Defining Terms

✓ **Academic Senate or ASCCC** — the Executive Committee and all faculty members that are members of a local academic senate

✓ **Local/Member Senates** — The academic senates at each of the 112 California Community Colleges as well as District senates

✓ **Executive Committee** — Elected leaders of the ASCCC consisting of the president, vice president, secretary, treasurer, four area representatives and six additional members (2 from the north, 2 from the south, and 2 at-large) and the executive director (ex officio)

✓ **Evaluation Domains** — Several categories/areas that describe the work of the ASCCC
The ASCCC is a 501 (c)6 organization, which places responsibilities on the Executive Committee many of which are more similar to local boards of trustees than to local academic senates. For example, the Executive Committee is responsible for the following:

- determining the organization’s mission and purpose
- ensuring effective organizational planning
- monitoring and ensuring adequate resources
- managing and allocating resources effectively
- determining and monitoring the organization’s program and services
- enhancing the organization’s public image
- selecting the executive director and assessing his or her performance
ASCCC Mission Statement

The Academic Senate strengthens and supports the local senates of all California community colleges.
Proposed Evaluation Process: Quick Overview

- ASCCC to be reviewed on a 6-year cycle
- Group of 7 evaluators
- Evaluation domains include the 8 domains from the Code of Ethics Policy 10.00 plus one more on Planning
- Provide evaluators with a set of questions to use in their review of the ASCCC with respect to each domain
- Evaluators are to develop a written report that includes commendations and recommendations
- Recommendations are for the Academic Senate’s consideration
- Assess the process at the end and revise as necessary
The Academic Senate has a clearly stated mission and purpose approved by the delegates. All of its programs support that mission and all who work for or on behalf of the Senate understand and act in accord with that mission and purpose. The mission is responsive to the constituency and communities served by the Academic Senate and of value to the higher education community at large.
Mission Evaluation Domain Questions

✓ Does the ASCCC Exec Committee know if the mission is addressing the needs of its constituent academic senates? Does the ASCCC have a process for making that determination?

✓ Does the mission statement prompt planning and decision making? To what extent is the mission statement central to the choices that the ASCCC makes?

✓ Does the mission statement provide the preconditions for setting organizational goals? Is strategic planning aligned with the mission statement?
The Academic Senate has an active governing body in its Executive Committee that is responsible for setting the mission and strategic direction of the Academic Senate and oversight of the finances, operations and policies.
