## Previous ASCCC Accreditation Institute Marketing Blurbs

### February 21-22, 2020

Join us for a dynamic Accreditation Institute in La Jolla, CA on February 21 and 22, 2020. As all of our colleges navigate the implementation of Guided Pathways, this institute will focus on how the work of Guided Pathways, with a foundation in equity, aligns to the accreditation standards. Guided Pathways and Accreditation both focus on improving systems and systemic assessment. There are significant changes being made at our colleges and at ACCJC that reflect our shared intent to improve our systems. We encourage ALOs, Accreditation and Guided Pathways leads and interested faculty, staff, administration and students to attend. Learn about how the outcomes and dialog produced through transformative Guided Pathways work can provide evidence of how colleges are meeting and/or exceeding the standards through evaluating and improving our institutions with a focus on student

### February 23-24, 2018

Higher education is undergoing many changes such as student placement and assessment processes, increased student services, and even consideration of a guided pathways framework. Likewise, accreditation requirements and practices are undergoing significant change. Accreditation is no longer an event that occurs once every six years to prove compliance; it is a process that requires annual consideration and broad participation to ensure that the education and services provided to our students are of high quality and value to the community and public at large. Whether your college is gathering evidence, in the process of writing an Institutional Self Evaluation Report, or preparing for a comprehensive site visit, the Academic Senate for California Community College's Accreditation

Institute will provide guidance and support. Accreditation is an opportunity to share everything that our colleges do well and to identify areas where improvement can be made. This year's institute, while embracing change, is focused on understanding accreditation so that participants are empowered and energized to take ownership of accreditation. New this year, is a pre-session sponsored by the ACCJC. There will be two trainings: one, a new evaluator training for faculty and the other, new Accreditation Liaison Officer Training.

### **February 17 - 18, 2017**

At our colleges, the work of accreditation never ends. Whether your college is gathering evidence, in the process of writing your Institutional Self Evaluation Report (ISER), or preparing for a comprehensive site visit, the Academic Senate for California Community College's Accreditation Institute will provide guidance and support. Accreditation is an opportunity to share everything that our colleges do well and to identify areas where we can do even better. This year's institute is focused on helping colleges show that they meet standards and to use accreditation to help our colleges achieve excellence.

### **February 19-20, 2016**

Whether your college is gathering evidence, writing the self- evaluation, or preparing for a site visit in spring, the Academic Senate for California Community College's Accreditation Institute will provide guidance and support no matter where you are in the cycle of accreditation. Even colleges that finished a site visit in fall know that accreditation work never really ends. At its core, accreditation is the peer-evaluation process we use to improve the education we offer to individuals in our communities, and we have affirmed our commitment to the spirit of such processes throughout the years.
