ASCCC Executive Committee Agenda Item

Month: August  Year: 2023
SUBJECT: Attendance at the Association of Community College Trustees (ACCT) National Legislative Summit 2024
DESIRED OUTCOME: The Executive Committee will consider for approval travel of the President and Vice President to Washington, D.C. for Federal advocacy visits during the ACCT National Legislative Summit in February 2024.
REQUESTED BY: Aschenbach/Vélez
STAFF REVIEW: Carrillo

BACKGROUND

Each year, the Association of Community College Trustees (ACCT) holds a National Legislative Summit in Washington, D.C. For the past seven years, the Community College League of California (CCLC) has invited the Academic Senate President and Vice President to attend and participate in Federal advocacy visits during the Summit, and the ASCCC has approved that attendance with the provision that the message and talking points from the CCLC and the Chancellor’s Office align with ASCCC priorities. Due to the fact that the trip requires out-of-state travel, Executive Committee approval for the trip is requested.

The 2024 ACCT National Legislative Summit is scheduled for February 4-7, 2024

The Executive Committee is being asked to consider for approval the travel of the President and Vice President to Washington, D.C. for Federal advocacy visits during the ACCT National Legislative Summit in February 2024.

**BACKGROUND**

In Fall 2021, the Executive Committee engaged in activities to develop and ultimately adopt a new set of community norms for the Executive Committee. The norms developed were reviewed and kept for use in 2022-2023. At Orientation June 3-4, 2023, members were encouraged to consider whether the norms needed any updating for 2023-2024. One suggestion that occurred during cultural humility training was to refer to the existing norms as community agreements.

The community agreements, currently called norms, can be found in the front of the Executive Committee agenda.

The Executive Committee is being asked to review and reaffirm, or revise as needed, the ASCCC Executive Committee community agreements, previously called norms.

BACKGROUND

Academic Senate caucuses are intended to serve as groups of independently organized faculty to meet, network, and deliberate collegially to form a collective voice on issues of common concern that caucus members feel are of vital importance to faculty and the success of students as they relate to academic and professional matters.

The Academic Senate has received an application to start an Articulation and Transfer Caucus. The purpose of the caucus is to:

The proposed Articulation and Transfer Caucus will serve as a space for faculty to discuss the transfer and articulation impact of pending or passed legislation and regulations. Through these conversations, members will discuss how to voice the caucus’ concerns to constituent groups, i.e. through resolutions, rostrum articles, etc. The Articulation and Transfer Caucus will serve to advise the ASCCC on how legislation, regulations, and resolutions may impact student transfer, and on community college policies and procedures related to academic and professional matters, including curriculum, educational program development, degree and certificate requirements, graduation requirements, and student preparation and success.

On the linked ASCCC Caucus page “Caucuses should be formed around broad issues of ongoing concern rather than single or short-term issues. In particular, there should be a clear connection to academic and professional matters as established in Title 5 and Education Code. Caucuses should be formed to focus on issues across the entire California community college system not just the specific needs or desires of a particular college or district.”
Academic Senate for California Community Colleges

Recognition of Caucus Application

Academic Senate caucuses are intended to serve as groups of independently organized faculty to meet, network, and deliberate collegially in order to form a collective voice on issues of common concern that caucus members feel are of vital importance to faculty and the success of students as they relate to academic and professional matters.

Please be advised of the following approval process [approximately two (2) months]:

1) Submit this form to the ASCCC Office.
2) After the submission of this application form you will be contacted by the Executive Director of the ASCCC notifying you of any problems with your application and when your application will be forwarded.
3) Your application will then be forwarded to the ASCCC Executive Committee for approval (requiring a simple majority vote) at their next regularly scheduled meeting.

BACKGROUND

Following ASCCC spring elections, Executive Committee members are assigned to chair ASCCC standing committees as well as taskforces and workgroups, if any. Following those appointments, the committee chairs, in consultation with their 2nd chairs, make recommendations to the President for committee membership from faculty who have submitted the Application to Volunteer for State-wide Service. In late spring, communications were sent via ASCCC listservs, caucus leaders, and to organizations serving racially and ethnically diverse faculty and students encouraging faculty to complete the application. The President in consultation with the Executive Director appoints members to committees subject to the approval of the Executive Committee (ASCCC Bylaws Article 5, Section 1).

In selecting committee membership for consideration, the following self-identified areas are considered: discipline, college, FT/PT, ethnicity, gender/gender identity, sexual orientation, disability, and other information provided by applicants. In response to Resolution F21 01.04, committee membership limits were increased from 6 to 8 members for most committees. Additionally, committee chairs may request to increase committee membership with an agreement to meet entirely via Zoom rather than holding up to two meetings a year in person.

The President and Interim Executive Director shared the spreadsheet of tentative appointments with Executive Committee members. Time for response from individual Executive Committee members was provided; any resulting adjustments made will be shared prior to Exec Committee action on this item. The document under consideration includes the proposed committee appointments. To protect the privacy of applicants, only the following information is included: name, discipline, college, FT/PT. All other information is used in committee membership data analysis and is not made public.

ACTION: The Executive Committee will consider for approval the list of ASCCC Standing Committee Membership.

### BACKGROUND

The Executive Committee is being asked to approve a program structure, discuss the process for determining a theme, and begin planning for the 2023 Fall Plenary Session, to be held November 16-18 at the Westin South Coast Plaza, Costa Mesa. Registration and event info [here](#).

During Fall 2022 and Spring 2023 Plenary Sessions, virtual attendees had access to all general sessions, virtual breakout sessions (added for Spring 2023), and Saturday resolutions voting. In person breakout sessions were held for in person attendees only due to the prohibitive cost of holding hybrid/hyflex breakout sessions. The Executive Committee is asked to consider a similar structure for the 2023 Fall Plenary Session.

Further, for Fall 2022 and Spring 2023 Plenary Sessions, Executive Committee members contributed event theme ideas, with the total number of themes being reduced through polling and final selection at the September Exec Committee meeting. The Executive Committee is asked to consider utilizing a similar process for 2023 Fall Plenary Session theme selection.

BACKGROUND

Annually the Academic Senate for California Community Colleges calls for nominations for one of the two faculty seats on the Board of Governors. Candidates for nomination submit an online application, statement of intent, current resumé outlining relevant professional activities, and the letter of local senate endorsement, if applicable. Nominees are then selected and interviewed by the Executive Committee at its September Executive Committee meeting.

The process is outlined as follows:

July: The Senate Office will screen the applications for completeness. Incomplete applications will not be considered. Applicants whose applications are deemed incomplete will be notified and be invited to apply again in the future.

August: The President of the Academic Senate shall present draft interview questions for review and possible revision by the Executive Committee. To preserve the confidentiality of the process and to ensure fairness to nominees, the review and revision of the interview questions will be conducted in closed session. The Officers and Executive Director will then screen the applications based on the required and desirable qualifications and determine the candidates for nomination to be interviewed by the Executive Committee.

September: All candidates, including sitting Board of Governors members, shall be interviewed by the Executive Committee to be considered for nomination to the Governor.

The Executive Committee is being asked to review and potentially revise the questions for the Board of Governors interview.

SUBJECT: ASCCC Event Planning Procedures, Guidelines and Travel
DESIRED OUTCOME: The Executive Committee will review the expectations and guidelines for planning and attending all ASCCC events and institutes.

BACKGROUND

As part of the ongoing Executive Committee orientation and training, the Interim Executive Director, in collaboration with the events team, would like to provide the Executive Committee with expectations for planning, travel, participation, presentations, and moderation at ASCCC events.

The success of each ASCCC event is determined by the planning process and organization. The Committee Chairs and Executive Committee are responsible for program development while the ASCCC Events team is responsible for ensuring that the execution of the event creates a successful and memorable experience for the attendees. Each year, the Executive Director, in collaboration with the events team, holds an Event Committee meeting with the Chairs of each program. This meeting will take place in September 2023 (meeting dates to follow). During the September 2023 meeting, the ASCCC Events team will provide the Chairs with a link to the Events LiveBinder that will include hotel contracts, budgets, committee chair contacts, and deadlines expected for each event.
ASCCC Committee Chairs
Role in Planning for Events/Institutes and Other Information

Programming: The Chair’s role in the programming of the event is critical, as the committee, led by the chair, drafts and pulls together the content of the event. The chair will work with the committee to come up with a theme for the event, which is presented to the Executive Committee as a recommendation, typically with an outline of the program. Following the theme and outline approval by the Executive Committee, the chair will go back to the committee to develop the first draft of the program. The first draft that will be submitted to the Executive Committee for review need only include the breakout titles; descriptions are not necessary in the first draft. It is important for the chair to review the contract for the event space, as the breakout sessions and general sessions will need to be in line with the space we have available. If there is something new that the committee would like to see happen, please work with the executive director and Events Team to ensure we can support the change.

Prior to submitting the second and final draft of the program, the chair will submit to the president and executive director the list of all presenters for approval. All committee members are approved for participating in the event that their committee is putting together. The second draft of the program will be the final version of the program recommended to the Executive Committee and should be as complete as possible (breakout descriptions, proposed presenters, timing, etc). Once the program is approved, it is submitted for final review and approval by the president and executive director. The final program will be shared with all presenters confirming their participation. The executive director will work with the Office Team to produce a print and online version of the program.

Registration: Chairs should work with their committee members to get them registered for the event. The ASCCC will cover registration, travel, and accommodations for committee members and Executive Committee members presenting at the event. All presenters must complete the online Presenter Registration through Eventbrite so we have accurate information. All committee chairs will be provided a presenter registration link and promo code, if applicable. In the hybrid format, chairs should communicate to the Events Team which presenters will be attending virtually or in-person so that we have accurate counts for the hotel. This is critical as attendee counts are used for food orders and spacing consideration.

Travel and Lodging: The ASCCC events team will secure all hotel accommodations for committee members. Our aim is to have all committee members arrive the morning of the first day of the event. If your circumstance requires you to arrive at the hosting hotel on an earlier date, you must receive prior approval from the President or Executive Director. If assistance with travel is requested, committee members must complete the online travel request form. The ASCCC office will contact committee members with flight information. The office asks for at least a two-week notification for requests with all flight arrangements. If committee members are flying to the location of the event, and there are no feasible direct flight options that morning, ASCCC will schedule flights to arrive the night before and secure a room. If the committee member is driving to the event location, ASCCC will reserve a room the night before if both of the following apply:

- The event starts before 10:00 AM, and
- It takes longer than an hour to drive from home to the location of the meeting.

If both of these do not apply, then we will expect the committee member to arrive the morning of the first day of the event. Exceptions to these travel protocols are subject to approval by the Executive Director and President.
**What to Bring:** It is important that chairs help communicate to their committee what the ASCCC Office is able to provide. The ASCCC does not provide laptops for presentations, unless a special need arises. We do have two loaner laptops that must be reserved ahead of time. We recommend that all presenters make arrangements to bring their own laptops and adapters to use with presentations and be prepared to run PowerPoint presentations. If PowerPoint presentations include videos or hyperlinks, it is the responsibility of the presenter to alert the moderator for that session prior to the event so moderators can effectively support the presenter with their presentations.

The ASCCC events team will provide presenters with projector’s, flip charts, or other audio visuals. Please refer to the event checklist for deadlines of event requests. Presenters will be provided with a name badge and program upon institute check-in. Materials will not be provided unless the presenter has registered for the remainder of the institute. All materials will be posted on the ASCCC website prior to and following the institute.

**Presenter training (Hybrid/Virtual Events):** It is important that all presenters understand how to use the technology platform that will be utilized for the event. The chair of the committee has the important role of helping facilitate this by ensuring the committee members and any external presenters are aware of the live presenter training sessions available, which are typically scheduled 2-3 weeks before the Event begins. The presenter training session is a mandatory training and presenters must have participated in at least 1 training session prior to the start of the Institute (it doesn’t have to be that one if the presenter is a repeat presenter). Training sessions are intended to guide presenters through the virtual event platform and to address any questions they may have prior to the Event.

**Presentation Materials and Accessibility:** Part of ASCCC’s commitment to inclusion and accessibility is requiring accessible resources, such as PowerPoints and documents, to be made available to our attendees. Presentations and materials should always be sent to eventmaterials@asccc.org. If you need assistance with making your presentations accessible, please email eventmaterials@asccc.org as soon as possible so we can work with you. We will also provide PowerPoint Presentation Templates and Zoom backgrounds for you to use with your presentations. The ASCCC events team will provide the event's material deadline to all Committee-chair and presenters.

**Day of the Event:** The committee chair along with the president will typically do a brief welcome to kick off the event. In addition to this, the chair is encouraged to be present at the registration table to help greet attendees. The chair may also assign tasks to other committee members (we’ve seen this done typically in the form of hosting informal networking sessions). Executive Committee members participating in the event are also asked to help out as needed during the event. If an issue arises, the chair should communicate with the executive director, president, or the Director of Administration so we may problem solve as needed.

SUBJECT: Proposed ASCCC 2023 Fall Plenary Session Resolutions Timeline and Procedures

DESIRED OUTCOME: The Executive Committee will discuss the resolutions process and procedures for the 2023 Fall Plenary Session.

STAFF REVIEW: Carrillo

Item No: IV.D.

Urgent: Yes
Time Requested: 30 min

Please note: Staff will complete the grey areas. Staff will review your item and provide additional resources to inform the Executive Committee discussion.

BACKGROUND

ASCCC Resolutions committee chairs will present a review of the resolutions process and procedures, including the proposed timeline, for the 2023 ASCCC Fall Plenary Session. All resolutions are to be submitted to resolutions@asccc.org. During Plenary Session the delegate seconders information, including name, college, and email address, are to be submitted along with the resolution/amendment, in place of the signature form.

Fall 2023 Resolutions Timeline

- Sep 20: Proposed pre-session resolutions from the Executive Committee and ASCCC Committees are due via resolutions@asccc.org
  - Sep 26: Oct agenda items due
  - Oct 3: 10 days ahead of Oct Exec meeting (agenda sent out by then)
- Oct 13: Draft pre-session resolutions packet reviewed by Executive Committee at Oct meeting
- Oct 20: Pre-session resolutions packet sent to the field (1 week before area meetings)
- Oct 27/28: Area meeting resolutions due from contacts/area reps within 24 hours of each area meeting (3 weeks before plenary)
- Nov 2: Plenary Resolutions packet sent to the field (2 weeks before first day of plenary)
- Nov 13: Delegate certification/release forms due to ASCCC via events@asccc.org (Mon before plenary)
- Nov 16 1:00pm: New resolutions and amendments due (Thu of Plenary)
  - Note: due by 2:45pm at Spring 2023 and 1:30pm at Fall 2022 plenary sessions
- Nov 17 1:00pm: Amendments and urgent resolutions due (Fri of Plenary)
  - Note: due by 1:00pm at Spring 2023 and 1:00pm at Fall 2022 plenary sessions

Other items for consideration:

How do we want to proceed long term? When completely virtual the process was quite a bit different with early deadlines so things set largely (if not entirely) before Plenary Session.
BACKGROUND

The Guidelines for Committees document in the Exec Livebinder establishes that committee tasks and responsibilities originate from the following places:

- Fall and spring plenary session resolutions which are assigned by the Executive Committee to a specific committee, group, or individuals responsible for providing a response
- Directive of the President or the Executive Committee, including for efforts relative to statewide initiatives
- Decision of the committee, subject to approval of the Executive Committee
- Breakout presentations at fall and spring plenary sessions

Previously, a spreadsheet was used to track resolutions assigned to each committee, and committee chairs were tasked with updating the status of each resolution, including updates about how the resolved statements were being addressed. At the end of the year, committee chairs also complete an End of Year report for each committee, which includes a summary of actions taken relative to resolutions and other committee work. Separately, the information needs to be updated on the ASCCC website so that progress on resolutions is available to the public.

In Fall 2022, the Executive Committee discussed tracking resolutions in a way that eliminates redundancy. This involves sorting, prioritizing, and updating the status of resolutions directly on the website.

The Executive Committee will review together the process for searching and sorting resolutions assigned to each committee, setting a priority to the resolution, and updating the status of assigned resolutions.

9. BDP Research Update (Hai Hoang)

Hai provided the following updates regarding: the Employment Survey and the Summer Plan.

1. Employment Survey: Hai Hoang reported that they received over 100 responses for the employment survey, which was lower than the previous year's response rate of around 200. He requested input from members on potential reasons for the decline in responses. Some possible factors discussed were the survey's length, increased ambition in the survey's content, and the transition from a pilot program to a permanent one. Members suggested clearer communication about the targeted students and when to send out the survey. It was decided to close the survey, analyze the data, and plan improvements for the next year.

2. Summer Plan: Hai Hoang presented their plan for the summer, acknowledging that his workload has changed significantly and requires adjustments to the existing evaluation process. He outlined his intentions to collaborate with the colleges to develop a more sustainable structure to support the program. Tony Cordova offered assistance from Bakersfield and shared plans to recruit more help for the growing demand.
The UC partnership was mentioned briefly, with ongoing interviews being conducted to explore opportunities for support.

The discussion concluded with a focus on collaboration and sustainability to meet the program's expanding needs and effectively support students.

10. Library Enhancements (Connie Renda)
   Connie Renda inquired about the ACCJC requirement to spend $10,000 for library resources. The topic will be revisited.

11. Northern California BDP Workshop (Location, Dates, times)

12. Steering Committee Elections: Secretary and Vice Chair
   Tony reported Robert Cabral was nominated for Vice Chair and Shelly Hess was nominated for Secretary.

   Tony also reported that the BDP (Bachelor's Degree Program) should focus on developing succession planning. He emphasized the importance of mentoring someone within the group to encourage active engagement and participation. Shelly has offered to mentor anyone who is interested. The goal is to ensure a smooth transition of responsibilities and to foster a more active and involved team dynamic.

13. Other
   The discussion revolved around two main topics: organizational chart and collaborative partnerships.

1. Organizational Chart: Tony Cordova shared the formal BDP organizational chart the BDP. It is used as the foundation to identify representatives and develop the agendas for the meetings. Tony explained as the BDP continues to expand and additional colleges/programs come on board, we may want to consider institutionalizing the chart and incorporating it into bylaws. Terms for executive leadership were also proposed to ensure a smooth transition of responsibilities.

   Carrie Roberson provided insights on bylaws, emphasizing that they should set foundational pieces and not change frequently. She offered her expertise on developing the bylaws and advised on defining membership and responsibilities within the chart.

   Funding streams were also discussed, with Tony mentioning the need to explore revenue
generation and potential funding through the Chancellor's office foundation.

a. Collaborative Partnerships

The focus then shifted to building collaborative partnerships. The group aimed to increase partnerships with the Chancellor's office and other entities to support and advocate for the program's growth and success. Tony expressed a desire to officially establish these partnerships and increase advocacy efforts.

The meeting concluded with Tony acknowledging that some participants had dropped off and noted that the topics would be continued in future meetings.

- 4 of the colleges:
  - already received approval from ACCJC
  - preparing applications to the US Dept of Ed

- $500,000 grants to colleges for designing, developing and implementing programs, tied to milestones
- Currently gathering feedback on a draft funding method
- Pay based on competencies mastered rather than on attendance represents a major cultural shift, with many logistical implications
- Potential to transform the system

Next time: Why a new funding method for CBE?

Direct Assessment competency-based education:

• Bases student progress and the awarding of credit on students’ demonstration of competency through their performance on summative assessments.
• Does not rely on enrollment in courses, attendance or seat time as proxies for learning.
• Promotes equity and opportunity by ensuring that:
  • Competencies are tied to real-world skills and industry expectations
  • Students have the flexibility and support they need to succeed.

A funding method based on attendance alone is not appropriate for DA CBE.
Thank you!

§ 55060. Philosophy and Criteria for the Associate Degree and General Education

(a) District governing boards shall adopt and maintain a policy that states their goals for offering associate degrees and their specific philosophy on general education. In developing this policy, governing boards shall consider the following policy of the Board of Governors:

The Associate Degree provides a framework within which students complete patterns of learning experiences designed to develop capabilities and insights to support their academic and career goals. Among these capabilities and insights are competencies that are germane to all aspects of higher education and comprise a “general education” curriculum, such as the ability to think critically and to communicate clearly and effectively both orally and in writing, to use mathematics, understand the modes of inquiry of the major disciplines, to be aware of other cultures and times, to achieve insights gained through experience in thinking about ethical problems, and to develop the capacity for self-understanding.

Furthermore, general education introduces students to the variety of means through which people comprehend the modern world. It reflects the conviction of colleges that those who receive their degrees must have mastered principles, concepts, and methodologies both unique to and shared by the various disciplines. A general education program should create coherence and integration among the separate requirements and involve students actively in examining values inherent in proposed solutions to major social problems.

(b) District governing boards shall establish criteria to determine which courses may be used to implement their goals for the associate degree and their philosophy of general education.

§ 55061. Associate Degree Course Requirements

District governing boards may only approve associate degrees that meet the following course requirements:

(a) A minimum of 60 semester units (90 quarter units) of degree-applicable lower division credit courses, including courses that apply to the major or area of emphasis in career technical fields and courses in composition, reading, and mathematics not more than one level below transfer. Below transfer level course requirements must align with Education Code section 78213.

(b) A minimum of 18 semester units (27 quarter units) of focused study in a major or interdisciplinary area of emphasis.
(1) A “major” is a focused program of study within a specific discipline, which may include some coursework outside the primary discipline. Programs designed to provide transfer preparation must be designed to meet specific lower-division requirements in comparable baccalaureate majors.

(2) An “area of emphasis” is an interdisciplinary program of study encompassing a broad range of courses from multiple related academic disciplines, providing the student with an academic pathway broader than a specific major but more focused than general education.

(c) A minimum of 21 semester units (28 – 31.5 quarter units) of general education in the areas described below.

(1) English Composition, Oral Communication, and Critical Thinking (minimum of 6 semester/8 quarter units) including:

   (A) English Composition (minimum of 3 semester/4 quarter units). Courses fulfilling this requirement must be baccalaureate-level and include expository and argumentative writing.

   (B) Oral Communication and Critical Thinking (minimum of 3 semester / 4 quarter units). Courses fulfilling this requirement must be baccalaureate-level and may include oral communication and critical thinking courses.

(2) Mathematical Concepts and Quantitative Reasoning (minimum of 3 semester / 4 quarter units). Courses fulfilling this requirement must be at least college-level and may include mathematics or quantitative reasoning courses, including logic, statistics, computer languages, and related disciplines.

(3) Arts and Humanities (minimum of 3 semester / 4 quarter units). Courses in the humanities study the cultural activities and artistic expressions of human beings. Such courses develop students’ awareness of how people throughout the ages and in different cultures respond to themselves and the world around them in artistic and cultural creation, and develop students’ aesthetic understandings and abilities to make value judgments. Courses fulfilling this requirement may include introductory or integrative baccalaureate-level courses in the visual and performing arts, art history, foreign languages, literature, philosophy, religion, and related disciplines.

(4) Social and Behavioral Sciences (minimum of 3 semester / 4 quarter units). Courses in the social and behavioral sciences focus on people as members of society and develop awareness of the methods of inquiry used by the social and behavioral sciences. They stimulate critical thinking about how people act and have acted in response to their societies and promote appreciation of how societies and social subgroups operate. Courses fulfilling this requirement may include introductory or integrative baccalaureate-level courses in cultural anthropology, cultural geography, economics, history, political science, psychology, sociology, and related disciplines.

(5) Natural Sciences (minimum of 3 semester / 4 quarter units). Courses in the natural sciences examine the physical universe, its life forms, and its natural phenomena, helping students...
appreciate and understand the scientific method and the relationships between science and other human activities. Courses fulfilling this requirement may include introductory or integrative baccalaureate-level courses in astronomy, biology, chemistry, general physical science, geology, meteorology, oceanography, physical geography, physical anthropology, physics, and other scientific disciplines.

(6) Ethnic Studies (minimum of 3 semester / 4 quarter units). Courses fulfilling this requirement may include introductory or integrative baccalaureate-level courses in Ethnic Studies, African American Studies, Native American Studies, Chicano/a/x and Latino/a/x Studies, Asian American Studies, and related areas of study.

(4) Completion of the requirements for the associate degree with a minimum cumulative grade point average of 2.0 in the degree-applicable courses. If units accumulated beyond those required for the degree lower a student's cumulative grade point average below 2.0, colleges shall compute the grade point average based solely on those courses used to satisfy the degree requirements, provided that the coursework used to compute the grade point average fulfill all major/area of emphasis and general education requirements

(b) Courses that meet or exceed the standards of the California Community Colleges completed at other institutionally accredited institutions shall be counted toward associate degree unit requirements.

(c) Courses may meet multiple requirements, including general education, a major or area of emphasis, and additional requirements stated in section 55061 when courses are locally approved to meet multiple requirements. However, one course may not be counted in more than one general education area, even if the course is approved in multiple general education areas. Students may use the same course to meet a local general education requirement and to satisfy a general education requirement at the California State University or the University of California if that segment accepts the course for this purpose.
(d) Students may receive credit for knowledge or skills acquired through a district’s procedures for awarding credit for prior learning.

(e) Students who have been awarded a bachelor’s degree from an institutionally accredited institution shall be deemed to have fulfilled the general education course requirements for the associate degree.

(f) The governing board of each community college district shall establish procedures by which a student may petition to have completion of a noncredit course counted toward satisfaction of the requirements for an associate degree.
