I. ORDER OF BUSINESS
   A. Roll Call
   B. Approval of the Agenda
   C. Land Acknowledgement
      We begin today by acknowledging that we are holding our gathering on the land of the Ohlone (Oh-LOW-nee) Nations who have lived and continue to live here. We recognize the Ohlone (Oh-LOW-nee) Nations and their spiritual connection to the ocean and the land as the first stewards and the traditional caretakers of this area we now call Santa Clara. As we begin, we thank them for their strength, perseverance, and resistance.
We also wish to acknowledge the other Indigenous Peoples who now call Santa Clara their home, for their shared struggle to maintain their cultures, languages, worldview, and identities in our diverse City.

<td>AB 654: University of California: ethnic studies.</td>

The California Constitution provides that the University of California constitutes a public trust and requires the university to be administered by the Regents of the University of California, a corporation in the form of a board, with full powers of organization and government, subject to legislative control only for specified purposes. These provisions grant the regents all the powers necessary or convenient for the effective administration of its trust. This bill would request the University of California to establish an ethnic studies undergraduate graduation requirement at the university. (Based on text date 4/3/2023)

</tbody>
</table>

The Personal Income Tax Law, in modified conformity with federal income tax law, generally defines “gross income” as income from whatever source derived, except as specifically excluded, including an exclusion for the amount of student loan indebtedness repaid or canceled pursuant to a specified federal law. This bill, for taxable years beginning on or after January 1, 2024, and before January 1, 2029, would exclude qualified discharge of indebtedness income from gross income. The bill would define “qualified discharge of indebtedness income” for this purpose to mean income that would otherwise be realized from the discharge of student loan debt, as defined, or medical debt that is discharged by a qualifying nonprofit organization. This bill contains other related provisions and other existing laws. (Based on text date 1/3/2024)

Amended and re-referred to Appropriations Committee on January 9th.
No position

Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, the California State University, under the administration of the Trustees of the California State University, the University of California, under the administration of the Regents of the University of California, independent institutions of higher education, and private postsecondary educational institutions as the segments of postsecondary education in the state. The Donahoe Higher Education Act requires public higher education entities to adopt regulations to withhold institutional services, including withholding grades and diplomas, upon notice to a student that they are in default on a loan made pursuant to specified federal law. Notwithstanding any other law, the Educational Debt Collection Practices Act prohibits a school, as defined, from refusing to provide a transcript for a current or former student on the grounds that the student owes a debt, conditioning the provision of a transcript on the payment of a debt, charging a higher fee for obtaining a transcript or providing less favorable treatment of a transcript request because a student owes a debt, or using a transcript issuance as a tool for debt collection, as specified. This bill would expand the provisions described above to also prohibit a school from refusing to provide a diploma or certificate, as defined, for a current or former student on the grounds that the student owes a debt, conditioning the provision of a diploma or certificate on the payment of a debt, charging a higher fee for obtaining a diploma or certificate or providing less favorable treatment of a diploma or certificate request because a student owes a debt, or using a diploma or certificate issuance as a tool for debt collection. The bill would prohibit a school from engaging a third-party debt collection agency to collect an existing or future student debt or selling an existing or future student debt to a third party. The bill would make other conforming changes. This bill contains other existing laws. (Based on text date 3/16/2023)

AB 1189: Career technical education: Master Plan for Career Education.
Re-referred to Committee on RLS January 3rd, 2024
No position

Existing law provides funding for career technical education programs, including through, among others, the California Career Technical Education Incentive Grant Program and the Strong Workforce Program and a K–12 component of the Strong Workforce Program, with the purpose of creating, maintaining, supporting, encouraging, strengthening, and expanding the delivery of career technical education programs in the state, as provided. This bill would state the intent of the Legislature to enact subsequent legislation that would implement aspects of Governor Gavin Newsom’s Master Plan for Career Education established pursuant to Executive Order No. N-11-23. (Based on text date 1/3/2024)

Re-referred to Committee on Appropriations January 9th, 2024
No Position

Existing federal law, known as Title IX, prohibits a person, on the basis of sex, from being excluded from participation in, being denied the benefits of, or being subject to discrimination, which includes sexual harassment, under any education program or activity receiving federal financial assistance. A portion of the Donahoe Higher Education Act, known as the Equity in Higher Education Act, declares, among other things, that it is the policy of the state to afford all persons, regardless of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other specified basis, including immigration status, equal rights and opportunities in the postsecondary educational institutions of the state. Existing law requires the governing board of a community college district, the Trustees of the California State University, the Board of Directors of the College of the Law, San Francisco, and the Regents of the University of
California to each adopt and implement a written procedure or protocols to ensure that students, faculty, and staff who are victims of sexual assault or domestic violence committed at specified locations receive treatment and certain information, as provided. Existing law requires these public postsecondary governing bodies to annually review, and update as necessary, in collaboration with sexual assault and domestic violence counselors and student, faculty, and staff representatives, the written procedure or protocols. Existing law requires sexual assault and domestic violence counselors to be independent of the campus Title IX office, to meet certain education and experience qualifications, to provide services regardless of whether a report is made to the Title IX office or law enforcement, and to obtain specific permission, as defined, from the victim before disclosing the victim’s identity, or any information that could reasonably be expected to reveal the victim’s identity, to the university or any other authority, including law enforcement, unless otherwise required to do so by applicable state or federal law. Provisions of the Donahoe Higher Education Act apply to the University of California only to the extent that the Regents of the University of California act, by resolution, to make them applicable. This bill would require a public postsecondary educational institution, defined as a community college, a campus of the California State University, or a campus of the University of California, in order to comply with the above-described policy of the state, to employ, or to enter into a memorandum of understanding with a local victim advocacy organization to provide, at a minimum, 2 confidential advocates to assist in its response to discrimination. The bill would transfer the above-described requirements relating to sexual assault and domestic violence counselors to the confidential advocates. The bill would require a confidential advocate, among other things, to notify students, staff, and faculty of their rights and the responsibilities of the public postsecondary educational institution regarding specified policies, procedures, and statutory requirements, and to provide confidential services to students, staff, and faculty, whether they are the victim or accused of an alleged act of sexual harassment, sexual violence, or discrimination, including, but not limited to, securing alternative housing assignments and academic assistance alternatives. This bill contains other existing laws. (Based on text date 1/3/2024)

Existing law, the Cal Grant Program, establishes the Cal Grant A Entitlement Awards, the Cal Grant B Entitlement Awards, the California Community College Expanded Entitlement Awards, the California Community College Transfer Entitlement Awards, the Competitive Cal Grant A and B Awards, the Cal Grant C Awards, and the Cal Grant T Awards under the administration of the Student Aid Commission. Existing law establishes the Middle Class Scholarship Program (MCSP) under the administration of the commission. Existing law makes an undergraduate student eligible for a scholarship award under the MCSP if the student is enrolled at the University of California or the California State University, or enrolled in upper division coursework in a community college baccalaureate program, and meets certain eligibility requirements, including, among others, that the applicant meets the eligibility requirements for a Cal Grant. This bill would extend Cal Grant and MCSP eligibility to a student who was not a resident of California at the time of high school graduation or its equivalent but meets all other applicable eligibility requirements and is a natural or adopted child, stepchild, or spouse who is a dependent of a member of the Armed Forces of the United States stationed outside of California on active duty but otherwise maintains their residence in California. ### BACKGROUND

**Strategic Plan Alignment: Strategic Direction #1: Embracing Organizational Change**

ASCCC Resolutions Committee discussions led to the idea to pilot new resolutions categories that align with the ASCCC purview. The Executive Committee discussed having those submitting resolutions and amendments select the areas of ASCCC purview related to the submission. Encompassing academic and professional matters in title 5 and areas in Ed Code produced an initial ASCCC purview list from which resolution submitters will select:

1. Curriculum including establishing prerequisites and placing courses within disciplines  
2. Degree and certificate requirements  
3. Grading policies  
4. Educational program development  
5. Standards or policies regarding student preparation and success  
6. District and college governance structures, as related to faculty roles  
7. Faculty roles and involvement in accreditation processes, including self-study and annual reports  
8. Policies for faculty professional development activities  
9. Processes for program review  
10. Processes for institutional planning and budget development  
11. Academic employment, including hiring criteria, minimum qualifications, and equivalency  
12. Overlapping areas with unions, including tenure evaluation procedures and evaluation procedures  
13. Academic Senate for California Community Colleges
The Resolutions Committee will finalize the purview list in consultation with the president and executive director.

During discussions of the initial ASCCC purview list the Resolutions Committee also discussed aligning the resolutions categories with this list. The current categories in Appendix A of the Resolutions Handbook are reproduced below for reference. A number of categories are rarely used. In addition to resolutions packet organization and numbering, categories also currently provide a means of searching resolutions (also perhaps complicating such a change). There could, in theory, be more categories than the ASCCC purview list. For example, “Legislative and Budget Advocacy” could be an additional category. What has been the purpose of categories in the past? And what ought it be going forward?

If there is interest, the Resolutions Committee could pilot new categories this spring that more closely align with ASCCC purview. Before the committee and office team invest heavily in this change, the Executive Committee ought to discuss whether to explore updating categories and possible timeframes. Because the categories are in the Resolutions Handbook, piloting other categories will require formal action by the Executive Committee until the handbook is updated to reflect the new categories.

From the Resolutions Handbook:

Appendix A – Resolutions Categories

1. Academic Senate
2. Accreditation
3. Diversity and Equity
4. Articulation and Transfer
5. Budget and Finance
6. State and Legislative Issues
7. Consultation with the Chancellor’s Office

### BACKGROUND

The creation of a Code of Conduct toolkit is a resource that was assigned to Equity Diversity Action Committee per Resolution F22 13.02: Updating Codes of Conduct to Support Safe and Welcoming Classrooms and Learning Spaces in a Politically Charged Climate  
“Resolved, That the Academic Senate for California Community Colleges develop resources beginning in spring of 2023, such as a toolkit or a position paper in order to support the efforts of local academic senates to maintain safe, welcoming classroom environments and learning spaces to promote up-to-date and well-publicized codes of conduct and procedures for dealing with discriminatory disruptions and racelighting.”

We would like to share a draft of language for a Code of Conduct toolkit for input from the Executive Committee.

BACKGROUND

In 2024 the ACCJC’s newly revised Accreditation Standards will become the basis for comprehensive reviews. Several colleges served as “pilots” in 2023, but by the Fall of 2025 these standards will become the basis for all of the colleges in the state. The Accreditation Committee has been working to ensure that our faculty are well-informed and prepared to address these new standards as they go through their accreditation processes. In order to continue this support, the Accreditation Committee is proposing two webinars during the Spring semester:

Accreditation Webinar #1: March 2024 (Exact date/time tba): “An Overview of the New Standards and Addressing Social Justice in your Narrative

Accreditation Webinar #2; April 2024 (Exact date/time tba) “Accreditation Town-Hall: An Accreditation Q&A With Members of the ACCJC”

Each webinar will be an hour and half long and hosted through Zoom Events.

BACKGROUND

As part of the action plan approved by the Executive Committee in October, one of our goals to meet Strategic Direction #2 is to "provide more regular access to legislative process and advocacy updates for faculty members." The action related to this is to "Launch a monthly webinar series on legislative advocacy in coordination with ASCCC’s legislative advocate and members of the advocacy committee".

To this end, the Legislation and Advocacy Committee would like to begin hosting monthly webinars this Spring semester, beginning in late February through May. The purpose of each seminar will be to provide the community college community with a comprehensive view of legislation impacting academic and professional matters. Participants will also have the opportunity to ask questions regarding legislation and engage in dialogue.

The tentative general schedule for these webinars will be the third Wednesday of the month at 1:00PM, and each webinar will be scheduled for an hour. These will be hosted through Zoom Events.

BACKGROUND

The Course Identification Numbering (C-ID) System is a grant operated by the Academic Senate for California Community Colleges to facilitate transfer and articulation among the higher education segments in California. C-ID was first established in 2007 to create course descriptors for the top 20 transfer majors. The C-ID system is also the mechanism that was used to implement SB 1440 (Padilla, 2010) and Associate Degrees for Transfer (ADTs).

The Executive Committee will receive an update on the C-ID system, including major goals for 23-24 and highlights from the work done in fall 2023.
President Aschenbach and Vice President Vélez will highlight the recent Board of Governors and Consultation Council meetings. Members are encouraged to review the agendas (website links below) and come prepared to ask questions.

6) **ASCCC Fall 2023 Plenary (Costa Mesa)**
   a. Debrief
   b. **AI Presentation**
   c. **AI toolkit input from Fall Plenary**

Discussion: The ASCCC Executive Committee is trying different things with presentations, balancing general and breakout sessions, and in person and virtual options. Later this week, the ASCCC Executive Committee reviews resolutions assignments to committees and individuals, likely with some assigned to EdPol.

AI presentation (Christopher, Carlos Guerrero, & Michael Stuart) at plenary; leveraged the committee to provide input on what they would like to see or be useful (resources & tools) that could be incorporated into the toolkit (see toolkit brainstorming).

AI toolkit considered by ASCCC Executive Committee during November meeting (prior to the start of plenary) and received interest, support, and questions on what will be included. The committee brainstormed:
   - Tamara—discussing drafting an AI policy with her department (Ethnic Studies).
      - Students are using ChatGPT, sometimes citing it and sometimes not.
   - Kandace—skeptical that AI can help students improve their writing.
      - Not always the best use of time to use AI when they could have simply written a short sentence themselves.
      - Book: **Design Justice** by Sasha Constanza-Chock explores the relationships between design, power, and social justice. “Design justice” is an approach to design that is led by marginalized communities and that aims explicitly to challenge, rather than reproduce, structural inequalities.
      - Keep the inequities built into AI and possible implications at the forefront of the conversations.
   - Taneisha—discussed AI with students about using ChatGPT with a writing assignment. Just did not know where to start. Teacher praised them for their writing, though students felt that they could never write like this. It is impacting their social-emotional capital. Great features in AI but can cause harm as well.
   - Christopher—how can AI be used as a thought partner and still use critical thinking to tweak from that AI starting point.
   - Erik—perhaps include a section of student stories/experiences.
   - Kandace—instead of a toolkit, maybe bring experts together to inform faculty how to reframe assignments, etc. Call to action to reform our pedagogy.
- Erik—This is just the first stage of a longer process of developing policies and pedagogy in an AI world.
- Kandace—use case studies from avid users to those barely touching it.
- Christopher—a glossary will be important.

7) Discussion/Information: AI Toolkit - Next Steps follow up from ASCCC Exec discussion  
   a. [Link to ASCCC Executive Committee Agenda](November 2023)  
      - III.C.- Proposal for Development of an AI Faculty Toolkit  
      - Invite chair of ASCCC online Ed to collaborate on this project?

8) Discussion/Information: Enrollment Maximum Paper Update followup from ASCCC Exec discussion.  
   - III.D. – Setting Enrollment Maximum Paper Update Proposal  
     - Chair discussed the conversation with the Executive Committee about updating the paper. Exec empowered the committee to determine the best path forward to address the resolution, including an addendum rather than full re-write, or providing other resources.

9) Academic Freedom Referred Resolution Discussion, what could be next steps from EdPol?  
   a. S23 13.04-13.04.05R: Resolution in support of Academic Freedom/Solidarity with Faculty Across the Nation.
      - Erik presented a brief overview of ASCCC previous papers and adopted resolutions related to the referred resolution on academic freedom.
      - FACCC has received grants to put on conferences on academic freedom and is a great resource.
      - Additional [academic freedom resource](link) that was shared during the meeting...thank you Erik!
      - Suggestion is to write a Rostrum summarizing the current status of academic freedom in terms of ASCCC resolutions.
         - Erik & Christopher will do their best to provide a draft Dec/Jan and ask for input from committee asynchronously to provide a timely response to this referred resolution
         - Idea will be to include committee members names on the Rostrum

10) Announcements/Information  
    a. Upcoming ASCCC Events  
       - Executive Committee Meeting – December 14-15, 2023 - The Sheraton Grand Sacramento

Relations with Local Senates Committee Charge: The Relations with Local Senates (RwLS) Committee serves to augment the work of the Executive Committee. The committee is interested in cultivating and maintaining a climate where equity and mutual respect are both intrinsic and explicit by valuing individuals and groups from all backgrounds, demographics, and experiences. Its overall purpose is to provide an opportunity to share local and state challenges, exemplary practices, and other information with the Executive Committee. In order to accomplish its overall mission, the RwLS members are conversant with and promote pertinent statutes and strategies for effective and inclusive academic senates. The RwLS will assess the needs of local leaders in order to provide resources needed to participate effectively in governance at the local level.

7) **ASCCC Fall 2023 Plenary (Costa Mesa) Debrief.**
   a. **Discussion:** Attendees from the committee who attended the event will share their observations.
      - We had a large amount of attendees in person (more in person than online) we are still figuring out the right modality
      - The exec team created short videos to help people navigate the plenary
      - We had part-time faculty presenting with us
      - We learned from not having anyone attend at our Meet and Greet event so we will think of doing something different next plenary to have a better use of our time
      - All the presentation material are available on our website
      - At the beginning of the SProng semester, we will make recommendations for the Spring Plenary. Please let us know if you have any ideas.
      - We went through the resolutions process. They are adopted and published. Those resolutions are assigned to the different ASCCC committees. We will let you know if we have any resolutions assigned.
      - Luke Lara would like to present with us in the Spring Plenary
      - Luke asked: What data of feedback have we received in the past to see how we approach the presentations? Is it successful? How do we measure the value of these presentations? Can we do a pre-workshop that tailors to new people? We do have the Faculty leadership institute in summer but can we do something similar for new attendees? Maybe modules? Bite size pieces? We need to make sure not to overload people with information.
      - ASCCCC did a survey and the feedback was someone addressed by trying to do short videos and sessions for new attendees. We do not know how successful those were yet. We are trying to humanize everything we do. Because of the limited time in the hotel, it is difficult in terms of logistics. Maybe instead of having a separate room for new attendees, we can be all together and get to know each other with slides being on a rotation for people to see. We can have ice breakers at the tables (conversation starters). Coffee chats. What can be something valuable for new attendees? How can we be more personable?
      - Patricia shared the idea of having an "intermission" and Cafecito for people to mingle and learn from each other. Luke shared “I recently went to a 4 day summit where everyday there was a break from 12-2pm. Lunch was provided from 12-1 and 1-2 was free time. It really helped break up the days”.
      - Ron shared the idea of outgoing and ingoing leadership building a transition. How can we leverage senior ASCCC leadership to encourage rising leaders in local senates to engage in this process and to mentor them through their first plenary?
      - During the opening welcome session at Plenary, President Aschenbach made sure to highlight who the new attendees were in an effort to show each other that they are not alone. We like the idea of a succession plan. Encourage faculty to attend all our events. Are they aware of the scholarship opportunities? How do we proactively try to reach out to increase participation? Work with local senates. We have caucus to help faculty connect with different groups so they can find their communities. We need to encourage caucus more during the fall. We can also build community with our liaisons.

8) **Liaison Support Recommendations** — Proposal submitted and approved by the ASCCC Executive committee. There were a few asked in this project for ASCCC Executive Committee’s consideration.
   1) To verify and endorse the crosswalk of liaison roles to ASCCC standing Committees or other direct explicit contact.
2) Authorize RwLS to continue to develop a minimum communication protocol and communication template that would have at least one communication to each liaison each academic term (Fall and Spring).
3) In response to Resolution SP22 03.01 Develop and Publish an Inclusion, Diversity, Equity, Anti-Racism, and Accessibility (IDEAA) Handbook, consider an overall liaison handbook with an outline to be developed and vetted with ASCCC Exec during a future meeting.
4) Consider encouraging the connected standing ASCCC Committees who align with liaisons to update their charter statement to include the expected communication with these individuals.

- Overwhelmingly the exec team supported these recommendations.
- From the first review, Chris identified the liaison and they were endorsed by ASCCC. We received feedback.
- We discussed guided pathways, is it time to sunset the liaison? Do we still need it? As we develop our handbook we need to make suggestions about this situation? How do we sunset liaisons?
- All our other liaisons have a standing committee that they belong to and this will help us organize.
- Some of the chairs of these committees shared that they do not have access to a listserv for liaisons. It is something we need to work on to bring back.
- We gave them some recommendations about liaisons, they want to see templates of communication. We offered to provide each chair a template to develop a communication plan with their liaisons.
- What can liaison expect from the committee in terms of expectations and communication? What is the timeline of communication?
- We are ready to flush out the recommendations.
- Ron will send us information provided by their ASCCC OER liaison. This person provided feedback from their communication experience with OERI. The leaders of that work are statewide coordinators and there is grant money. Those OER liaison receive compensation. In the case of the other liaison, it is only a one way communication instead of the two-way experience by the OER liaison. They do feel more accountable thanks to the stipend.
- Consistent, predictable, reliable communication. We had feedback around liaison not being utilized, we want to make them feel important. It is a great way to encourage involvement with ASCCC.
- Luke asked “I’d be curious to know what communication and how often is information communicated to liaisons and WHO sends the information out.”
- Can we look into a grant and encourage local senates to provide PD money to encourage faculty to participate as liaison, especially when they are part-time faculty? We can start with the handbook first and we can create proposals and recommendations. Can the local senate work with the Union and write MOU’s to pay a stipend as ASCCC Liaisons for PD. Encourage faculty participation and voice under 10 +1 issues. Increase diversity and more faculty engagement.
- In January we will pick this up and choose specific deliverables we have. We will break down the work.

Discussion: Consider next steps as it relates to the various elements of the project. Feedback from the last ASCCC Committee will be shared.
- Communication protocol (minimum standards)
- Communication template
- Outline of liaison handbook (based on SP22 03.01 Resolution)
- Working to get standing committees to formally note connected liaisons

9) Announcements

10) Future Agenda Topics
Possible Rostrum Articles (next submission is January 14, 2023)
- Luke asked if we want to work on “Best practices in promoting diverse leadership”. He offered to work on it during the break.
- Ron volunteered to collaborate on an article.
- We will hold back on the article about liaison for March. One way to get more diverse faculty engaged is with liaisons.
- Go back to previous articles to see if something has already been addressed.

Review local visits spreadsheet. (ASCCC Executive Committee Agenda – p.10)
- There is a survey (research and data committee) about local senate survey
- What they need and what they expect in terms of communication
- We need to look at all the liaison
- Update from last three yeast for local senate visits
  1. Some colleges do not have anything listed.
  2. We can start looking and see what are the high level topics that have been asked more often. What are 4 or 5 things that local senates tend to ask for?
  3. Do they know about our services? Marketing campaign or push. We want to come up with some suggestions.
  4. This is an information item that we will work on in the Spring. How can we help the survey?
  5. Luke asked, where do the local senates requests go?
  6. There are different types of requests. It goes to our President and the Executive director. Each exec is assigned something different.
  7. Something new is a coaching model.
- Luke asked where the information goes when a local senate is making requests for a visit or for an answer. The senate president of Cuyamaca college has sent an email to info@asccc.org for more than a month and has not received any response.
- Ron asked, is there any way we can also capture other topics like IEPI? Are there themes that are left out? The IEPI grant will stop at some point, how can we continue the work?

   a. Committee Brainstorm Tracking Document
   b. Local Senates Handbook Revision/Update?
   c. 2022-2023 RwLS End of Year Report
   d. Possible projects for the committee

7. Brainstorm Possible Spring 2024 Plenary BO topics:
   a. It was suggested to create a “senator training”
      i. How can we get this out to local senates
      ii. How can we help senators be engaged and perform their duties
      iii. How do we empower senators? appropriate versus inappropriate
iv. We had some rostrum articles

b. Create the liaison handbook - create a session where we can gather information and engage senate leadership around the liaison, best practices, how they use liaisons.

c. Dual enrollment session

d. Create a session on transition leadership at the local senate and with ASCCC. It could be a rostrum article. Usually we have Spring elections for new leadership starting during fall.

e. Provide information to local senates about how their people can get involved in caucuses

f. Create community among AS leadership - who are AS Presidents, President Elects, delegates, first timers. Meet and greet reinvented

g. Look into the structure, more time to process and reflect on how to put learning into action. Time for people to discuss and process. Create space for the processing in a meaningful way. Add a break between lunch and other sessions where people can do what they want. Time to allow people to digest.

h. We created videos to help guests navigate. We have opportunities for front loading information to allow people to come and discuss. Maybe add to the sessions.

i. How about if we look into the way we share information in the sessions. Let’s think about the concept of flipping the classroom. Allow the audience to learn and lead the conversation/discussion where they process and put into practice the information. Also, embed a time for the audience to network and at the same time they share best practices from their colleges. This is a captive audience.

j. Be clear about the type of session we are offering. Are they lecture/information based or project based learning or interactive communication/workshop/put into practice?

k. Can we have hybrid sessions instead of having in person participants looking at a session in zoom? Can the in person people meet in a room to participate in the session with others in zoom. There is appreciation about the recorded sessions. Those are great resources.

8. Update about Local Senate Visit

a. We had some side conversations about the communication among local senates and our ASCCC organization. We do not have a way to be actively involved in these conversations of who is asking for a local visit. These decisions are being handled by the AsCCC office and we need to create a bridge with this committee.

b. Is there a way so we can support this work?

c. Depending how local senates submit their request, there will be a different response. There is inconsistency with the response with local senates.

d. If someone is asking how they are being redirected? Who responds? What is the timeline? What are the expectations for both sides?

e. Do we have formal mechanisms for all communication with local senates?

f. At least we should be providing input on predictable communication/structure.

g. There are three different ways people can contact ASCCC, it can be confusing.

h. Expected communications, what needs to be updated and how, expected follow through | on both sides

i. “Collegiality and Action” visits are different from “Local Senate Visits”. There is a fee and other expectations and processes.

j. To request ASCCC services https://www.asccc.org/content/request-services

k. What is our role (our committee) in these processes?

9. We reviewed the draft Rostrum Article Discussion

a. Ron and Luke wrote this article.

b. Wanted to present information in a brief and organized manner. Follow some points. Easier for the reader to follow.

c. Some of us will provide feedback on the paper so it can be strengthened and submitted by the March 3 due date.

d. We need to make sure to keep it centered around 10+1 and not Union areas.
e. The finalized article will be added to our next meeting agenda.

10. **Liaison Support Recommendations** – Proposal submitted and approved by the ASCCC Executive committee. Discussion: Consider next steps as it relates to the various elements of the project. Feedback from the last ASCCC Committee will be shared.

      **Proposed Area**: Decreasing racial inequities in transfer is a key strategy for increasing race and income equality. The RP Group’s **African American Transfer Tipping Point** (AATTP) project seeks to identify the factors contributing to African American/Black students' likelihood of transferring. The first phases of this work identified four core student experiences that significantly impact the transfer journeys of African American/Black community college students: (1) timely passing of transfer-level English and math, (2) academic counseling, (3) participation in Umoja, and (4) not being put on academic probation.

Second General Session

Academic and Professional Matters: Implementing Dual Enrollment with Intentionality (panel) (Claire Coyne, Jerome Hunt, Kellie Nadler, Mark Osea, & LaTonya Parker)

Assembly Bill number 288, (Holden) Public schools: College and Career Access Pathways partnerships was signed into law on October 8, 2015. Join this general session to discuss the most recent information on how high school students and students attending a noncredit or adult education high school or equivalency program can enroll in classes at their local community college. This includes students attending community schools, continuation high schools, juvenile court schools, or adult education programs. Equip yourself with other information such as intentional dual enrollment strategies to help under resourced students who struggle academically or who are at risk of dropping out and rethinking policies that govern dual enrollment, and establish a policy framework under which school districts and community college districts could create dual enrollment partnerships as one strategy to provide critical support for underachieving students, those from groups underrepresented in postsecondary education, those who are seeking advanced studies while in high school, and those seeking a career technical education credential or certificate.

Third General Session

The African American Transfer Tipping Point: Exploring the transfer journeys of over 7,000 African American/Black community college students

Katie Brohawn, RP Group Director of Research, Evaluation, and Development
Darla Cooper, RP Group Executive Director
Alyssa Nguyen, MA, RP Group Senior Director of Research and Evaluation
LaTonya Parker, ASCCC Secretary

Decreasing racial inequities in transfer is a key strategy for increasing race and income equality. The RP Group’s African American Transfer Tipping Point (AATTP) project seeks to identify the factors contributing to African American/Black students’ likelihood of transferring. The first phases of this work identified four core student experiences that significantly impact the transfer journeys of African American/Black community college students: (1) timely passing of transfer-level English and math, (2) academic counseling, (3) participation in Umoja, and (4) not being put on academic probation.

Building from this research, and with a focus on elevating student voice, in this presentation, we will share findings from the most recent phase of the work, which leveraged data from a statewide survey of over 7,000 transfer-intending African American/Black students to lift up the experiences and perspectives of African American/Black students about how these four key experiences impacted their transfer success. Discussion will center around actionable strategies for leveraging these findings to drive change.

This session is a follow-up to the general session on Academic and Professional Matters: Implementing Dual Enrollment with Intentionality. If you have questions, information, or innovative ideas following that general session, then this session is for you! Join us for an interactive and lively discussion to take a deeper dive into AB 288 legislation. What can faculty do to stay engaged in the authorization of specified high school pupils to enroll in up to 15 units per term? How can faculty build partnership programs that ensure specified conditions are satisfied? How can faculty create conditions that would authorize a community college district to exempt special part-time and full-time students taking up to a maximum of 15 units per term from specified fee requirements? These questions and more will be discussed at this session.

   iii. Assigned Task: Chair reviewed the four ASCCC 2023-26 strategic directions, Faculty Empowerment and Leadership Academy (FELA)
      ASCCC 2023-2026 four strategic directions:
Embracing Organizational Change
Engaging Proactively in Partnerships and Advocacy to Advance Faculty Voice and Student Success
Developing Innovative Activities to Empower Faculty and Uplift Underrepresented Voices
Advancing Faculty Engagement in Data Literacy

1. FELA

**Faculty Empowerment and Leadership Academy**

FELA will focus on the development of faculty from historically underrepresented groups in higher education. The academy will provide opportunities to connect with leaders from across the state, to empower faculty to seek leadership roles, and to provide regular contact with mentors. All activities in this leadership development program are designed to ensure participants are ready to meet the challenges of engaging in transformative leadership and equity-minded approaches to working with diverse student populations.

**PROGRAM MISSION**

- **TO CONNECT**: Providing one-on-one mentoring to diverse faculty for personal and professional development with mentors who are campus leaders and/or administrators.
- **TO EMPOWER**: Creating safe and brave spaces for courageous conversations to investigate equity, diversity, and inclusion; to share personal and collective experiences on race, privilege, and oppression; and to embolden new faculty leaders to advocate for transformative change on their campuses.
- **TO GUIDE**: Providing networking opportunities and sharing guidance for navigating the systems of higher education. The focus of the mentoring will be to address the specific goals of the mentee.

**OUTCOMES**

- Demonstrate a clear understanding of the faculty purview as outlined in the 10 + 1
- Articulate the framework of inclusion, diversity, equity, anti-racism, and accessibility (IDEAA) in their professional development and leadership
- Identify various ASCCC resources for local leaders
- Consider their own personal leadership style(s)
- Discuss various structural or systemic challenges for faculty leadership emergence
- Relate their experience to impact their local academic senate work and future leadership

**PROGRAM REQUIREMENTS**

- At least one ASCCC Plenary (virtual or in person) through voting on resolutions
- **FELA Cohort Convening** – 2-3 will be scheduled for the 2023-24 year by the Faculty Leadership Development Committee
- Meet monthly with the mentor (in person, phone, or virtual) - duration determined by the mentor in coordination with mentee approximately one half-hour or more per meeting check-in
- Pick a minimum of 3 other observation experiences
- Attend an Area meeting for networking
- Attend a local board of trustee meeting or other local governance meeting
- Attend virtually one ASCCC Executive Meeting
- Attend at least one other ASCCC-sponsored event (webinar/ regional/ standing committee meetings, etc.)

2. Resolutions: Review of past resolutions assigned to FLDC
Whereas, Student voice is critical to the hiring process, and California Education Code’s equal employment opportunity provision implies support for the participation of students to ensure the community college workforce is “continually responsive to the needs of a diverse student population by ensuring that all persons receive an equal opportunity to compete for employment and promotion” (Ed. Code §87100 (a) (3));

Whereas, Chancellor’s Office General Counsel’s Legal Opinion 2020-08: Student Participation in Community College Recruitment (September 2020)1, states, “Nothing in state law prohibits students from participating in community college recruitment and selection processes”;

Whereas, Legal Opinion 2020-08 further states that students are adults and therefore are “capable of understanding the sensitivity of employment-related information, being trained in the proper treatment of confidential information, and being expected to adhere to confidentiality requirements”; and

Whereas, The California Community Colleges Board of Governors Diversity, Equity, and Inclusion Implementation Plan calls for diversifying hiring committees and includes student representation on screening and hiring committees as a best practice2;

Resolved, That the Academic Senate for California Community Colleges encourage local academic senates to review their hiring processes, discuss the role of students in hiring processes, and include local student governments and human resource offices in those discussions; and

Resolved, That the Academic Senate for California Community Colleges provide professional development opportunities and resources to support local academic senates in including students in hiring processes.

---

Whereas, Student success depends on excellent teachers, and many faculty, both full-time and part-time, have limited training in the art of teaching, and the Center for Community Colleges reports that more than 58% of community college courses are taught by “contingent” faculty;[1]

Whereas, All faculty, full-time or part-time, would benefit from a program of online professional development courses designed for community college faculty that present the best, most effective, and innovative ways to help students to learn;

Whereas, The sum of the total always being stronger than the individual parts, a statewide compilation of best teaching practices illustrating the innovative, original, new, novel, fresh, unusual, unprecedented, avant-garde, experimental, inventive, ingenious, and creative practices in the art of teaching would be a powerful tool for all faculty to utilize; and

Whereas, The California Community Colleges Chancellor’s Office (CCCCCO) division of Institutional Effectiveness oversees development and operation of a comprehensive technical assistance program to
further student success that overlays every division of the CCCCO including academic affairs, student services, economic and workforce development, research, and fiscal affairs, and will develop a framework of indicators focused on accreditation, fiscal viability, student performance, and compliance with state and federal guidelines; Resolved, That the Academic Senate for California Community Colleges create a module of effective practices in teaching for the Professional Development College for all faculty, to utilize at their convenience; and Resolved, That the Academic Senate for California Community Colleges seek funding from the California Community Colleges Chancellor’s Office Institutional Effectiveness Partnership Initiative, or other sources, to create a systematic network of effective practices in teaching for the Professional Development College.

- Spring 2017 Support Use of Sabbaticals and Other Professional Development for Open Educational Resources Development

Whereas, Curriculum, including the selection and development of instructional materials, is an area of faculty primacy under Title 5 §53200 and the development of open educational resources (OER) is a worthwhile curriculum-related endeavor that will benefit students;

Whereas, Assembly Bill 798 (Bonilla, 2015) encourages the use of OER, and zero-textbook-cost degree efforts are underway that seek to provide an opportunity for students to earn a degree with no expenses associated with instructional materials;

Whereas, Access to and use of textbooks and ancillary materials can facilitate successful course completion by students, and students may postpone or fail to purchase textbooks due to escalating textbook prices and other educational costs, which could impact their success and course completion; and

Whereas, According to the senate paper Sabbaticals: Benefitting Faculty, the Institution, and Students (2007) major purpose of sabbaticals “…is to provide opportunity for continued professional growth and new, or renewed, intellectual achievement through study, research, writing, and travel;”

Resolved, That the Academic Senate for California Community Colleges encourage local senates and bargaining units to work with their administration to allow the use of sabbaticals and other professional development opportunities for the development of accessible open educational resources.

- Fall 2016 Resolution Number 12.01

Assigned to Faculty Leadership Development Committee

Category Faculty Development

Whereas, Many faculty are required to complete a minimum number of professional development or Flex hours each semester;

Whereas, The Professional Learning Network (PLN) is an online professional development repository that provides access to professional development activities offered by vendors like Lynda.com as well as resources that have been developed and reviewed by community college faculty, administrators, and classified staff that cover many of the same topics that are presented during on campus Flex sessions;
Whereas, Allowing the use of professional development resources available through the PLN to meet Flex obligations will enable full- and part-time faculty to choose from a wide array of materials that can be covered whenever it is convenient instead of only having professional development options during designated professional development or Flex days; and

Whereas, The California Community Colleges Chancellor’s Office’s Guidelines for the Implementation of the Flexible Calendar Program has not been amended or updated since April 2007;

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor's Office to re-evaluate activities in the Guidelines for the Implementation of the Flexible Calendar Program\[1\] to include activities on the Professional Learning Network (PLN);

Resolved, That the Academic Senate for California Community Colleges work with the California Community Colleges Chancellor’s Office to review and update the Guidelines for the Implementation of the Flexible Calendar Program; and

Resolved, That the Academic Senate for California Community Colleges urge local senates to work through their local process to allow faculty to use professional development activities available through the Professional Learning Network (PLN) to satisfy their required Flex obligation.

Curriculum

Curriculum Development – The PDC is pleased to offer a five-course series that provides an overview of various aspects of curriculum development. Participants who complete all five courses may be eligible to earn ASCCC’s Curriculum Development Certificate of Completion. In order to earn a Certificate, all components of the five-course series must be successfully completed. Each course consists of multiple units. There is a quiz associated with each unit and a final exam for each course. Successful completion requires earning 100% on all quizzes and at least 80% on the final exam for each course. All assessments are multiple-choice. While quizzes may be taken more than once, the final exam for each course can only be taken once. Individuals who are interested in having their work formally recognized should contact Krystinne Mica for more information. The completion of the series should take approximately eight hours.

Important: All courses are offered via Canvas and set so that you can “self-enroll”. Please be sure that you are logged into your home instance of Canvas before attempting to access any PDC course.

Message from previous chair:

All FLDC agendas and minutes from the 22-23 year are on the ASCCC FLDC webpage. However, I wanted to share the 22-23 FLDC google drive that has a variety of tools and resources that were created to support the work of FELA. In this drive you will find materials for the three different cohort convenings we held

this past year (initial, midway, and final); sample cohort communications; monthly reading resources for the cohort; template for cohort summary reports; and this past year's cohort completed summaries with some excellent feedback and suggestions moving forward.

Academic Senate for California Community Colleges
End of Year Report Form for Standing Committees/Task Forces/Chancellor’s Office (CO) Groups

Each chair and faculty representative’s responsibility is to the Academic Senate and the faculty it represents, as well as to the Executive Committee that carries out the Senate’s charges. Each chair and representative has a responsibility to communicate clearly with successive committees what has been accomplished, what has only been partially addressed, what remains to be completed, and what possibilities lie ahead for the coming year.

The chair or senior appointed representative must write an end of year report outlining the actions taken and work done by the committee and contains information to allow subsequent chairs to continue to move forward with the work of the committee.

Standing Committee/Task Force/Chancellor’s Office Group Name: ASCCC Faculty Leadership Development Committee (FLDC)

   ○ FELA Midway Check-in Convening Agenda;
     ■ FELA 2nd Cohort Convening Presentation (2/24/23)
   ○ FELA Final-Summary Convening Agenda;
     ■ FELA Final Cohort Convening Presentation (5/19/2023)

1. In addition to the ASCCC strategic plan goals, did the committee have other goals for this year? If so, please describe.
   ○ Restructure the Faculty Empowerment Leadership Academy (FELA) to include a focus on the ASCCC IDEAA framework, and to build a stronger sense of “cohort community”
   ○ Develop a repository for suggested monthly readings for cohort mentors and mentees to support constructive interactions and discussions.
   ○ Develop a set standard sample communications to be used for the FELA program
   ○ Update application process and timeline, resources, program requirements (minimize cost for participants) and develop more flexibility.

2. Please summarize accomplishments of the committee/task force/CO group this year, highlighting specific resolutions, papers, resources, or Rostrum articles developed:

   1. Maintained FLDC/FELA ASCCC Webpages
   2. Update FELA Timeline. Including the recruitment of participants, expectations for completion, and review of letters.
   3. Update FELA application forms (new google forms)
   4. Developed and structured FELA cohort convenings
   5. Fall 2022 Plenary BO Session
   6. Selected FELA participants (mentors and mentees)
   7. Held first initial cohort convening (Dec 2022)
   8. Sent readings for January to cohort
   9. Sent readings for February to cohort
   10. Held 2nd FELA Cohort Convening (Feb 2023)
   11. Sent readings for March to cohort
12. Sent readings for April to cohort
13. added FELA ribbons for Cohort to wear on name badges during Plenary events
14. Started recruitment for 2023-2024 FELA cohort (Mentors and Mentees)
16. Sent May readings and FELA summary report template to cohort
17. Planned and held final FELA Cohort Convening (May 2023)
18. Developed repository of cohort communications
19. Developed a FELA Cohort final summary/Report template for mentee participants.

3. Were there assignments that your committee was unable to address this year or are currently in progress and not completed? If so, please describe.
   ○ There is a need to still fully revise the Mentor and Mentee selection rubrics to fully include IDEAA criteria and align with updated mission/vision for academy.

4. Do you have any recommendations for what the committee should focus on next year?
   ● Monitor the number of mentor applications and actively recruit with some personal “reach outs”/invitations. Maybe consider other former ASCCC Exec members who are still faculty as an invitation. (We had one current and two former exec members serving as mentors for the 22-23 cohort)
   ● Consider any feedback from the 22-23 cohort that was collected on their summary-reflection reports.
   ● Consider a formal repository of developed resources and suggestions into a FELA Coordinator Handbook/Toolkit as a guide to ensure consistency and momentum for this program. (possibly a google doc or canvas shell?) TBD
   ● In the 22-23 year we had many more mentee applications than mentor applications. With the desire to keep the mentor experience as near one-to-one as possible we only had 6 mentors, and accepted a total of 11 mentees (over 30 applied) for this revised FELA pilot. The early recruitment of mentors may help in the total numbers of mentees we can serve. Also, we did have a couple of mentees that were unable to continue in the program, there was not a waitlist to bring in new mentees for mentors. I had one mentor who’s mentees left the program, but was able to keep the mentor engaged and welcomed her to the formal cohort convenings (as she was still part of the cohort community even without mentees) where she could share her experiences to the entire cohort.
   ● Marketing with testimony and success stories from participants (both from mentors and mentees) to share the impact of this experience.

Other comments:
The primary focus for the FLDC this year was the support and work on FELA. Now that a FELA structure and initial resources have been developed the committee may want to consider other overall professional development support that may be needed in the field and consider partnerships with ASCCC Relations with Local Senates to support local senate president professional leadership support, or support with empowering our formal ASCCC liaisons and caucuses to support diversity in leadership. Opportunity to promote diversity in leadership and actively encourage new leaders in our system.

**Feedback from Academy Mentors for consideration (collected 5/19/23)***

**Themes and Suggestions**

- Is there an opportunity with the foundation or other ways to set up ongoing donations to help support the FELA program to promote **sustainability**?
- The mentors would benefit from a **mentors-only orientation** about some strategies to help keep mentees engaged or support for suggested structure of interaction.
- Remember that not all faculty are seeking senate leadership, but to also support faculty who lead in their classrooms, may move into chairing departments or college-wide activities that are also leadership.
- Enjoyed the focus on diverse leadership styles and including the cultural perspectives
- Consider the timing of the cohort convenings to not overlap with end-of-the year obligations.
- If a mentor is assigned more than one mentee, try to ensure that the mentees have similar goals or level of experiences to support the mentor.
• try to intentionally make space and opportunities for mentors/mentees during the plenary events if appropriate and possible. (due to the late start of the 22-23 cohort we were only able to invite participants to the Spring plenary)

1. Implement 2023 – 2024 RSFAC Work Plan  
   a. Webinar—give at least 1 this year, ideas and topics?
b. Faculty Office Hours—provide time for RSN colleagues to check in with us. Share experiences, success, thoughts. Coffee hours” 2x/session. We need to bring definition to what this looks like.

c. Regional gatherings—we are up for doing these. Need to do some collaboration and create a game plan.
   i. Expand faculty participation to include those in state and county programs.

d. Increase interaction with Rising Scholars Liaisons through newsletters and listserv.

B. Rostrum articles—file on google shows last year’s ranking and ideas. Juan and Sarah will do a rostrum about the committee with hope to elevate this committee and its work.
   1. Status update on rostrum articles started last year?
      a. Topics from last year in order of interest:
         i. Forgotten Voices of the Carceral System
         ii. Gender Identity in Prison: Policing Trans Bodies
         iii. Tie—The Need for Ally Training Programs on Campus & Challenges and Considerations for Hiring Formerly Incarcerated or Justice-involved Students on Campus

      Can we add a separate application for currently incarcerated students CCCApply IDs now needed but there is no support—20 minute time limit per application.

   C. Application for Statewide Service

VII. Closing Comments
   A. Any other final comments or suggestions?

VIII. Adjournment

In Progress

Completed Tasks:
1. **Members present**: Leslie LeBlanc, Jolena Grande, Carrie Roberson, Frank Nigro, Shelly Hess, Leslie Minor, Carmen Dones, Dolores Davison, Lillian Justice

2. **Chancellor’s Office Updates**
   
a) **BDP Cycle 2**
   - Five programs are still awaiting evidence from CSU on specific objections. There have been no updates to this.

b) **BDP Cycle 3**
   - Twelve out of twenty applications were given provisional approval to move forward to the next step.
   - The twelve programs have been sent to the segments for review. They have until 1/8/24 to provide objections and evidence of duplication.

c) **BDP Cycle 4**
   - The cycle 4 application was released on 11/17/23 and will be due on 1/15/24. The link to apply and a pdf of the application is available on the BDP website.
   - There were minimal changes. One question was added to the non-duplication section on collaborative efforts with CSU.
   - A Call for Readers will be sent out shortly. Several members present volunteered.

d) **ICAS and intersegmental meetings**
   - ICAS will be providing their recommendations on duplication soon and the Dispute Resolution Workgroup continues to meet. No other updates.

3. **Community College Baccalaureate Degree Title 5**
   
a) **New Regulations**
   - The 5C BDP workgroup is continuing their work on a draft of new title 5 regulations for community college baccalaureate degrees. It is hoped the draft will go to the full 5C in January.

b) **Repeal and Revise Regulations**
   - Title 5, section 55009 was shared and discussed. The members agreed that there may still be a handbook, but it will be more of a guide and that this regulation should be repealed.
   - Title 5, section 58520 was shared and discussed. There is cleanup “pilot” language that needs to be removed and the 5C BDP workgroup is considering added language to require the upper division fees be used for the BDP.
     - Concern that lower division students could not use upper division materials or sharing of faculty and counselors.
     - Initial intent was to track use of funds.
Key take away:
   i. The proposed change could complicate matters.
   ii. The full 5C group should discuss.

4. BDP Scoring Rubric
   a) The group discussed proposed revisions to the BDP Scoring template that will make all sections an equal value of 30 points.
      • Concern this lessens the value of workforce need which was the intent of the legislation.
      • Concern colleges applying for previously approved programs or where there is no similar program will be disadvantaged due to inability to demonstrate analysis of comparison. There is nothing to compare.

Key Takeaways:
   i. Equal values make sense as each section is equally important.

5. Open Discussion
   a) Question asked on the difference between the BDP Workgroup and BDP Steering Committee?
      • The Workgroup is how to get there; the Steering Committee is, now we are here, what do we do; troubleshooting for colleges.
   b) Question on whether approved colleges know to submit their program to COCI?
      • Suggestion to send reminder email to approved colleges.

Note: Not every class that meets the Arts and Humanities requirement needs to individually meet each element of the above standards. For example, a class meeting the standards might focus on works of historical but not literary importance or exclusively on Chinese art or philosophy.

### 9.3.1 Courses That Fulfill the Arts Requirement

Courses that have as their major emphasis the integration of history, theory, aesthetics, and criticism. Performance and studio classes may be credited toward satisfaction of this subject area if their major emphasis is the integration of history, theory, and criticism (e.g., Dance History in Cultural Context, Film Art, History of Architecture, History of Modern Art, Multi-Cultural Theatre, Music History and Literature, The Jazz Experience).

### 9.3.2 Courses That Do Not Fulfill the Arts Requirement

Courses which focus on technique, skills or performance do not meet the Cal-GETC Area 3A (Arts) requirement (e.g., Beginning Drawing, Beginning Painting, and Readers Theater and Oral Interpretation courses focusing primarily on performance) (see Section 5.3.1).

### 9.3.3 Courses That Fulfill the Humanities Requirement

Acceptable Humanities courses are those that encourage students to analyze and appreciate works of philosophical, historical, literary, aesthetic, and cultural importance. Advanced foreign language and ESL courses (which do not have a principal focus on skills acquisition) may be approved if they include substantial literary or cultural aspects. Theater and film courses may be approved if taught with emphasis on substantial historical, literary, or cultural aspects. Advanced English Composition courses may be approved if they include significant literary and humanities content and/or a methodological, epistemological, or theoretical focus.

9.3.4 Courses That Do Not Fulfill the Humanities Requirement
Courses such as English Composition, logic, speech, creative writing, oral interpretation, readers’ theatre, and all elementary language other than English courses are skills or performance courses that do not meet the curricular specifications for Cal-GETC Area 3B (Humanities).

9.3.5 Restriction on Unit Distribution
Completion of a single course is required to fulfill Cal-GETC Area 3A (Arts) requirement. A separate course is required to fulfill the Cal-GETC Area 3B (Humanities) requirement. If a course is approved as satisfying both 3A and 3B, it can be used to satisfy only one of those requirements.

The pattern of coursework completed shall provide opportunities for students to develop understanding of the perspectives and research methods of the social and behavioral sciences. Problems and issues in these areas should be examined in their contemporary, historical, and geographical settings. Students who have completed this requirement will have been exposed to a pattern of coursework designed to help them gain an understanding and appreciation of the contributions and perspectives of individuals and groups, including but not limited to diverse genders, sexualities, races, ethnicities, classes, countries, cultures, and societies. The material should be presented from a theoretical point of view and focus on core concepts and methods of the discipline rather than on personal, practical, or applied aspects.

Courses in Cal-GETC Area 4 (Social and Behavioral Sciences) provide students with the opportunity to gain a basic knowledge of the cultural and social organizations in which they exist as well as the behavior and social organizations of other human societies. People have, from earliest times, formed social and cultural groups that constitute the framework for the behavior of the individual as well as the group. Inclusion of the contributions and perspectives that have been made by different genders as well as members of various ethnic or cultural groups as part of such study will provide a more complete and diverse view of the world.

A general education lab course used as part of Cal-GETC may represent the singular exposure to the physical or biological sciences and must therefore support learning by exposing students to discovery-based experiments that reveal the empirical nature of science. Science laboratory courses should rely on hands-on or validated simulation of manipulations of matter, equipment, and instrumentation. Laboratories should introduce students to the safe use of equipment and instruments relevant to the particular subject.

The Cal-GETC physical and biological science area requires a minimum of two courses, at least one of which must include a laboratory component. The intent of the Cal-GETC laboratory science requirement is that students take at least one physical or biological science course incorporating a laboratory component. Since the experimental methodology and hypothesis testing taught in a lab builds on the principles presented in the lecture portion of the course, the two must be related. Therefore, the laboratory must correspond to one of the lecture courses taken to fulfill this Cal-GETC requirement. A student cannot use lecture courses in two subjects and a laboratory in a third subject to satisfy Cal-GETC Area 5 requirements.

9.5.3 Restriction on Unit Distribution including Unit Requirement for Laboratory Science Courses

Three semester or four quarter unit laboratory science courses may be used for Cal-GETC to meet the laboratory science requirement as long as the minimum unit value is considered. Courses which do not focus on the core concepts of a physical science discipline, such as “Energy and the Way We Live,” are not acceptable. Courses which survey both the physical and biological sciences but are not comparable in depth and scope to a traditional science course or focus on a particular subject will not satisfy Cal-GETC Area 5 requirements.
9.5.3 Restriction on Unit Distribution including Unit Requirement for Laboratory Science Courses

Three semester or four quarter unit laboratory science courses may be used for Cal-GETC to meet the laboratory science requirement as long as the minimum unit value is met for this area (7 semester or 9 quarter units). Stand-alone lab courses which have a prerequisite or co-requisite of the corresponding lecture course must be a minimum of 1 semester/quarter unit.

Example 1: 1 Biological Science w/lab, 3 semester units
1 Physical Science, lecture, 4 semester units
Conclusion: Area 5 satisfied

Example 2: 1 Biological Science w/lab, 3 semester units
1 Physical Science, lecture, 3 semester units
1 Physical Science corresponding Lab, 1 semester unit

5. RSN Conference (Fall 2024?)

CCCCO is seeking feedback for offering a state-wide conference next fall. All advisory members shared support for offering this professional development/learning opportunity.

Committee will meet next meeting to establish a subcommittee to start the planning for this event.

Regional Coordinator Updates

1. Javier Rodriguez

Unable to deliver updates, left meeting early.

1. Chelsea Esquibias

Shout out to Annette at Southwest College and the efforts to ensure that Rising Scholar students are supported on community colleges and transfer to universities.

Attended local facility graduation with BA degrees. Shared her observations.

1. Kellie Nadler

Kellie provided update on RSN events that are occurring in her region, particularly juvenile-justice grant receiving institutions.

Shout out to Shane who is doing work for Rising Scholars through his local institution’s program.

Acknowledged Juan for the ideas and actions taken to advance faculty voice in matters affecting Rising Scholar student learning.

CDCR Update
Rebecca shared retirement of the lead. And transitioning is still occurring.

Shared challenges with how transcripts are being handled and the barriers that Rising Scholars are being confronted with.

Discussed the recent Legislative Affairs Office (LAO) visits to the field and different constituencies. There are huge waitlist problems due to students who are receiving multiple degrees and might be creating a bottleneck. This issue is compounded by failures by institutions not responding to transcript requests.

Mentioned that the MOU has been presented to system partners and once signatures have been received it will be circulated to the field. Unfortunately, there continues to be issues, such as open enrollment, that affect the program and students. In effect, there have been piecemeal approaches, such as restricting enrollment by CDCR folks, that will be tried this session and next to see if a possible solution will be identified.

ASCCC Update

Juan provided a report on ASCCC organizational activities, as well as the efforts that the ASCCC Rising Scholars Faculty Advisory Committee is engaging in this year.

Student Representative Update

Candyce delivered a report on Rising Scholars program efforts at her local institution.

III. ASCCC and Regional Consortium Planning – Prior to this topic discussion the chair shared that Lynn and herself facilitated a breakout session during the recent ASCCC Plenary. Other members of the committee shared sessions they attended and perceptions from the event. As other announcements, the chair shared there will be an upcoming noncredit institute and CTEL may have an opportunity to participate.

There are some leadership transitions happening with some of the regional consortiums. The chair, Lynn, and CJ will work on preplanning meetings for the early spring collaborative events. In planning,

IV. Webinar Planning/Support – Discussion: The chair reminded the group about the approved upcoming webinars and the secured presenters for these upcoming webinars. Based on some informal conversations with administrators and the faculty practitioners in the field, there is a need for some clarity and “lessons” from those who are involved with the CBE Pilot. Especially clarity on how CBE is different than credit by examination. As additional information another conference was shared about the Fall 2023 Inaugural California Regions at Work Conference hosted by Orange County Regional Consortium. The chair is encouraging faculty involvement in addition to the primary audience.

The committee discussed the format options as a “webinar” or “meeting” using zoom and other online collaborative tools as desired.

Need to also push this tool to our HR colleagues (ACHRO) possible a joint presentation or communication to the districts.

Stephanie and CJ will submit an ASCCC proposal for an update/ “senate addendum” for the Toolkit on practical application. The need for equivalency training, HR collaborations, professional learning, update to the GE pattern (including Ethnic Studies), and possible other topics such as eminence, etc.

The CTEL may forward a proposal for ASCCC Spring plenary or curriculum institute BO session or GS with HR/Senate for CTE and CTE MQ Toolkit with possible scenarios.

I. Introductions and Announcements
Chair Roberson welcomed committee members and introductions were made.

II. Approval of the Agenda
The December 11, 2023 agenda was approved by consensus.

III. Approval of the November 20, 2023 MCW Meeting Minutes
The November 20th MCW Meeting minutes were approved by consensus.

IV. 2023-24 Priorities
1. See [MCW Google Drive Folder](https://drive.google.com/drive/u/0/folders/15HqvqvMZMgEZzyDiwop60kA9wf3Goqxs)
2. Committee priorities
3. Defining model curriculum
4. Review process to update “existing” model curriculum
5. Model Curriculum FIELD INFO

Roberson led the discussion to update and revise the MCW 2023-24 priorities and setting the timeline to accomplish the priorities and taskforce work. Roberson led the discussion regarding the creation of a logo and branding for the MCW. The ICC had previously met to discuss and approve the creation of uniform Transfer Model Curriculum (TMC) templates, and the MCW would be continuing this process by updating the Model Curriculum (MC) templates to be uniform. The MCW discussed updating the MC templates by possibly convening a small task force (including three articulation officers) to consider the details that would need to be included or streamlined. Roberson suggested that if the MCW members working on updating the templates noticed any discipline MCs that need to be reviewed again, to make note of it to discuss further at the next MCW meeting.

Follow Up: Update and revise MC templates to be uniform and send to the January 2024 ICC meeting for consideration and approval.

Roberson also led the discussion regarding the possibility of updating MC definitions and a clear explanation of the process, which would be included in the handbook being developed for the MCW.

V. Spring 2024 Meeting Dates/Times
The MCW Committee decided upon the following dates and times for the upcoming meetings for spring semester:

- January 22nd 10:30am – 12pm

- March 11th 10:30am – 12pm
- April 8th 12pm – 1pm
- May 13th 10:30am – 12pm

VII. Future Agenda Items
1. Updating MC templates and competencies
2. MC discipline review proposals
3. Discuss and define/redefine MC review process

VIII. Adjournment
Noncredit, Pre-Transfer, & Continuing Education Committee
September 9, 2023

MINUTES

Attendees: Leticia Barajas, Stephanie Curry, Dr. Kim Dieu, Mary Margarita Legner, Wendy Holmes, Farrah Nakatani, Juan Pablo Sanchez, Joshua Scott, Dr. Kimberley H. Stiemke

I. Call to Order, Roll Call, and Approval of the Agenda

The meeting was called to order at 9:31, attendance was taken and the agenda was approved by consensus.

II. Welcome and Introductions

Chair welcomed everyone to the committee and committee members introduced themselves, their college, position and responded to an icebreaker filling in the phrase “Just because I’m ___ doesn’t mean I’m that ___”.

III. Committee Charge

The committee reviewed the charge of the committee and discussed the holistic framework of the committee charge and the historical perspective of the name of the committee. Recommended opportunity to reflect on the name of committee and its purpose in the current environment. Perhaps need to add a focus on skills refreshment or enhancement with students in the field and with industry partnerships. Discussion on the language around the term noncredit.

The Academic Senate Committee on Noncredit, Pre-Transfer, & Continuing Education gathers information on best practices in providing equitable and accessible instruction and support services to students who are engaged in extended learning, which includes transitioning to post-secondary education, including support for pre-transfer pathways, workforce success, and/or other skill building opportunities. The Committee conveys this information to the field through breakout sessions at institutes and conferences, workshops, and papers. The Committee will: 1) serve as a resource to the Executive Committee on issues related to instruction, counseling, student services, and program development in noncredit education, pre-transfer pathways, and continuing education, including how they are embedded in institutional initiatives to ensure student success and learning, as well as the role of faculty engaged in this work, as related to governance and local participation in academic and professional activities; and 2) review policies and make recommendations to the Executive Committee. The Association of Community and Continuing Education (ACCE) appoints a member to serve as a liaison to this committee.
IV. Community Agreements and Expectations

Committee members recommended community agreements.

- Be respectful of everyone’s time and voices
- Empathy with communication and listening
- Ask questions be open to questions and be patient
- Be open to discussions and new ideas
- Intentional focus on serving student needs in our communities
- Innovate despite regulations

V. Noncredit Committee End of Year Report 2022-2023

Chair shared the end of year report for the 2022-2023 committee. Discussion included number of meetings, regionals, breakouts, professional development and recommended projects.

VI. Key Projects and Assigned Resolutions

a. Noncredit Tool Kit

The initial work of the tool kit was shared with the committee. Committee members were tasked with reviewing the current draft. A more detailed discussion will be agendized in a future committee meeting.

b. Assigned Resolutions

The committee reviewed current assigned resolutions on the ASCCC website

- 07.01 Fall 2018: Redefine the Faculty Obligation Number to Include Noncredit (In Progress) - Possible Rostrum article.
- 03.06 Spring 2022: Noncredit Spanish Language Course Outlines of Record and Regional Support (Assigned)
- 09.07 Spring 2016: Guidance on Using Noncredit Courses as Prerequisites and Co-requisites for Credit Courses (Assigned)

### Meeting Notes

| Introductions | • Welcome & Introductions  
|              | - All attendees introduced themselves and the role that they fill in the space. |
| Chancellor’s Office Updates | Gina Browne, Assistant Vice Chancellor  
|              | Heather McClanahan, Veterans Program Specialist  
|              | - Heather and Gina provided updates on CCCCO efforts that are being pursued this year. |
| Government Relations Updates | • Justin C. Salenik, Government Relations Analyst  
|              | - Justin advised the group that there are two bills, related to Student Veterans, that are still making their way through the legislative process. |
| Partner Updates | • CSU Office of the Chancellor - Marshall Thomas  
|              | • UC – Tami Thacker, UC Riverside  
|              | • CalVet – Cheryl Iannello, Roberto Herrera, David Lawrence, Shane Ferrebee,  
|              | • MAP Initiative - Terence Nelson, Norco College  
|              | - Each partner representative gave updates on efforts to improve the educational experience of student veterans. For example, Tami (UC) shared that UC Riverside is holding a transfer application workshop for student veterans in September for community college students in Southern region. A date for a northern regional is still be identified, but it is hoped that it will take place this morning or, at the latest, early October.  
|              | - Another important update was delivered by Terence Nelson on the Military Articulation Program (MAP) Initiative. Particularly, Terence reported that there are faculty workgroups that are looking to develop and formalize career pathways for student veterans in several disciplines, such as Administration of Justice, Automotive Technology (ASE Certification), and EMT. These career pathways will look to utilize current MAP articulated courses to help student veterans reduce the time to their educational goal. |
| VRC Minimum Standards | • Updated Summer 2023  
|              | - The CCCCO is nearly complete with the final iteration of this reporting tool. The Veteran Resource Center (VRC) Minimum Standards reporting tool is meant to help VRCs ensure that they are meeting federal and state requirements for the student support services. It is anticipated that the |
reporting tool will be sent out in October to all community college institutions that provide for a VRC.
