WorkStudy as the counter-argument. Consider current trends of Tutoring for Noncredit Students & Noncredit Work Experience.
VII. Key Projects

I. Call to Order, Roll Call, and Approval of the Agenda

The meeting was called to order at 4:02pm. The agenda was approved by consensus.

II. Member Check Ins

Committee members were asked to say one word on how they were feeling about the new year.

III. Committee Charge

The committee reviewed the committee charge.

The Academic Senate Committee on Noncredit, Pre-Transfer, & Continuing Education gathers information on best practices in providing equitable and accessible instruction and support services to students who are engaged in extended learning, which includes transitioning to post-secondary education, including support for pre-transfer pathways, workforce success, and/or other skill building opportunities. IV. Community Agreements and Expectations

The group reviewed and reaffirmed the community agreements.

- Be respectful of everyone’s time and voices
- Empathy with communication and listening
- Ask questions be open to questions and be patient
- Be open to discussions and new ideas
- Intentional focus on serving student needs in our communities
Innovate despite regulations

V. Resolutions

The committee reviewed current assigned resolutions on the ASCCC website to the committee

- 08.01 Fall 2023: Noncredit Counseling Professional Learning and Support for Students
- 07.01 Fall 2018: Redefine the Faculty Obligation Number to Include Noncredit (In Progress) - Possible Rostrum article.
- 03.06 Spring 2022: Noncredit Spanish Language Course Outlines of Record and Regional Support (Assigned)
- 09.07 Spring 2016: Guidance on Using Noncredit Courses as Prerequisites and Co-requisites for Credit Courses (Assigned)
- 13.02 Fall 2015: Update System Guidance for Noncredit Curriculum (In Progress)

A suggestion was made to incorporate some of these topics into the Noncredit toolkit, focused on guidance and innovative ideas.

The committee discussed focusing on about three resolutions to work on this semester.

Kimberley recommended dividing up the team into small groups to address the resolutions.

Resolution 3.06 Spring 2022 - Spanish Language - Maryanne, Leticia
Resolution 8.01 Fall 2023- Noncredit Counseling - Juan Pablo, Stephanie
Resolution 7.01 Fall 2018 - FON – Wendy, Farrah, Kim
Resolution 9.07 Spring 2016- Prerequisites Mary Margarita, Kimberley

The committee was informed of the upcoming deadlines for the Spring 2024 resolutions.

Deadline for submission is mid-February for committee resolutions.

Brainstorming resolution ideas

i. Pay differential between credit and noncredit

ii. Number of instructional hours

iii. Noncredit paid professional learning opportunities for noncredit, part time faculty, that is equivalent to their credit counterparts

iv. Getting noncredit courses on the CVC OERI exchange

v. Guidance and examples for using noncredit courses for credit for prior learning

VI. Rostrum Articles

Chair shared the purpose and deadlines for Rostrum Articles. Committee members were encouraged to brainstorm ideas for Rostrum Articles for the next meeting.

Deadlines:

March 3, 2024, for final publication to the field April 18, 2024
VII. Spring Plenary
The committee members brainstormed ideas for the 2024 Spring Plenary breakouts:

i. Understanding the noncredit student experience and the quality of education (instruction)
ii. Understanding instructional design for the noncredit student, building criteria for noncredit
iii. Philosophy and criteria for noncredit
iv. Understanding andragogy and instructional design

VIII. Key Projects and Initiatives

a. Noncredit Tool Kit
The committee discussed the goal of a noncredit toolkit. Need resources for current practitioners but also for those starting noncredit programs. Committee members were encouraged to collect and suggest resources for the toolkit. Identify general resources but also discipline or program specific resources (e.g. ESL, CTE, DSPS, Counseling).
Guiding questions:

- What do I need to know about noncredit before creating a transfer pathway?
- What are some considerations before creating a course or program?
- How are grants funded? What are the reporting requirements?
- Unpacking the legislation, AB 705, AB 1705.
- What support services are available?
- What is the role of the consortium?
- What is auto awarding?
- Unpacking the student load (noncredit and credit) and financial aid implications.
- Include information on the Vision Resource Center.

b. Noncredit Institute
ASCCC Exec approved the first draft of the program. The committee discussed next steps.

What is your "must do" topic for the Noncredit Institute:

- Mary Margarita- Understanding the Legislation related to Noncredit and its impact (e.g. AB 540, AB 1705, BA Degrees)
- Juan Pablo- Instructional Design (Program Design, Certificates)
- Wendy- Noncredit Student experiences and representation
- Maryanne- Work Experience and Noncredit & IET (Integrated Education in Training) opportunities (ESL, Career and Applied Courses) = Contextualized curriculum and programing with cohorts
Kimberley updated the committee on the logistics and processes for creating the noncredit institute.

The committee is finalizing the theme and description for marketing purposes. The committee members will continue to work offline to flush out the program outline with breakouts, presenters, and logistics.

IX. Adjournment

The meeting adjourned at 5:33 p.m.

       1. Institutional and systemic marginalization of part-time faculty in the California Community College is deep and ingrained in our process and policies. Even though part-time faculty play an essential role in supporting the educational goals of over 1.8 million students and fulfilling the promise and mission of California Community Colleges, they experience inequitable treatment in the workplace across the full range of academic and professional matters. In this session, we will address part-time faculty inequities in Academic and Professional Matters.

Faculty Leadership Development Committee 2023-2024

The Faculty Leadership Development Committee creates resources to assist local academic senates in the development and implementation of policies that ensure faculty primacy in faculty leadership and professional development.

• LaTonya Parker Chair
• Mitra Sapienza 2nd Chair
• Alex Mata
• Elizabeth Walker
• Raeanne L. Napoleon
• Anna Nicholas
• Ingrid Greenberg
• Michael Davis
• Lisa Cox Romain
• FELA will focus on the development of faculty from historically underrepresented groups in higher education. The academy will provide opportunities to connect with leaders from across the state, to empower faculty to seek leadership roles, and to provide regular contact with mentors. All activities in this leadership development program are designed to ensure participants are ready to meet the challenges of engaging in transformative leadership and equity-minded approaches to working with diverse student populations.
Program Mission

• TO CONNECT: Providing one-on-one mentoring to diverse faculty for personal and professional development with mentors who are campus leaders and/or administrators.

• TO EMPOWER: Creating safe and brave spaces for courageous conversations to investigate equity, diversity, and inclusion; to share personal and collective experiences on race, privilege, and oppression; and to embolden new faculty leaders to advocate for transformative change on their campuses.

• TO GUIDE: Providing networking opportunities and sharing guidance for navigating the systems of higher education. The focus of the mentoring will be to address the specific goals of the mentee.
Expected Outcomes

• Demonstrate a clear understanding of the faculty purview as outlined in the 10 + 1
• Articulate the framework of inclusion, diversity, equity, anti-racism, and accessibility (IDEAA) in their professional development and leadership
• Identify various ASCCC resources for local leaders
• Consider their own personal leadership style(s)
• Discuss various structural or systemic challenges for faculty leadership emergence
• Relate their experience to impact their local academic senate work and future leadership
Program Requirements

• **Attend at least one ASCCC Plenary** (virtual or in person) through voting on resolutions.
  - Thu, Apr 18 2024, 8am - Sat, Apr 20 2024, 5pm-San Jose Marriott, 301 South Market Street, San Jose, California, USA, 95113
  - [https://www.asccc.org/events/2024-spring-plenary-session](https://www.asccc.org/events/2024-spring-plenary-session)

• **Participate in FELA Cohort Convening** – 2-3 will be scheduled for the 2023-24 year by the Faculty Leadership Development Committee
  - March 15, 2024, 11:00am-1:00pm
  - May 17, 2024, 11:00am-1:00pm

• **Meet monthly with the mentor** (in person, phone, or virtual) - duration determined by the mentor in coordination with mentee approximately one half-hour or more per meeting check-in
Select a Minimum of 3 Observation Experiences

• Attend an Area meeting for networking
• Attend a local Board of Trustee meeting or other local governance meeting
• Attend (virtually or in-person) one ASCCC Executive Meeting
• Attend at least one other ASCCC-sponsored event (webinar/ regional/ standing committee meetings, etc.)
NOTE: You will be asked to provide a brief summary reflection of your activities and observations, and articulate the framework of inclusion, diversity, equity, anti-racism, and accessibility (IDEAA) in your professional development and leadership by the end of May 2024.

Why Black women face mistreatment, discrimination in higher education

The death of an administrator at Lincoln University in Missouri and the resignation of Harvard’s former president have sparked outrage, concern and dialogue about the treatment of Black women in higher education. We hear from Black women about the challenges and pressures they face in academia, and Geoff Bennett speaks with UT Austin professor Bridget Goosby for more

ASCCC Faculty Empowerment and Leadership Academy
Executive Summary

The California Community Colleges and Accenture kicked off the first Reimagine Apply Task Force in Sacramento to discuss and align on the target state vision for CCCApply.

The session began by grounding attendees in the purpose and work that has been completed to date. We then dove into the target state, showcasing the target state designs and key improvements made. This was followed by an overview of the target state journeys, identifying the friction points and proposed processes for the Student Experience and the Stakeholder CCCApply Setup and Post-Submission.

The day ended by aligning on a draft vision and ways in which we will reach this vision. By the end of the session, several opportunities and next steps were identified.

Key Takeaways:

1) There is a desire to make the application student-centered by improving internal college processes and supporting the holistic student journey

2) Establishing a governance model is necessary to ensure maintenance of target state application and accountability

3) The key tension is finding the balance between simplifying the application and collecting necessary data, ensuring we are not creating unnecessary entry barriers

4) It is important to articulate and show the value of our work to secure funding

5) Balancing fraud prevention while maintaining the promise of being an open access institution and decreasing barriers for vulnerable students is crucial

Purpose & Guiding Principles

Discussion Points:

- This effort is in alignment with the Chancellor’s Vision 2030 and the Governor’s Roadmap
- Governance is needed to ensure the proper maintenance of the target state application
- The Task Force is going to co-create how to manage this governance process going forward and present proposed structure to the Chancellor’s Office
- Students do not enroll in a system, but rather a college, so removing “in the system” from the “Student-centered” guiding principle would be more representative; This shows how CCC prioritizes the needs of the students regardless of where they enroll.
- There is a need to clarify the student path from when they first show initiative
How We Got Here

Discussion Points:

• Excited about shifting towards a student-centered application that asks for and collects data intentionally
• Received positive feedback on past Technical Analysis outputs and Working Session outcomes
• Acknowledged the need to tackle fraud issues even with different colleges’ varying IT maturity levels
• There is a desire to minimize duplication and avoid creating new systems
• Some schools want fully integrated applications, but others are worried that access to these will be a challenge due to the limited implementation capabilities
• Students will have an unequal experience based on where they live due to unequal distribution of resources, necessitating a change to ensure equal experiences across all CCC
Discussion Points:

- Collecting student drop-off data is a requirement, not a wish.
- Need demographics data; however, it is a sensitive subject because of how people identify is different in different geographies.
- In the progress tracking, it would be helpful to add which questions are required.
- The key tension is finding the balance between simplifying the application and collecting necessary data, ensuring we are not creating unnecessary entry barriers.
- Moving the data collection to before enrollment may not be very helpful, as students take the time to fill out the application, whereas during enrollment the completion rate is lower.
Value Streams

Discussion Points:

Stakeholder Journey – CCCApply Setup

• Mapping will have to be done in the SIS to ensure differences between the SIS and CCCApply are reconciled
• Configurability is needed for the colleges and the programs that they offer
• It is important to not always look to the UCs or CSUs for guidance as they don’t have to serve the whole population like CCC does

Stakeholder Journey – Post Submission

• A core tension with making ID.Me mandatory, which may deter many applicants
• Tools that detect fraud do not properly represent minorities (e.g., undocumented students)
• We are spending inordinate resources on fraud that could have been spent on real students and their classes
We co-created the following vision statement to be refined by our gracious members Josh Morgan and Michael Odu to incorporate the Task Force’s feedback:

“The CCCApply Transformation is a reimagining of the student admission process that creates a welcoming 'front door' to all”

Vision Statement Feedback

• “CCCApply is not the admissions process, it's just a tool. Maybe add the words 'application process' after where 'CCCApply' is now?”

• “CCCApply is a bigger journey than just the front door. The old CCCApply was a front door, and I feel like this is more”

• The "front door" feels wrong. We want to focus more on the notion of inclusion and community after a student walks through the front door.

• Desire to emphasize the aspect of community

‘Headlines of the Future’ Themes as Inspiration

• **Quick** – application can be completed in short period of time.

• **Easy/Painless** – application is easy to fill out and can be done while multitasking (e.g., in line for coffee).

• **Impactful** – application will open doors for a bright future.

• **Seamless** – application didn’t have any glitches and was straightforward to complete.

• **Mobile friendly** – application can be completed on phone.

Wind In Our Sails

Input from the group about what it would take to achieve the Reimagine Apply Target State
Wind in Your Sails Discussion Points

**Wind**

- Focus on students and our passion/desire to serve them and improve their lives
- Shared values of collaboration and accepting others’ ideas
- Innovative leaders
- Advanced technology
- Diversity of students and serving their changing needs
- Increasing accountability and reporting
- The status quo/current processes are not sustainable
- Consensus that we need to improve this
- Need for change coupled with commitment to do so
- Institutional support

**Anchors**

- Residency legislation
- Required elements and time and effort to change that list
- Fear of change or unknown
- Regulatory burden
- Need to have vs. Nice to have We ask for data we want but don’t need
- Lack of technical resources, limited or inadequate funding
- Institutional stamina / conflicting priorities: “boiling the ocean” to serve everyone
- Being system first vs. college first

**Reef**

- Legislation and policy uncertainty
- “When we don’t speak collectively is when we have trouble”
- Updating system in real time will cause us to have delays
- Unwillingness to compromise / inability to resolve tensions
- Working in siloes
- Impossible to build a perfect system
- Feasibility and value
- Funding
- Building ongoing change process
- Frustration over slow change

Residency Working Team

This group will identify Residency SMEs and conduct the following efforts:

- Compile a view of which populations in your college are most negatively impacted by Residency questions and determination, including insights into challenges.
- Aggregate insights into any existing efforts leveraged by college staff to address these challenges.
- Provide relevant documentation or statistics around these residency topics.
Fraud Working Team

This group will connect with experts in this area and conduct the following efforts:

1. Collect an understanding of the existing business process and/or technology efforts conducted by your local college to mitigate fraud.

2. Gather insights on tools and best practices used by your campus, and understand examples of rework/manual work for the local college staff with regards to fraud.

3. Understand the student experiences related to this topic.

4. Understand the most prevalent fraud-related challenges that your college / district is experiencing and gather the relevant documentation.
Reimagine Apply Task Force Success

“United in our purpose to Reimagine CCCApply”

“The future is now and it’s looking good”

“We can improve the student journey”

“We’re in this together”

“We are the system and can redesign it to meet today’s diverse students”

“The tech exists to affect positive change for students”

“We make a difference”

“Coalition of the caring”

“We genuinely care about our students”

CCCApply Talking Points

• In alignment with the Governor’s Roadmap and Vision 2030 to improve systems and provide equitable access.
• The purpose is to reimagine a new student-centered application process and supporting system architecture for prospective and returning students that would be experienced as a ‘welcoming front door.’
• Active participation from across the state to support the effort:
  • a statewide survey to understand the use of applicant data was completed by 141 respondents from 50% of the colleges statewide, representing small, medium, large student populations in the urban, suburban, and rural areas.
  • 153 participants attended six remote working sessions to review the proposed designs, address unique student population needs and ideate on potential solutions.
• Completed a comprehensive review of the questions on the standard, international, non-credit and Promise Grant applications with a detailed mapping of policies and legislation to determine which were required for local, state and federal reporting.
• Working in coordination with the Student Centered Design Lab, there were 20 student interviews and additional usability tests to identify pain points in the process and validate design choices for the Target State prototype.
• Design for the new application was met with excitement and praise by students from several demographic categories including first generation students, older students, and non-English speakers.
• The technical analysis found that the non-standard, non-commercial CCCApply system is challenging to maintain and not easy for stakeholders to complete critical application-related administrative actions
• Statewide Task Force launched in February and reviewed the proposed new designs and target state profile for the application.

Chancellor’s Office Vision 2030

The vision aims to advance student success, access, support and socio-economic mobility with equity

2030 Goals

01 Equity in Success
Ensure the academic and career success of all Californians who are current and prospective California community college students

What can we do together?
Design the application to help guide a student to uncover and pursue their academic and career goals

02 Equity in Access
Increase the number of students attending a California community college, with particular emphasis on the number of underserved Californians

Simplify CCCApply to help more students matriculate

03 Equity in Support
Partner with other systems, agencies, institutions and community-based organizations to provide students the academic, financial and social supports necessary to thrive

Build an integrated platform to ensure colleges can best identify and follow-up with needed support
We are here to co-create the Student Application with you so that we can:

• improve the user experience
• make the application process easier for students
• improve data accuracy
• better support equitable access
• protect against and mitigate fraud
Task Force – Guiding Principles

1. **Project-oriented**: Contributes to the reimagining of the student application and support systems with clearly defined recommendations to achieve measurable outcomes.

2. **Transparent**: consistent, efficient and effective communication within the group and with stakeholders.

3. **Temporary**: Is a temporary collection of stakeholders that operate to support the transformation, but not beyond.

4. **Agile**: Is comprised of the stakeholders considered necessary to achieve the defined outcomes. The membership is proactive, responsive and operates nimbly with focus and purpose.

5. **Student-centered**: prioritizing the needs of the student, regardless of where they enroll.

6. **Innovative**: willing to challenge assumptions and think beyond the status quo.

WHAT WE RECOMMEND

Streamline applications by validating essential data and removing redundant questions where possible

Leverage branching logic to create a single application for applicants

Clarify application language to reduce applicant confusion
Technical Analysis

**WHAT WE DID**
- Evaluated 11 years of CCCApply documentation
- 20+ stakeholder interviews
- Conducted architecture/technical reviews
- Recommended system architecture and data flow improvements

**WHAT WE FOUND**
- Utilization of the AWS infrastructure and AWS managed services a strong decision
- OpenCCC uses a modern and mature IAM solution
- CCCApply and MyPath are built on an antiquated framework
- CCCApply and MyPath management tools can be complex and challenging
- Superglue is a homegrown bespoke solution that is labor-intensive to manage

**WHAT WE RECOMMEND**
- Explore commercial cloud hosted fully-managed alternatives to open-source and other self-managed applications
- Explore a professionally managed commercial fraud prevention strategy
- Evaluate the usage of MyPath and consider decommissioning
- Explore a data management solution that enables a Reimagined CCCApply to integrate with 3rd party and districts systems with bi-directional data flow
Stakeholder Input

**WHAT WE DID**

141 survey respondents and interviewed 73 stakeholders from 47 districts and 59 colleges to understand usage of CCCApply data.

Engaged 156 stakeholders in 6 working sessions to get input and feedback on the new application design, unique student challenges and overall process.

**WHAT WE FOUND**

84% of respondents’ colleges use additional methods to collect student data

Identified areas for optimization that would improve the student experience and not impede data collection needs

**WHAT WE RECOMMEND**

Simplify Ed Goal and Education History

Revise wording and groupings for Programs & Services

Explore residency criteria and algorithm to improve applicant experience

Design for the unique needs of student populations such as dual enrollment
**WHAT WE DID**

Conducted *moderated usability testing* with current students to test prototypes of an *updated design* of the CCCApply standard application

1:1 sessions with 11 students using a Figma prototype

*20 Student Usability Testing Sessions*

**WHAT WE FOUND**

We talked to a *range of students* from varying backgrounds and colleges including: first gen, under 18, returning students over 25

More than 50% interviewed were POCs

*More than 90% successful task completion rate*

**WHAT WE RECOMMEND**

*Mobile-first design is essential*

Questions need to be *rewritten for greater clarity*

*Ed Goal explanations* needed

*More disclaimers* need to be added to sensitive questions
Design Approach

**WHAT WE DID**

- **Leveraged** discovery insights to propose a reimagined experience
- **Developed a design system** to ensure consistency with CCC’s brand
- Delivered a **working prototype** and **80+ individual screens**

**WHAT WE FOUND**

- **Significant opportunity** to improve usability as only **42% of flows satisfied** Nielsen’s usability heuristics
- Students need improved contextual help and signifiers to **reduce confusion and minimize errors**
- **User research** validated direction and aligned with students’ mental models for applying

**WHAT WE RECOMMEND**

- Minimalist design and single task construction **reduces cognitive load**
- Provide students with a variety of **self-service options** such as an AI-powered virtual assistant, FAQ pages, or tooltips
- Tailor application with **strategic question branching**
CCCAppy's target state concept aims to provide students with a welcoming front door that is an accessible, cohesive, and inspiring experience, motivating them to complete the application process successfully.

What We Heard from Students:

Students feel:

*Excited & Curious*
“When will this be rolled out?”

*Encouraged*
“I liked the help along the way”

*Confident*
“I wouldn’t need help to finish this”

*Less stressed*
“It was very easy”

When compared to the current application, “Simple” was a common descriptor

*“Easy to follow and understand”*

*“More professional”*

*“It made more sense”*

*“More straightforward”*
The Overall CCCApply Journey

**Stakeholder CCCApply Setup**
- Involves stakeholder efforts to configure CCCApply with college-specific details and customizations.
- Stakeholder modifies CCCApply in CRM's administration portal
- Stakeholder configures CCCApply with college-specific details, such as term, major, and outreach strategy

**Student Experience**
- Involves applicant account creation, application completion in CCCApply, and support received throughout the process.
- Student begins an application in CCCApply
- Student receives any needed support and submits application

**Stakeholder Post Submission**
- Involves stakeholder efforts to access data from CCCApply for review, reporting, and student matriculation.
- Fraud screening ensures application is valid
- Stakeholders receive applicant data to make residency determination, MMPS placements, and matriculate students

Applicant Journey – Completing CCCApply

1) Navigate to CCCApply
   All students fill out a single, standardized application

2) Account Creation
   Modernized design guides applicant through a user-friendly experience

3) Starting the Application
   Pre-populated fields via trusted data sources; improved multi-language translations

4) Applicant Needs Support
   Enhanced self-help options, such as tooltips, FAQ pages, chatbot, etc.

5) Additional Support Required
   Connect students to college staff within the application

6) App Submission
   Timely status updates for applicants

1.5) Paper Applications
   Efficient options for staff to input paper applications

7) Nudge Applicants
   Reach students through multiple channels as needed
Stakeholder Journey – CCCApply Setup

1) Update Terms & Majors
   Stakeholders only need to update data in their SIS

2) Automated Data Import
   An automated data connector will sync data, minimizing human error

3) Access Admin Console
   Simplify setup through a user-friendly CRM interface

4) Communications Strategy
   Outreach campaigns can be tailored for common application issues

5) Set Up Campaigns
   CRM tools offer click configuration, removing the need to code

6) Configure Campaigns
   Multichannel touchpoints can be configured into a comprehensive campaign

7) Run Campaigns
   Stakeholders can turn campaigns on and off at the click of a button
Stakeholder Journey: CCCApply Setup – Friction Points

1. **Manual Data Entry:** College staff are required to manually enter this data into CCCApply, increasing the risk of human error.

2. **Complex Outreach Set Up:** The workflow for setting up custom messages is not user-friendly.

3. **Complex Message Creation:** Requires HTML coding, which is a barrier for many non-technical stakeholders.

4. **Limited Outreach Methods:** Currently two nudge emails and a few error messages available in CCCApply.

5. **Supplemental Questions:** Additional questions makes the application experience longer for applicants and in some cases are redundant to CCCApply questions.

6. **Difficult to Update Questions:** Cumbersome to maintain and update with XML code.
1) Screen for Fraud

- Multi-layer fraud detection
- Minimizes manual review to only the most suspicious actors

2) Send Acceptance Notifications

- Standard acceptance notifications create consistent experiences across colleges

3) Determine Residency & MMPS

- Standardize and automate English and math placement efforts across all CCCs

4) Continue Targeted Outreach

- A CRM tool will allow for omnichannel communication campaigns where needed

5) Data Flows to Colleges

- Data will flow automatically to colleges and departments in a simplified way

6) Residency & MMPS Review

- Stakeholders review residency and MMPS placement decisions and follow up as needed
Stakeholder Journey: Post Submission – Friction Points

1. **Complex Data Transfers:** Importing CCCApply data into college SIS systems is complex.
2. **Inaccurate Residency Determinations:** Initial residency determinations in CCCApply have limited accuracy.
3. **Inconsistent Tooling for Placement:** The MMPS tool for math and English placement is adopted by only 56 colleges, leading to inconsistent and manual placement efforts.
4. **Limited Outreach Functionality:** Configuring emails is difficult and involves HTML coding.
5. **Manual Fraud Screening:** Fraud screening requires intensive manual review.
Reimagine Apply March Task Force Wrap-up PPT

Mar 13th
Executive Summary

Reimagine Apply Task Force met virtually on March 13 to discuss and align on the governance for the target state student application.

The session began by reminding attendees about the purpose of the Task Force and a recap of what was discussed last session. We then reviewed the revised vision statement and got additional input to improve its communicability. The primary focus of the day was governance for the new application system. A proposed structure was introduced and four areas of improvement for CCCApply were explored: 1) Roles & Responsibilities, 2) Performance and Compliance Management, 3) Application Change Management, and 4) Communications. During each topic, the group’s understanding was queried, and feedback was gathered for how to improve it.

The day ended by reviewing the benefits of implementing governance and identifying next steps socialize the target state to Task Force’s constituent organizations.
Key Takeaways:

1) **Governance is necessary** to maintain the newly imagined target state student application, ensuring it remains a student-centered, simplified application that has streamlined processes for stakeholders.

2) Universally-known and clearly defined roles and responsibilities would **improve accountability and decision making** for managing the application.

3) Performance and compliance management will **drive continuous improvement, strategic alignment**, operational efficiency, enhanced responsibility, and greater compliance.

4) We cannot control the legislature, but we can **provide coordinated efforts** to better manage application changes.

5) There is a **shared responsibility to improve communications**, as senders can communicate more clearly and concisely, while receivers can set aside time to focus on information sent and take action when requested.

Revised Vision Statement

Past Iterations

First: “The CCCApply Transformation is a reimagining of the student admission process that creates a welcoming ‘front door’ to all.”

Second: “The CCCApply Transformation is creating a student-centric process to help more Californians realize their potential through higher education and career advancement by removing unnecessary barriers and making it as seamless as possible to succeed in college.”

March 13th Task Force: Vision Statement Feedback

• Be careful using the word "Californians" as we have lots of non-CA students.
• "Removing unnecessary barriers" – this reads as a catch-all phrase, but we know that many more barriers exist outside the application. We should clarify that this is for the application.
• “Lots of words”, "Jargon-y"
• “Overall, we don’t feel like this is going to be a ‘hard sell’ for our constituents.”
• “We want to make sure that what we’re sending out is clear and understandable.”

From the discussion, input was synthesized for the statement below to be refined by our Task Force members Annie Koruga, Michelle Smith, and Laurie Honda:

“The reimagination of CCCApply aims to make the application process quick and easy to ensure accessibility and equity in higher education, ultimately opening doors to career advancement and a brighter future for all students.”
Discussion Points:

- Received alignment regarding the opportunities and areas for improvement:
  - Roles and Responsibilities
  - Performance & Compliance Management
  - Application Change Management
  - Communication

- Effective communication between sender and receiver is key as information about legislative changes that impact the application or internal changes to the application will happen.
Roles & Responsibilities

Discussion Points:

• Received positive feedback about the Target State Governance structure and consensus that this will be helpful

• Acknowledged that often, legislative mandates come through and there isn’t always enough information for a successful implementation, and this governance structure can help

• It will be key to be mindful of our ability to receive the new data; there is a desire to support this structure with a timeline to ensure sufficient time to receive new data

• DGAC and SMAC will both provide unique guidance to the Application Team about data; should there be misalignment, the Chancellor’s Office will resolve
Discussion Points:

• Excited about the metrics discussed
• Would like to see metrics on how fraud is being blocked and detected
• Would like to see metrics on student application completion behaviors by group populations and personas
• Acknowledged the importance of being strategic about demographic question placement to assess equitable throughput
• Important to track when and where students drop off or are stuck, and the CRM can potentially help with this
• Would be helpful to understand the type of device used to complete the application
Change Request

**Discussion Points:**

**Implementation Time:**
- Incorporating time for vendors like PeopleSoft and Ellucian to implement updates is crucial for integrating other components of the MIS
- Changes can only be made within a few months
- Establishing a timeline before rollout is essential
- Can be flexible with some change submissions, but priority is maintaining the process before Oct 1

**Leadership and Implementation Strategy:**
- Responsibility of state-level leaders to inform and guide the group through this process
- Do our best to ensure there is sufficient time for changes
- Changes requests need to be integrated into overall work strategy
- Some implementations require the expansion of IT departments, which would need additional funding
Improving Communications

What strategies and tools can senders implement to communicate more effectively?

Senders can be concise, use the Subject Line more effectively, make it clear when action is needed, and write in accessible language.

- Include the "why"
- Use the subject line and include the action if needed
- Use multiple channels including text for high priority messages
- Use common language
- Link related messages
- Keep it short and straight to the point
- Consistent communication schedule (certain day/time of the week)
- Have a source of truth where the user and access on their own
- Clear indication of the sender and alignment with sender email so receivers can be confident it’s not phishing
- Ability to opt-in to categories of information/notifications
- Encourage follow-up
- Don’t just forward email but personalize why you’re sending.

What are some of the ways receivers can improve their engagement with important information?

Receivers can designate the time to read sender content, respond or act in a timely manner, and be thoughtful about communication cadence to improve their engagement with important information.

- Designate time to focus on content, not just skim
- Read it and respond (if needed) in a timely manner
- Ensure who is the intended audience and what action they may need to take
- Follow a calendar of important dates
- Abide by communication cadence, so I know when / where to look for things can schedule/plan for it
“Appreciate the openness and seems like a great plan”

“I like the creation of the Data Governance Advisory Committee. The varying roles are extremely helpful”

“Using Mentimeter is a strong way to gather quick feedback”

“Appreciate the discussion and especially the thinking around better engagement with legislature. That will, in itself, lead to improved comms”

“Open conversation re: improvements to be made on vision statement, including acknowledgement of the work that has been done”
Thank you!

Reimagine Apply Working Sessions + Task Force

Working initially with stakeholders directly impacted by potential data usage changes in restructuring questions in CCCApply. Task Force participants will be selected by their state organization to join the Task Force in February 2024. The Task Force will give input on the Target State, new application governance and High-level Roadmap for implementation of a new application system.

Chancellor’s Office Vision 2030

The vision aims to advance student success, access, support and socio-economic mobility with equity

2030 Goals

01 Equity in Success
Ensure the academic and career success of all Californians who are current and prospective California community college students

What can we do together?
Design the application to help guide a student to uncover and pursue their academic and career goals

02 Equity in Access
Increase the number of students attending a California community college, with particular emphasis on the number of underserved Californians

Simplify CCCApply to help more students matriculate

03 Equity in Support
Partner with other systems, agencies, institutions and community-based organizations to provide students the academic, financial and social supports necessary to thrive

Build an integrated platform to ensure colleges can best identify and follow-up with needed support
We are here to co-create the Student Application with you so that we can:

- improve the user experience
- make the application process easier for students
- improve data accuracy
- better support equitable access
- protect against and mitigate fraud
How We Got Here

**Discussion Points:**

- Excited about shifting towards a student-centered application that asks for and collects data intentionally
- Received positive feedback on past Technical Analysis outputs and Working Session outcomes
- Acknowledged the need to tackle fraud issues even with different colleges’ varying IT maturity levels
- There is a desire to minimize duplication and avoid creating new systems
- Some schools want fully integrated applications, but others are worried that access to these will be a challenge due to the limited implementation capabilities
- Students will have an unequal experience based on where they live due to unequal distribution of resources, necessitating a change to ensure equal experiences across all CCC
Discussion Points:

- Collecting student drop-off data is a requirement, not a wish
- Need demographics data; however, is a sensitive subject because of how people identify is different in different geographies
- In the progress tracking, it would be helpful to add which questions are required
- The key tension is finding the balance between simplifying the application and collecting necessary data, ensuring we are not creating unnecessary entry barriers
- Moving the data collection to before enrollment may not be very helpful, as students take the time to fill out the application, whereas during enrollment the completion rate is lower
Value Streams

Discussion Points:

Stakeholder Journey – CCCApply Setup

• Mapping will have to be done in the SIS to ensure differences between the SIS and CCCApply are reconciled
• Configurability is needed for the colleges and the programs that they offer
• It is important to not always look to the UCs or CSUs for guidance as they don’t have to serve the whole population like CCC does

Stakeholder Journey – Post Submission

• A core tension with making ID.Me mandatory, which may deter many applicants
• Tools that detect fraud do not properly represent minorities (e.g., undocumented students)
• We are spending inordinate resources on fraud that could have been spent on real students and their classes
Have these materials been useful to socialize with your community?

What more might you need?
Vision Statement
Refinement
Vision

We co-created the following vision statement to be refined by our gracious members Josh Morgan and Michael Odu to incorporate the Task Force’s feedback:

“The CCCApply Transformation is a reimagining of the student admission process that creates a welcoming 'front door' to all”

Vision Statement Feedback

- “CCCApply is not the admissions process, it's just a tool. Maybe add the words ‘application process’ after where ‘CCCApply’ is now?”
- “CCCApply is a bigger journey than just the front door. The old CCCApply was a front door, and I feel like this is more”
- The "front door" feels wrong. We want to focus more on the notion of inclusion and community after a student walks through the front door.
- Desire to emphasize the aspect of community

‘Headlines of the Future’ Themes as Inspiration

- Quick – application can be completed in short period of time.
- Easy/Painless – application is easy to fill out and can be done while multitasking (e.g., in line for coffee).
- Impactful – application will open doors for a bright future.
- Seamless – application didn’t have any glitches and was straightforward to complete.
- Mobile friendly – application can be completed on phone.
Revised Vision Statement

Original

The CCCApply Transformation is a reimagining of the student admission process that creates a welcoming 'front door' to all.

Revised

The CCCApply Transformation is creating a student-centric process to help more Californians realize their potential through higher education and career advancement by removing unnecessary barriers and making it as seamless as possible to succeed in college.
Activity

1. Introduce yourself to your breakout room partners
2. Discuss your “elevator pitch” for sharing the purpose of the project
3. With this vision in mind, how will you communicate it to your constituents?

The CCCApply Transformation is creating a student-centric process to help more Californians realize their potential through higher education and career advancement by removing unnecessary barriers and making it as seamless as possible to succeed in college.
Revised Vision Statement

The CCCApply Transformation is creating a student-centric process to help more Californians realize their potential through higher education and career advancement by removing unnecessary barriers and making it as seamless as possible to succeed in college.
Governance
Governance in Your Life

Question:
In your personal or professional life, think of a task or chore you need to do with others that works like a well-oiled machine.

What makes it so effective?
Governance 101

Governance is like the rulebook for how an organization operates. It details:

**Roles & Responsibilities:**
Who does what

**Decision-making:**
Choosing what to do

**Processes:**
How things get done

**Rules:**
What you can and can’t do

---

**Let’s take a personal life example and explore its governance:** hosting a dinner party at my house

**Host:**
- responsible for organizing the event, providing venue, and preparing the meal
- decides menu theme and who is invited
- does meal preparation, home set-up, clean-up
- Provide safe, inclusive environment

**Guests:**
- RSVP and bringing potluck dish
- determine appropriate potluck dish
- Timely RSVP, brings dish, may help clean-up
- expected to arrive at the set time, be respectful, and have fun
Governance Objectives

**Strategic Alignment**
Align organizational activities with its mission, vision, and strategic goals, ensuring that decisions and actions are in line with the overall direction of the organization.

**Accountability & Responsibility**
Establish clear roles, responsibilities, and accountabilities for individuals within the organization, helping to promote transparency and ensuring that individuals are held responsible for their actions.

**Clarity of Decisions**
Develop indisputable decision-making rights to ensure clarity and stickiness of decisions while also reducing time to decision.

**Checks & Balances**
Ensure different opinions are appropriately weighed, reducing perceived or actual bias and promoting a fair decision-making process.

**Speed to Insights**
Enable leaders and key stakeholders to gain insights and make decisions more quickly through improved data management.

**Reduce Compliance Risk**
Build policies, processes, and procedures to ensure data is adequately protected and in full accordance with relevant regulations and industry standards.

Target State Governance Structure DRAFT

AppTeam’s Responsibilities:

- Manages the application technology and maintains a ‘student-centered’ application
- Works with Data and Research Team to develop data elements
- Implements and deploys approved changes, communicates changes to appropriate stakeholders, measures performance to track success, and reports on performance outcomes
Target State Governance Structure DRAFT

DGAC’S Responsibilities:
- Sets data governance vision, priorities, and policies, and serves as the statewide knowledge base
- Implements and manages data governance policies on day-to-day basis and serves as a “connector” between Local and Statewide Data Owners
- Provides feedback on change request prioritization, updates data dictionary, and reviews metrics and improvement plans related to compliance
SMAC’S Responsibilities:

- Standardizes and simplifies System metrics that support decision making and continuous improvement
- Work focuses on system goals and priorities, including Successful Enrollment
- Reviews and provides feedback on application metrics that impact student enrollment
- Reviews and approves changes to existing and new student data elements

Responsible & Accountable
Consulted
There is an application data related legislative request. AppTeam determines what is needed which includes the creation of a new data element. The team creates a data element and definition with Data and Research Team.
DGAC reviews the new data element and provides feedback.
SMAC ensures definition and data element are clear and simple.

Performance & Compliance Management
Opportunities & Areas of Improvement

Roles and Responsibilities:
Clearly defined roles and responsibilities that are well understood would improve accountability and decision making for managing the application.

Performance & Compliance Management:
More robust performance and compliance management would offer greater opportunity for continuous improvement.

Application Change Management:
The application change request process is new, and there are opportunities to formalize roles and responsibilities, organizational structure, and meeting cadences.

Communication:
We need to improve the shared responsibility for both senders and receivers. Senders can communicate more clearly and in a timely manner, while receivers can improve their engagement and application of pertinent information.
What is Performance & Compliance Management

Metrics that are the first indicator to help identify areas of improvement for the application.

Metrics that help in monitoring the application’s operational health.

A process that helps to establish the progress that are based on measurable outcomes.

Measuring metrics help in identifying improvement initiatives and track the performance.

Proposed Metrics

System Metrics:
- **Uptime**: The percentage of time that the application or system is operational and available for use.
- **Response time**: The time it takes for the system to respond to a user action or request.
- **System availability during peak usage hours**: The system's operational status during the periods of highest user activity.
- **Number of system outages and their durations**: Count and duration of instances where the system is unavailable.

Data Metrics:
- **Data accuracy and completeness**: The extent to which data is accurate and complete (e.g., error rate and completeness rate).
- **Compliance with data protection regulations**: Adherence to laws and regulations governing the protection of sensitive data (e.g., data loss or breach incidents, regulatory compliance audit results, and data encryption adoption).

Change Request Metrics:
- **Types of change requests**: Category of change request.
- **Time to complete change requests**: How fast a change request is deployed.
- **Change request volume**: Number of change requests submitted.

Application Performance:
- **User engagement metrics**: Measures of user interaction and involvement with the application.
- **Conversion rates**: The percentage of users who take a desired action (e.g., submitting a form, completing a transaction).
- **User feedback and ratings**: Direct feedback from users regarding their experience with the application.
- **Accessibility compliance metrics**: Measurement of how well the application conforms to accessibility standards.
- **Drop off rates & analysis**: Percentage of users who abandon or discontinue application and analysis of when and where drop-off occurs.
- **Friction point analysis**: Identify when and where students are stuck.
- **Completion rate by demographic**: The percentage of completed applications relative to the total number of applications submitted, segmented by different demographic groups.
- **Completion Device**: What type of device was used to complete application.

Product Development/Mgmt:
- **Development cycle times**: The time it takes to complete a development cycle from ideation to release.
- **Release frequency**: How often new versions or updates of the application are released.
- **Stakeholder satisfaction with product updates**: Feedback from key stakeholders regarding the value and quality of product updates. Product updates = application updates.

Support Metrics:
- **Help desk tickets volume**: The total number of support tickets.
- **Ticket resolution time**: The time taken to address and resolve support tickets.
- **Customer satisfaction with support services**: User feedback on the quality of support received.
- **First call resolution rate**: The percentage of issues resolved during the initial contact with the support team.
- **User self-service adoption rate**: The proportion of users who resolve issues independently using self-service options.
- **Chatbot use and resolution**: Number of students interacting with chatbot and if chatbot resolves issue or escalation to live agent is needed.

Security & Compliance Metrics:
- **Number of security incidents**: The count of security-related events or breaches.
- **Access control effectiveness**: How well access controls prevent unauthorized access.
- **Compliance with industry and regulatory standards**: Adherence to established security standards and regulations.

Data Metrics:
- **Data accuracy and completeness**: The extent to which data is accurate and complete (e.g., error rate and completeness rate).
- **Compliance with data protection regulations**: Adherence to laws and regulations governing the protection of sensitive data (e.g., data loss or breach incidents, regulatory compliance audit results, and data encryption adoption).

Newly added metrics
1) AppTeam Creates SLA and Non-SLA Metrics
   - AppTeam Creates SLAs with CCCCO and relevant stakeholders and defines non-SLA performance metrics

2) SMAC & DGAC Review Metrics
   - SMAC reviews and provides feedback on application metrics that impact student enrollment, while DGAC does for compliance metrics

3) CCCCO Reviews & Approves Metrics
   - The Chancellor’s Office will provide sign-off on the latest metrics

4) AppTeam Conducts Monthly Reviews
   - AppTeam will review performance and compliance monthly, and share reports to relevant stakeholders (CCCCO, DGAC, SMAC, SAC)

5) AppTeam Conducts Root-Cause Analysis
   - If metrics are not aligned with targets or regulation, AppTeam conducts root-cause analysis and escalates findings with CCCCO

6) AppTeam Develops Improvement Initiative
   - AppTeam develops improvement initiative and reviews with DGAC for any data or compliance related metrics

7) CCCCO Provides Approval on Plan
   - CCCCO provides approval and funding and AppTeam executes improvement initiative. AppTeam will continuously monitor metrics

Change Request Roles & Responsibilities

**Chancellor’s Office - IDEA**
- **“Final Sign Off”**
  - Provides final signs-off on application changes and any funding that may be associated with change implementation

**Data Governance Advisory Committee (DGAC)**
- **“Advise”**
  - Provide guidance on the prioritized change requests from a functional/technical perspective and ensure alignment with vision and strategy
  - If change involves data-related updates (e.g., data element, data schema, data dictionary), then DGAC oversees process

**Application Team (AppTeam)**
- e.g., Technology Center & Vendors
- **“Prioritize and Implement”**
  - Reviews requested application changes from stakeholders and as required by legislation and decides which should be implemented (in compliance with AB3103)
  - Provides prioritization POV of application changes to DGAC
  - Designs the application change and data element for Apply and MIS with Data/Research Team
  - Responsible for implementation & deployment of agreed upon changes
  - Communicates changes made to relevant stakeholders
  - Tracks and reports on performance to ensure success

Target State Change Request Process

1) CCCCO Shares CCCApply Update Request Form
   All stakeholders receive request form via listservs, staff support site, and CCCCO website

2) Stakeholders Submit Change Request by Oct. 31st
   Stakeholders to submit requested change via intake tool

3) AppTeam & IDEA to Review & Prioritize Requests
   AppTeam will review and prioritize changes based on vision, strategy, and legislation

4) DGAC Provides Feedback on Prioritization
   DGAC will ensure prioritized requests account for data and technical considerations

5) CCCCO Signs Off on Updated Prioritization
   CCCCO provides final approval to ensure prioritization is aligned with priorities

6) AppTeam and Data/Research Team Draft the Design
   The two bodies work together to design the application change and data element for Apply and MIS

7) DGAC and SMAC approve Data Elements by Mid-December
   The two bodies review, edit, and approve the data elements

8) AppTeam Finalizes Design and Implements
   Creates a roadmap of changes for upcoming year and implements changes

9) AppTeam + PIO Communicates Changes to Stakeholders
   Communicate, in layman’s terms, changes made to stakeholders and via quarterly update

1.5) CCCCO Shares Legislative Changes in Bi-Annual Forum
   Inform AppTeam of legislative changes early on so they can incorporate into plan

Legislative Requests
The Application Team and CCCCQ Government Relations Team will meet on a bi-annual basis to discuss any changes requested by legislatures, enabling better coordination between the parties. The Application Team will inform relevant stakeholders regarding application changes requested by legislatures so that they can take appropriate actions (e.g., creating data field).

Performance Management
The Application Team will share monthly reports with CCCCQ and DGAC, and quarterly reports with SMAC and SAC to keep them informed, highlighting any deviations from targets for SLA and non-SLA metrics.

Internal Change Requests
Notification of whether change requests have been approved or not will be provided by the AppTeam as well as updates when changes have been implemented. These implementation updates will be provided in simple, non-technical language.
## Benefits to the Application with Governance

### Roles & Responsibilities
- The application can be managed successfully as responsibilities are well-defined and understood.
- Decisions are made in a timely and effective manner.
- Everyone is aligned on processes, driving greater efficiency.

### Performance & Compliance Mgmt.
- Improvement in decision-making as KPIs provide data backed insight.
- Detect issues or areas of underperformance and mitigate early on.
- Drive better resource allocation and operational efficiency.
- Improvement in accountability and strategic alignment.

### Internal Change Requests
- Stakeholders and CCCCO are informed with changes implemented.
- DGAC's involvement ensures prioritized requests account for data and tech considerations.
- Change requests are strategically aligned.

### Communications
- Stakeholders understand when/why decisions were made, enabling them to act as needed.
- CCCCO can be proactive and strategic with legislative requests.
- There is greater alignment to the application as everyone receives timely updates.

§ 55724. Request for Approval.

5 CA ADC § 55724

BARCLAYS OFFICIAL CALIFORNIA CODE OF REGULATIONS

(a) The governing board of a district wishing to conduct a flexible calendar pursuant to this article shall obtain the advance approval of the Chancellor. The request for approval shall be on a form provided by the Chancellor, and shall address at least the following:

1. A complete description of the calendar configuration.

2. The number of days of instruction and evaluation which will meet the requirements of the 175-Day Rule (Section 58120 of this part).

3. The number of days during which instructional staff will participate in staff, student, and instructional improvement activities in lieu of part of regular classroom instruction.

4. The activities which college personnel will be engaged in during their designated staff, student and instructional improvement days. Activities for college personnel may also include, but need not be limited to, the following:

   A. course instruction and evaluation;

   B. staff development, in-service training and instructional improvement.

   C. program and course curriculum or learning resource development and evaluation;

   D. student personnel services;

   E. learning resource services;

   F. related activities, such as student advising, guidance, orientation, matriculation services, and student, faculty, and staff diversity;

   G. departmental or division meetings, conferences and workshops, and institutional research;

   H. other duties as assigned by the district;

   I. the necessary supporting activities for the above;

5. A certification that all college personnel, as defined, will be involved in at least one of the activities authorized in subsection 4. For the purposes of this section, “all college personnel” shall include any district employee specified by the district in its approved plan to participate in such activities; and

6. A certification that the district will fully implement the provisions of Section 55730, as well as a description of the current status of such implementation, and a timetable for completion of the initial implementation.

(b) The Chancellor shall approve a request which is found to be complete and meets the requirements of law.

1. Amendment filed 10-25-91; operative 11-24-91 (Register 92, No. 7).
§ 55728. Flexible Calendar Attendance Reporting.

5 CA ADC § 55728

BARCLAYS OFFICIAL CALIFORNIA CODE OF REGULATIONS

(a) On forms provided by the Chancellor, districts with approved flexible calendar operations shall report at least the following:

(1) the total hours of classroom assignments (teaching time) which instructors specified in the district's approved plan were required to teach;

(2) of the total in Subsection (a)(1), the total faculty contact hours of instruction for which staff, student, and instructional improvement activities are being substituted. This total of faculty contact hours shall further be reported in terms of credit and noncredit faculty contact hours of instruction; and

(3) the number of faculty contact hours of instruction for which instruction during the designated days is being substituted. Such instruction during the designated days meeting the attendance accounting standards may be claimed for apportionment; and the faculty contact hours shall not be eligible for adjustment pursuant to Section 55729.

(b) Districts with approved flexible calendar operations shall also report such additional data as deemed necessary by the Chancellor including any data necessary to compute the FTES adjustment specified in Section 55729.

HISTORY

1. New section filed 11-10-82; effective thirtieth day thereafter (Register 82, No. 46).

2. Amendment filed 10-25-91; operative 11-24-91 (Register 92, No. 7).

3. Amendment of subsections (a)(1), (a)(3), (b) and Note filed 5-15-93; operative 6-4-93 (Register 93, No. 25).

4. Amendment of subsections (a)(2)-(b) filed 9-6-94; operative 10-6-94. Submitted to OAL for printing only pursuant to Education Code section 70901.5 (Register 94, No. 38).

§ 55729. Full-Time Equivalent Student (FTES) Units; Adjustments to Reflect Activities; Computation by Multiplier Factor.

(a) The Chancellor’s Office shall adjust the actual units of full-time equivalent student of a district operating under a plan approved in accordance with this article to reflect the conduct of staff, student, and instructional improvement activities in lieu of scheduled instruction during flexible time. The adjusted units of full-time equivalent student shall be computed by multiplying the actual units of full-time equivalent student in the academic year, exclusive of any intersessions, computed pursuant to section 58003.1, by a factor which does not change the full-time equivalent student which would have otherwise been generated if the time for the improvement activities had not been permitted and scheduled instruction had instead taken place.

(b) For courses other than those described in subdivision (b) of section 58003.1, the multiplier factor shall equal the sum of the following:

   (1) 1.0; and

   (2) the total of all the actual hours of flexible time of all instructors pursuant to section 55720 in the fiscal year, divided by the total of all the actual hours of classroom instruction of all instructors in the academic year, exclusive of any intersessions.

(c) For those courses described in subdivision (b) of section 58003.1, this multiplier factor shall equal the term length multiplier applicable to the district.

(d) The Chancellor shall also withhold the appropriate amount of state aid whenever there is a final audit finding that an instructor did not spend at least as much time performing staff, student, and instructional improvement activities as the amount of time he or she was released from classroom instruction.

HISTORY

1. New section filed 5-15-93; operative 6-4-93 (Register 93, No. 25).

§ 55726. Activities During Designated Days.

(a) For each instructor specified by the district to participate in staff, student, and instructional improvement activities in lieu of classroom instruction the district shall enter into an agreement with such employee specifying the particular activities during the designated days which the instructor will perform in lieu of classroom instruction. The agreement shall also specify the number of classroom hours which are being substituted with such activities, and the number of hours the instructor is required to spend carrying out the in-lieu-of instruction activities. The required hours of in-lieu-of instruction activities must at least be equal to the sum of the classroom hours from which the instructor is released plus those out-of-classroom hours of responsibilities which will no longer need to be performed as the result of being released from classroom instruction.

(b) For each employee specified by the district to participate in staff, student and instructional improvement activities during the designated days the district shall also maintain records on the type and number of activities assigned, and the number of such employees participating in these activities.

§ 55720. Operating Under Flexible Calendar; Accountability of Employees; Activities.

(a) Subject to the approval of the Chancellor pursuant to section 55724, a community college district may designate an amount of time in each fiscal year for employees to conduct staff, student, and instructional improvement activities. These activities may be conducted at any time during the fiscal year. The time designated for these activities shall be known as “flexible time.”

(b) A district with an approved flexible calendar may designate as flexible time for an employee not more than 8.57 percent of that employee’s contractual obligation for hours of classroom instruction which are eligible for state apportionments in that academic year, exclusive of any intersessions.

(c) Under no circumstances may a district operate a flexible calendar program which results in an academic calendar which would be inconsistent with the requirements of subdivision (b) of section 55701.

§ 58003.1. Full-time Equivalent Student; Computation.
5 CA ADC § 58003.1

(a) Pursuant to the provisions of section 58051, the units of full-time equivalent student for apportionment purposes shall be computed for courses, including those delivered by distance education under article 1 (commencing with section 55200) of subchapter 3 of chapter 6, based on the type of course, the way the course is scheduled, and the length of the course.

(b) The governing board of each community college district shall, for each of its colleges or its district, select and establish a single primary term length for credit courses that are scheduled regularly with respect to the number of days of the week and the number of hours the course meets each week, inclusive of holidays. The units of full-time equivalent student of credit courses scheduled coterminously with the term, exclusive of independent study and cooperative work-experience education courses, shall be computed by multiplying the student contact hours of active enrollment as of Monday of the weeks nearest to one-fifth of the length of the term, unless other weeks are specified by the Chancellor to incorporate past practice, by the term length multiplier, and divided by 525. The term length multiplier for attendance accounting purposes shall be determined in accordance with this chapter, provided that the maximum multiplier for semester length terms shall be 17.5 and the maximum multiplier for quarter length terms shall be 11.67.

(c) For credit courses scheduled to meet for five or more days and scheduled regularly with respect to the number of hours during each scheduled day, but not scheduled coterminously with the college’s primary term established pursuant to subdivision (b), or scheduled during the summer or other intersession, the units of full-time equivalent student, exclusive of independent study and cooperative work-experience education courses, shall be computed by multiplying the daily student contact hours of active enrollment as of the census days nearest to one-fifth of the length of the course by the number of days the course is scheduled to meet, and dividing by 525.

(d) For credit courses scheduled to meet for fewer than five days, and all credit courses scheduled irregularly with respect to the number of days of the week and the number of hours the course meets on the scheduled days, the units of full-time equivalent student, exclusive of independent study and cooperative work-experience education courses, shall be computed by dividing actual student contact hours of attendance by 525.

(e) For all open entry-open exit credit courses and for all noncredit courses otherwise eligible for state aid, except those described in subdivision (f), the units of full-time equivalent student shall be computed by dividing actual student contact hours of attendance by 525.

(f) For distance education courses not computed using other attendance accounting procedures described in this section and for independent study and cooperative work-experience education courses, the following alternative attendance accounting procedure shall be used:

(1) For credit courses, for purposes of computing full-time equivalent student only, one weekly student contact hour shall be counted for each unit of credit for which a student is enrolled in one of those courses. The full-time equivalent student of those courses shall be computed by multiplying the units of credit for which students are enrolled as of the census day prescribed in subdivision (b) or (c), as appropriate, for the primary term or intersession and duration for which the course is scheduled, by the term length multiplier as provided for in subdivision (b), and dividing by 525.

(2) For noncredit course sections covered by this subdivision, for purposes of computing full-time equivalent student only, weekly student contact hours shall be derived by counting the total hours of instruction or programming received by the students, plus instructor contact as defined in sections 55204 or 55234, plus outside-of-class work expected as noted in the course outline of record and approved by the curriculum committee, and dividing the total number of hours for the course thus derived by 54. Hours of instruction or programming received shall be independently verified by the instructor using a method or procedure approved by the district according to policies adopted by the local governing board as required by section 58030. Full-time equivalent student for such noncredit course sections shall be computed by:
(A) multiplying the average of the number of students actively enrolled in the section as of each census date (those dates nearest to one-fifth and three-fifths of the length of the course section) by,

(B) the weekly student contact hours as derived above in this section, by

(C) the primary term length multiplier of 17.5, and

(D) dividing by 525.

(g) Notwithstanding subdivisions (b) and (c) of this section, the units of full-time equivalent student for any credit course other than independent study and cooperative work-experience education courses may, at the option of the district, be computed by dividing the actual student contact hours of attendance by 525. When a district chooses to exercise the option of computing attendance for any course section by the actual student contact hours method, such method must be used consistently for all attendance accounting for that section.

Transfer Alignment Project
Work Group Meeting
January 9, 2024
9:00 am – 10:30 am via Zoom

MINUTES

1. Welcome and Introductions

All workgroup members (WG) were present and introductions completed. Holly Demé joined the WG as the TAP Program Manager, made possible through CCCCO funding.

2. Approval of Agenda

The current agenda was approved.

3. Approval of November 28 Minutes

The November 28th meeting minutes were approved by the WG with the exception of Dolores who abstained.

4. Announcements/Reports
   a. Work Plan Updates

The existing Work Plan (WP) was reviewed. Further WP updating was held for discussion later in the agenda.

5. STEM Pathways and AB 928
   a. Update on STEM TMCs (GM)

Ginni initiated reviewing the “Report to ICC on TAP Work on the Seven High-Unit STEM Disciplines.”

The WG discussed the differences between curriculum or pathway alignment versus transfer guarantees. Elizabeth provided a link to the UC Transfer Admission Guarantee matrix.

The WG called out the need for clear and widespread communication about requirement differences and what these pathways will or will not accomplish to avoid misunderstanding by students, campus staff, or legislators.
Previously examples of guidance were noted such as the toolkits used during the early TMC years. Proposed future approaches included the ICC discussion of an educational “roadshow” and holding counseling-specific meetings or conferences.

Ginni recommended adding a list of TAP WG members who worked with the FDRGs to the ICC report without the need to return the report to the ICC. This would be a way to document TAP participation on a non-publicly posted document. Miguel noted he has been tracking participation and can provide an attendee list to the group. Of note, the ICC is still discussing FDRG membership visibility so the information should not be disseminated.

The WG additionally discussed the importance of keeping FDRGs limited to specific faculty and allowing the DIGs to provide the wider route for faculty input.

Ginni relayed several items that have come up for discussion related to the STEM disciplines including:

- Many of the STEM disciplines will need extra units. One of the options proposed is to have some of the colleges draft their ADT under the proposed TMC in order to support why those extra units are needed. Some pathways were not viable because some colleges could not do it in the units required.

- CSU and UC faculty have raised the issue that if we defer those one or two courses in GE to take after transfer, will that take up 60 units that students need to complete a baccalaureate degree after transfer?
  - What currently happens for those degrees when they use IGETC for STEM or CSU GE-Breadth for STEM? Do they still have to complete it in 60 units or are they allowed to take those couple of GE courses they did not get to and add those on to the 60 units? If we defer a couple of GE courses in Cal-GETC will CSU be restricted to 60?

- Cal-GETC Area 5 (Physical and Biological Sciences) - some of these STEM disciplines require so much science. A consideration was proposed to make an exception. Instead of physical and biological science, let it be two science courses in different disciplines to try to ease that extensive requirement of units.

  b. Update on AB 928 (GM)
     i. AB 928 Committee Final Report - 2023

Ginni called out the first two recommendations of the AB 928 final report as particularly important to the work of this group. She additionally noted the importance of clear communication and a student-centered approach moving forward.

6. TMCs
   a. Aligning Philosophy TMC and UCTP
Jim noted that there truly is alignment in this discipline because Epistemology is not an admission requirement at UCLA and therefore should not be part of the UC Transfer Pathway for this major. He pointed out that the website should reflect that alignment publicly. Jim additionally indicated the importance of finding a way to bring on UC Merced and noted it may be possible to do so without changes and then deal with Epistemology. Further consultation will be helpful for how best to convey to students who might be pursuing ADTs that Epistemology is not required for admission but might be prudent preparation. Currently, there is no deadline for Philosophy UCTP changes. UC has never updated a pathway to date. No timeline was identified at this time.

7. **Roles and Responsibilities of TAP WG Members**

Ginni thanked the WG members for their participation and commitment to achieving the goals and outcomes of the project as we move into a concerted faculty-focused phase with the scheduling of Discipline Input Groups (DIGs) and further Faculty Discipline Review Group (FDRG) consultations. The WG expertise and involvement as TAP “ambassadors” will be critical for helping to facilitate faculty discussions. One of the ways to support this process is to ask each workgroup member to work with a discipline as faculty collaborate, compromise, and find the best aligned student pathway, or document the value and reasoning for the differences. She assured the WG that they would be provided the necessary background information, knowledge of potential sticking points, and a clear understanding of how to ensure faculty feel supported in working through this process. It is anticipated that DIGs will be held in the spring followed by some version of the FDRGs to update TMCs and accelerate TAP goal achievement and AB 928 compliance. Ginni and Holly will put together a draft plan for the next TAP steps.

Stephanie and LaTonya voiced that being part of the FDRG conversations was helpful.

8. **Work Plan for TAP WG**

This topic will carry over to the February meeting.

9. **Future Agenda Items**

Ginni indicated that updating the WP should be a priority for the next meeting and that she would propose some WP items to start the conversation but encouraged the WG to come prepared with their ideas.

Krystinne proposed we start thinking about marketing, including branding. There was some funding made available through the CCCCO for this effort.

Jim noted the benefit of additional goal conversations to prepare UC faculty before any widespread UC marketing.

10. **Next Meetings**
   a. Doodle Poll Scheduling
Ginni requested WG members complete their Doodle Polls by 2:00 p.m. today.

11. Adjourn
MINUTES

1. Welcome & Introductions

May welcomed the work group and called the meeting to order. All members were present except Curry. No introductions were required.

2. Approval of Agenda & Confirm Prior Meeting Minutes Approved

The agenda was approved without additions. Confirmed prior approval of 1/9/24 meeting minutes by email.

3. Announcements/Reports

May noted the Campaign for College Opportunity reached out for additional information on the STEM discipline work.

4. STEM Pathways & AB 928

Update on STEM TMCs

May shared that a meeting was held on February 2 with Aschenbach, Mica, Demé, and Austin Webster, (Advocate, W Strategies), following the AB 928 Committee meeting to discuss next steps. Legislation has been drafted to implement recommendations – see AB 2057 (Berman) to implement recommendations of the committee. The most impactful recommendations are items 10 and 11 as follows:

**Recommendation 10. Retain the 60-unit maximum requirement for ADTs while providing an option for up to an additional 6 units for high-unit STEM ADTs and require the submission of clear evidence and rationale for the higher units during the Transfer Model Curricula (TMC) approval process.**

This recommendation, when doing STEM disciplines, will come to the Intersegmental Curriculum Council (ICC) for final approval of any extra units. Evidence supporting additional units will be required. This may include presenting unit requirements of STEM pathways from other institutions for comparison. AB 928 looked at two institutions - one in Colorado and one in Indiana - the lowest number of units found was 127 for one engineering program. It may be possible to use something like this comparison to support the inclusion of additional units.
**Recommendation 11.** Require that by the end of the 2023-24 academic year, TMC drafts are in place for the fields of Engineering, Biology, Chemistry, Mathematics, Environmental Science, Physics, and Computer Science pathways that prepare students for transfer to both the CSU and UC systems and other four-year institutions that choose to participate (such as members of AICCU and Historically Black Colleges and Universities (HBCUs)). Where a single TMC to both UC and CSU is not possible, require the provision of clear rationale and evidence explaining why separate TMCs are needed.

There will be a call to have the TMC drafts in place. The bill in question likely won’t be signed until after this year.

Based on the AB 928 committee recommendations and conversations with Webster, Aschenbach, and Mica, it was proposed that the TAP move forward in scheduling STEM Discipline Input Groups (DIGs) to follow up on the work that had taken place in late fall 2023. May continued with the rationale for the DIGs.

- DIGs are required since UC (and other faculty) were not part of the initial DIGs that drafted the TMCs. Due to the timeline in the AB 928 committee recommendations, tentative DIGs were proposed to meet 1:30-4:00 as follows:
  - Mathematics – Tuesday, March 12 (likely to align)
  - Physics – Wednesday, March 13 (likely to align)
  - Biology – Tuesday, April 2 (more difficult)
  - Engineering – Tuesday, April 9 (electrical, might align)
  - Chemistry, Wednesday, April 10
  - Computer Science, Thursday, April 11

*Post-Meeting Note: Dates and times have been adjusted.*

  - FDRGs were proposed to be convened approximately one to two weeks after each DIG.

- Since Engineering is currently an Intersegmental Model Curriculum (ISM) rather than a Transfer Model Curriculum (TMC), ICC approval will be required for TMC development. The request will be specific to Electrical Engineering at this time.

- There is no Environmental Science UC Transfer Pathway (UCTP), so the TAP will need to work with UC to see if there is an interest in creating a UCTP and explore alignment of the TMC with a possible UCTP.

- Given the legislative scrutiny, a plan is needed to move forward the goals of TAP and address the AB 928 recommendations.

Chalfant noted that we would not be likely to hear a clamor for DIGs from the UC as they don’t have experience with this type of event. He further commented that he did not feel it would be difficult to get a start on an Environmental Science UCTP.

Davison reminded the work group that the C-ID Curriculum Director usually attends the DIGs and this was the first notice she had received.

May and Mica provided input on potential policy and process differences that might exist between C-ID processes for developing new TMCs or undergoing 5-year review and the TAP work of aligning TMCs and UCTPs. It was noted that there was a clear need to document the
TAP processes and ensure appropriate parties were consulted or updated as appropriate. Mica noted the tight timeline to produce the requested draft TMCs by June 2024.

Chalfant indicated appreciation for the efforts to ensure UC input, but that the process was being handled internally. He expressed a preference for approaching the process at this point through the FDRGs. Chalfant also noted he felt the Math and Physics FDRGs had provided solid draft TMCs and that it was possible the alignment challenges posed in Biology and Chemistry might be more difficult to work through at a DIG. There were additional concerns expressed about faculty availability for FDRG meetings post-DIGs.

Mica reiterated the tight deadline imposed and that the proposed approach seeks to ensure broader feedback initially and then FDRG refinement. She expressed understanding that this whole process was new to UC. She also noted concern there could be greater ramifications from AB 2057 if we don’t get this right.

The workgroup further discussed process, roles, and DIG scheduling.

Mica reiterated that there is a proposed plan and asked if the group had any other ideas to either supplement or replace this plan. The workgroup threw in ideas for DIG formatting and discussed potential resources to use to keep DIGs productive. Chalfant reiterated he would prefer an FDRG process before the DIG process. After a lengthy discussion, no clear alternative to holding DIGs was proposed that would allow the TAP to achieve the AB 928 recommendations within the required timeline. Atondo noted support for the DIG process to get the work moving forward. Chalfant closed this discussion with support for the DIG process.

**ACTION:** May and Demé will move forward with DIG planning, keeping the appropriate parties updated.

**Update on AB 928**

Given meeting time constraints, a general update was deferred, and the content focused on release of the California Community College Chancellor’s Office (CCCCO) website: [transformtransfer.org](http://transformtransfer.org).

May displayed the website and inquired if the group was interested in getting more information about the website (i.e., authorship, intended audience, purpose, etc.). Atondo expressed interest in getting more information. Davison offered to bring this topic to ICC as part of a C-ID inquiry.

Chalfant noted that the only UC representation on the ICC was Gerardo Okhuysen, UCI Senate Analyst, and felt it would be helpful to have more UC input on the committee. May indicated Chalfant should speak with Okhuysen about inviting him to the meeting.

5. **TAP Work Plan**

There was insufficient time to appropriately address this topic.

**ACTION:** Work group members will review the Work Plan on their own and provide feedback and suggestions for additional strategies, etc., before the next meeting.
6. Future Agenda Items

The TAP Work Plan will be reviewed, including feedback received from the group. May reminded group members they can forward potential agenda items to her as needed.

7. Next Steps
May noted that the next meeting would be on March 4th at 11:00 am.

**Action Items**

- May and Demé will move forward with DIG planning, keeping the appropriate parties updated.

- Work group members will review the Work Plan on their own and provide feedback and suggestions for additional strategies, etc., before the next meeting.

8. Adjourn
The meeting was adjourned at 2:12 p.m.
