

Hello CTE Liaisons- Hope it is a terrific Fall 2019!

The 2019-2020 ASCCC CTE Leadership committee is getting efforts underway to support local CTE faculty and provide support for local CTE Liaisons through various modalities...we appreciate your commitment to CTE at your local campus! This memo is intended to provide information and resources for CTE Liaisons and Academic Senates; looking forward to what is ahead!

### **LIAISON INFO:**

As a response to the needs of the field, the Academic Senate for California Community Colleges passed resolutions in spring 2015 to identify faculty liaison positions for CTE, legislative, and noncredit issues. Each liaison has a designated role and identified expectations, outlined on the ASCCC Liaison page. Specific information on the role of the CTE Faculty Liaison can be accessed on the ASCCC page.

There are two most basic expectations for the CTE Faculty liaison:

- Sign up for the ASCCC CTE listserv: [CTELiaison@listserv.cccnext.net](mailto:CTELiaison@listserv.cccnext.net)

- \*Anyone can sign up for these CTE Liaison memos and you may want to include members of your academic senates and governance committees.

- Communicate with their local senate, local campus CTE faculty, and noncredit faculty regarding statewide CTE conversations relevant to his/her college.

[ASCCC Career and Noncredit Education Institute:](#) ASCCC Career and Technical Education (CTE) Leadership and Noncredit Committees are pleased to announce the 2020 Career and Noncredit Institute designed for all career and noncredit faculty, ASCCC Liaisons, academic senates, student services professionals, administrators, and system partners. **Save the Date:** April 30<sup>th</sup> – May 2<sup>nd</sup>, 2020!

### **ASCCC Resources:**

[CTE Minimum Qualifications Equivalency Toolkit:](#) The CTE Minimum Qualification Equivalency Tool Kit is to assist Academic Senates, discipline faculty, and colleges in screening for minimum qualifications of potential Career Technical Education (CTE) faculty and in the use of equivalency to determine suitability for employment at community colleges. The intent of this tool kit is to maximize the flexibility currently allowed in the use of equivalency and thus creating a deep, diverse, and qualified pool of industry expert candidates for our CTE programs.

[Local Senate Visits:](#) As part of its commitment to supporting local senates, the Academic Senate for California Community Colleges (ASCCC) provides the opportunities for local senates to have visits from members of the Executive Committee. The purpose of such a visit is for the committee member to serve as a liaison between the ASCCC and the local senate. Our role is to listen to discussions, share resources, and consider questions and concerns. The visit can be with the local senate president, the local executive committee, the entire academic senate, CTE campus leaders, or whatever best supports your local college.

We are here to support you! Local academic senate visit services are included in the membership dues for colleges, therefore there is no additional cost.
